COVID-19 Vaccine Implementation Collaborative

Land Acknowledgment

Welcome to the Washington State Department of Health. We start today with a land acknowledgement. We are meeting virtually from all over, but our physical offices are located in Tumwater, on the traditional territories of the Coast Salish people, specifically the Nisqually and Squaxin Island peoples. Tumwater and the South Puget Sound region are covered by the Treaty of Medicine Creek, signed under duress in 1854. The employees of the State of Washington are guided by the **Centennial Accord and chapter 43.376 RCW** – respecting and affirming tribal sovereignty and working with our tribal governments throughout the state in government-to-government partnership.

Today's Agenda

1. Setting and holding space 4:05 - 4:15
2. Community Relations Briefing & Conversation 4:15 – 4:50
 1. PhaseFinder
 2. Johnson & Johnson Vaccine 
 3. Race & ethnicity data
 4. Vaccine equity strategies
3. Feedback Session 4:50 – 5:25
 1. Vaccine access for people with disabilities 
4. Closing remarks 5:25 - 5:30

Setting & Holding Space

4:05-4:15

Community Agreements

- Transparency
- Respect
- Take space, make space
- Grace
- Confidentiality
- Take care of yourselves and others

... What else?

Community Relations Briefing & Conversation

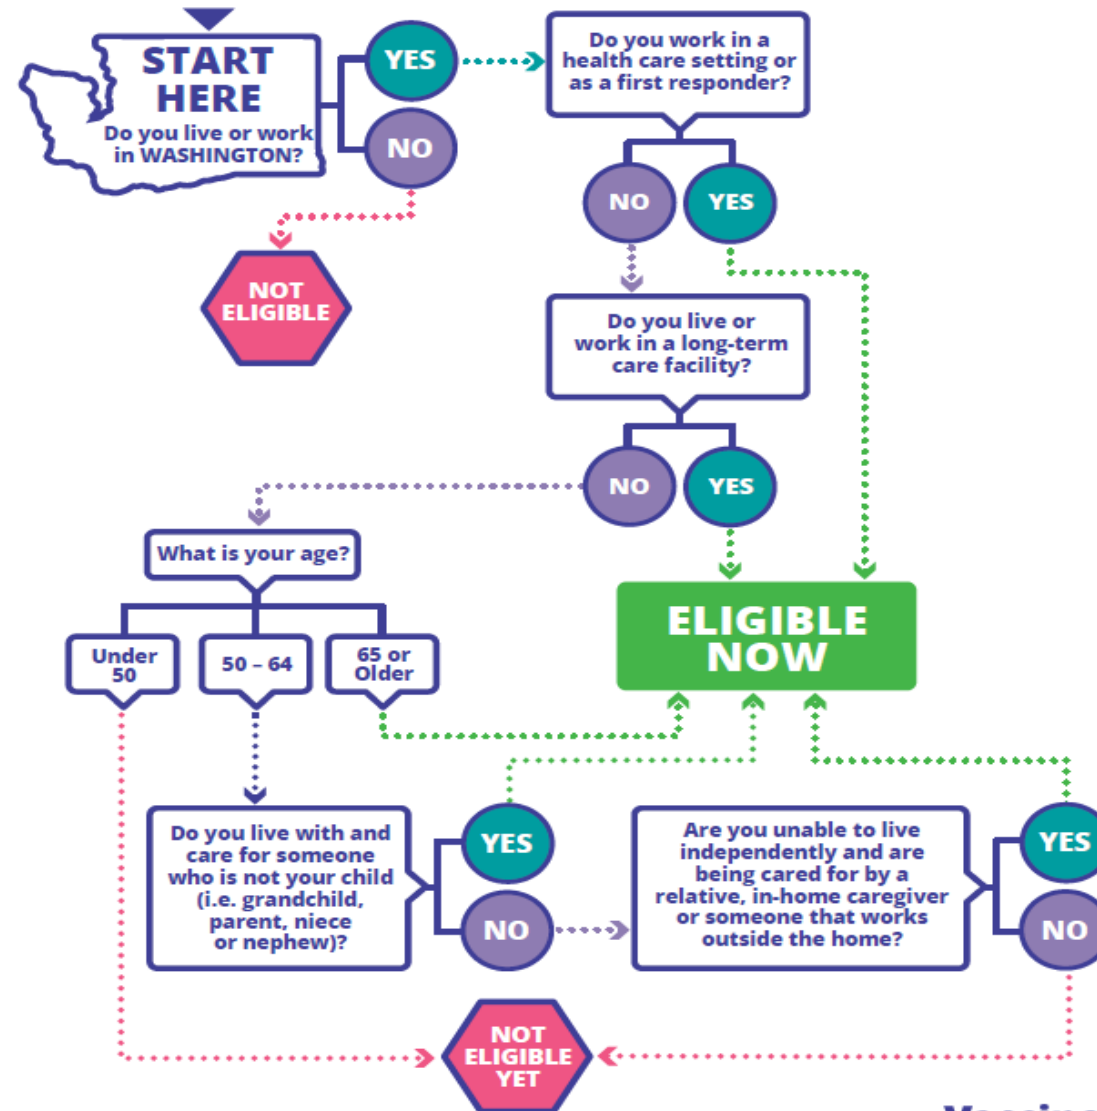

4:15-4:50

Johnson & Johnson Vaccine

1. What have you heard about the Johnson & Johnson Vaccine?
2. What questions do you have about it?
3. What do you want us to consider as we're planning the roll-out of this vaccine (assuming it is approved)?

Race & Ethnicity Data

Figure 1: Race/Ethnicity of Vaccinated Individuals, Compared to Washington Population

[COVID-19 Vaccination Coverage by Race and Ethnicity and Age in Washington State \(PDF\)](#)

DOH COVID-19 CURRENT VACCINE EQUITY STRATEGIES

1. Engage communities to inform vaccine prioritization and planning
- ★ 2. **Integrate a pro-equity approach into vaccine allocation and distribution**
- ★ 3. **Prioritize allocation and support to providers who effectively serve disproportionately impacted communities**
4. Invest in trusted community leaders, messengers and organizations
5. Ensure all communications, education and outreach efforts are culturally and linguistically appropriate and accessible
6. Strengthen the public health system's ability to center communities in vaccine outreach and access
7. Foster opportunities for collaboration
8. Support a trauma-informed approach to vaccine conversations

Feedback Session

4:50-5:25

Discussion: Vaccine access for people with disabilities

- ASL Interpreters
- Caregivers, personal care providers, aides
- People and staff in disability group homes

Discussion: Vaccine access for people with disabilities
