

# PrepMod: Washington State's Mass Vaccination System

## PrepMod Users vs Clinical Staff

### PrepMod Users

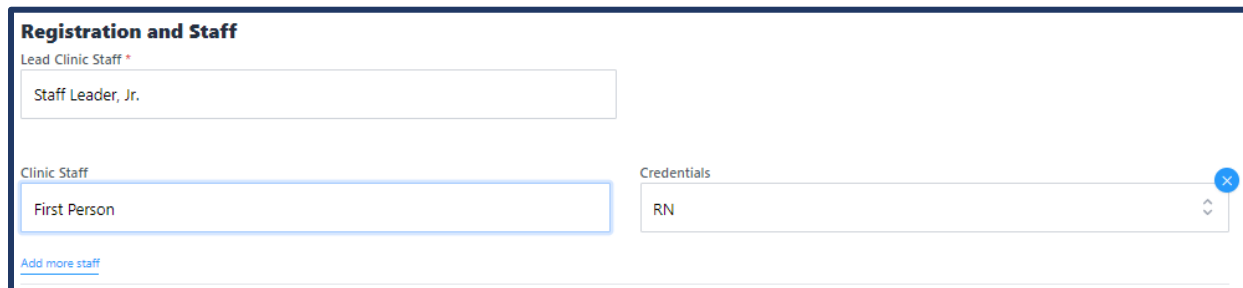

PrepMod users include both clinical and administrative staff, or anyone who uses PrepMod. Enter user's information on the Users tab of the PrepMod main screen.

The screenshot shows the PrepMod web application interface. At the top, there are logos for PrepMod and the Washington State Department of Health. A navigation bar contains several tabs, with 'Users' highlighted. Below the navigation bar, the 'Users' section is displayed. It includes a '+ Create New User' button and an 'Export' button. There are search and filter fields: 'Search by name or email', a role dropdown menu ('-- Select Role --'), a user type dropdown menu ('Select user type'), a county/jurisdiction dropdown menu ('Select County/Jurisdiction'), and two 'Select an Option' dropdown menus. A 'Search' button and a 'Reset' button are also present. At the bottom, a table header is visible with columns for 'Name', 'Email', 'Role', 'Counties/Jurisdictions', and 'Actions'.

### Clinical Staff

Clinical staff are staff with credentials (like Registered Nurses, Medical Doctors, etc.) who administer the vaccine. They may or may not also be a PrepMod user. Enter information for clinical staff when you create a clinic/vaccination event.

The screenshot shows the 'Registration and Staff' form. It has a title 'Registration and Staff' and a sub-section 'Lead Clinic Staff \*'. There is a text input field for 'Staff Leader, Jr.' with the value 'Staff Leader, Jr.'. Below this, there is a 'Clinic Staff' section with a text input field for 'First Person' with the value 'First Person'. To the right of this is a 'Credentials' dropdown menu with the value 'RN'. There is a blue 'x' icon in the top right corner of the credentials field. At the bottom left, there is a link 'Add more staff'.
