

PrepMod Use Case Scenarios

What is PrepMod?

PrepMod is a web-based software application that manages key aspects of mass vaccination efforts. Specific features include online consent forms, self-scheduling of appointments, recording and reporting encounters.

Should My Agency Participate?

PrepMod is designed specifically for agencies and organizations that do not have an existing electronic health record (EHR) interface to the Washington State Immunization Information System (WAIS). An approved COVID provider agreement is required for PrepMod providers. If PrepMod meets your needs, on-boarding will need to take place before your agency can electronically share data. While you await on-boarding, you are required to submit [required COVID Vaccine data elements](#) to the WAIS manually. For more information on direct data entry, please view our [training materials portal](#). See the list of items below to determine if PrepMod is right for your agency.

The Department of Health will prioritize agencies that meet the following criteria:

- **Must have COVID Enrollment Application Approved-** All agencies must enroll in the [COVID 19 vaccination program](#).
- **Hosting Mass Vaccination Events-** PrepMod is designed for Mass Vaccination events. Agencies that do not plan on hosting these should consider other reporting options, including direct data entry into the IIS.
- **Do not have existing HL7 interface with WAIS-** Agencies with an existing connection should continue to utilize that as the priority. Again, all agencies that utilize PrepMod will still need to go through an on-boarding process with the IIS.
- **Patient population group have the ability to enroll themselves in clinics-** PrepMod allows people to register in advance for system registered clinics in the future. If this is not applicable for your agency population group or vaccination distribution plan, other reporting options with the IIS may be more efficient.

For agencies that are interested in participating, please forward a designated PrepMod program contact(s) to Prepmod@doh.wa.gov, with **PrepMod Enrollment** in the subject line and the following information:

- Name (designated PrepMod coordinator for your local health jurisdiction)
- Job title
- Agency (as entered in REDCap Survey)
- REDCap # (if available)
- Agency Address
- Primary Cell Phone Number
- Work e-mail address

If you have additional questions, please send an email to Prepmod@doh.wa.gov with **PrepMod Question** in the subject line.
