Purpose: WAC 246-335-510, Definitions - Home Health. The Department of Health (department) adopted amendments to WAC 246-335-510(3) to add physicians assistants to the list of practitioners authorized to order home health services and to sign plans of care.

This rule amendment permanently adopts emergency rule amendments initially filed on June 1, 2020 as WSR 20-12-075 and continued in subsequent emergency rule packages, WSR 20-20-029 and WSR 21-04-059. This change expands health care facilities' ability to provide appropriate care for individuals who no longer need to be in a hospital or other health care facility, while allowing health care facility resources to be used more effectively, facilitating the response to the public health emergency created by the coronavirus disease (COVID-19) pandemic.

The rule amendment is consistent with Section 3708 of H.R. 748 Coronavirus Aid, Relief and Economic Security (CARES) Act, passed in response to the COVID-19 pandemic, and corresponding regulatory changes to 42 CFR 484.2 and 409.43. Amending the department's rules to allow physician assistants to order home health services will not only align department rules with federal regulation, but also allow health care facilities to better respond to the COVID-19 pandemic.
