Department	1610	Newborn Screening	No	N/A	Increase			-	635		Agency and fee	Newborn Screening Program tests
of Health										expenditure in		infants born in Washington for twenty
										Pompe disease	the change	nine disorders and collects \$84.20 per
										and MPIS-I		baby screened. The proposal will
										testing		increase the newborn screening fee
												by \$9.40 effective 10/1/17 from
												\$84.20 to \$93.60 per baby screened.
												Using a formula based on OFM's
												"Components of Population Change:
												2000-2040", the anticipated number
												of infants screened is expected to be
												about 90,000 babies born. The
												estimated revenue is Number of
												births x \$9.40. Revenue at 9 months
												for FY2019
