Hospital Reproductive Health Services

Hospital name: University of Washington Medical Center

Additional comments; limitations on services; other services (*continued*)

UW Medicine is an integrated health system that includes three hospitals: Harborview Medical Center (Harborview), Valley Medical Center, and University of Washington Medical Center. As an integrated health system, the three hospitals work together to provide access to a full range of reproductive healthcare services to meet a patient's clinical needs and a patient's choice, although not every procedure is available in all three hospitals.
