FPHS GOAL
Full funding and implementation of Foundational Public Health Services (FPHS), statewide.
• Funding that is adequate, dedicated, stable funding that keeps pace with inflation and demand for services
• Implementation that includes system transformation and modernization to deliver services in the most effective, efficient, and equitable manner possible for the funds available.

In Washington
Public Health Advisory Board (PHAB) – The PHAB, established during the 2021 legislative session (RCW 43.70.675), began meeting on March 1, 2022. The law prescribes the representation on this Governor appointed board and directs the PHAB to focus on seven tasks but does not mandate any reports, products or timelines. One of the seven tasks is to evaluate the use of foundational public health services funding by the governmental public health system. More information is available on the PHAB portal – here.
