Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The current fee rule includes both the examination fee and the application fee as a single combined amount. The proposed rule sets an application fee only because the program will no longer be administering the examination (or re-examinations) as of October 2017. The proposed rule also includes minor clarifications and formatting changes for easier readability.

Reasons supporting proposal:

RCW 43.70.250 requires the cost of each licensing program to be fully borne by the profession's members and licensing fees to be based on licensure costs. The proposed fees will better align revenue with program expenses and enable reserves to be maintained should unanticipated events occur, such as increased disciplinary costs.

Statutory authority for adoption:

RCW 43.70.250 and 43.70.280

Statute being implemented:

RCW 43.70.250 and 43.70.280
