

Matrix of Changes – as of October 30, 2020

General edits made throughout the chapter:

1. Edits to align WAC convention to the DOH style guide (example: the use of shall/must)
2. Removed unnecessary repeated requirements to follow general licensing WACs.
3. Made language clearer and more concise wherever possible
4. Changed CDP to SUDP
5. Removed the ASAM levels (example: ASAM 3.1) and instead described the service using the ASAM description language.

WAC Title	Proposed change
Chapter title: Behavioral Health Services Administrative Requirements	<ul style="list-style-type: none"> • Proposed new chapter title: Behavioral Health Licensing and Certification Requirements
246-341-0100 Behavioral health services-- Purpose and scope	<ul style="list-style-type: none"> • Made language clearer and more concise

WAC Title	Proposed change
	<ul style="list-style-type: none"> • Clarified the definition of Mental Health Professional to allow the professions licensed by the department listed under (a) and (b) to automatically be considered a Mental Health Professional without the need of additional designation by the department or agency. • Updated outdated terminology from Chemical Dependency Professional to Substance Use Disorder Professional. • Updated other definitions to better align with statutory descriptions or definitions.
<p>246-341-0300 Agency licensure and certification—General information.</p>	<ul style="list-style-type: none"> • Consolidated licensing process from other WACs into this one to clarify, simplify, and to mirror other licensing rules. • Moved much of this language from other sections; combined all licensing requirements in one place, and moved deeming information to the Deeming section. • Simplified exemption language to match all facility licensing WACs, giving providers the ability to ask for another means of compliance and moved to new section 246-341-0302. • Broadened who signs application from “administrator” to “designated official” to match other WAC • Added the ability for multiple buildings on a single campus to be licensed under the same BHA license which aligns with RTF rules • Added the ability for a hospital operating BHAs in multiple buildings to have a single BHA license if those buildings all fall under the single hospital license. • Removed administrator background check requirement for change of location if administrator remains the same. • Removed requirements for background check for owner and aligned the paperwork requirement for background check for administrator with other DOH facility WAC • Clarified that services may be provided outside of the facility itself. • Clarified what policies and procedures are required. • Removed requirement for current RTF certificate; it is redundant.

Matrix of Changes – as of October 30, 2020

WAC Title	Proposed change
	<ul style="list-style-type: none"> • Changed requirement for the department’s initial “on-site” review to instead be “a policy and procedure and personnel record review”; allows the option of this first review of an agency that occurs before clients are accepted to be conducted remotely if the department chooses. • Moved language from 246-341-0330 about the 12 month effective date of the license for simplification • Removed the requirement for name and credentials of each staff member when adding a new service since this is not required for other applications. • Reduced requirement for full license application for a change in location to instead be an abbreviated application which does not require submission of administrator background check or policies and procedures if there are no changes. • Clarified that the department shall renew a license if all of the requirements are met and the renewal request is received before the expiration date of agency’s current license.
NEW 246-341-0302 Agency licensure and certification – Exemptions and alternative means or methods	<ul style="list-style-type: none"> • Consolidated and simplified information on how to receive an exemption from WAC and added an option for alternative means or method of compliance.
