Project Description

1. Provide the name and address of the existing facility.

The name of the existing facility related to the project is Fresenius Kidney Care Spokane (“FKC Spokane”).

The address of the existing facility, FKC Spokane, is:

610 S Sherman St, Ste 101
Spokane, Washington 99202

2. If this facility has previously been approved to add special circumstance stations, explain why this project is consistent with [WAC 246-310-818\(3\)](#).

This question is not applicable. This project requests approval for additional stations at an *existing* facility.

3. Provide a detailed description of the proposed project.

Pursuant to Washington Administrative Code (“WAC”) 246-310-818, Special Circumstance Two Station Expansion, IN-RCG is requesting CN approval to expand the number of operational and CMS certified stations at the FKC Spokane clinic by two stations. Upon project completion, the total certificate number of certificate of need approved stations will be twenty-five (25) and one (1) isolation.

4. Identify any affiliates for this project, as defined in [WAC 246-310-800\(1\)](#).

This question is not applicable.

5. With the understanding that the review of a Certificate of Need kidney dialysis Special Circumstance application typically takes three and a half months, provide an estimated timeline for project implementation using the table on the following page.

Event	Anticipated Month/Year
Assumed Completion of CN Review	Mid – August 2021
Design Complete	August 2021
Construction Commenced	September 2021
Construction Completed	January 2022
Facility Prepared for Survey / Operational	Beginning of February 2022

Note that WAC 246-310-818(10) requires station(s) approved under special circumstance one- or two-station expansion must be operational within six months of approval.

6. Identify the Month/Year that the additional station(s) are expected to be operational as defined in [WAC 246-310-800\(12\)](#).

Assuming CN-approval in Mid-August 2021, the expansion stations are expected to be operational by the beginning of February 2022 (i.e. within the 6-month special circumstance operational window).

7. Provide a detailed discussion of existing services and how these would or would not change as a result of the project. Services can include but are not limited to: in-center hemodialysis, home hemodialysis training, peritoneal dialysis training, alate shift (after 5:00 pm), etc.

FKC Spokane serves patients with end-stage renal disease. FKC Spokane offers in-center hemodialysis, home hemodialysis and peritoneal dialysis training and support for dialysis patients, and a dedicated isolation area. FKC Spokane also offers an evening shift, beginning after 5 pm, for dialysis patients.

8. Fill out the table below identifying the current and proposed configuration of dialysis stations. Note – an exempt isolation station defined under WAC 246-310- 800(9) is not counted in the methodology, but is included in the total count of certified in-center stations.

	Before			After	
	CN Approved	[Current] CMS Certified Stations	Stations Counted in the Methodology	CN Approved / CMS Certified Stations	Stations Counted in the Methodology
General Use In-center Stations	24	23	24	25	25

Exempt Isolation Stations	1	1	0	1	0
Isolation Stations (not exempt)	0	0	0	0	0
Total Stations	25	24	24	26	25

9. Provide a general description of the types of patients to be served by the facility at project completion.

This project requests expansion of FKC Spokane’s existing services. Therefore, FKC Spokane will continue to serve patients and provide services described above in response #7.

10. Provide a copy of the letter of intent that was already submitted according to [WAC246-310-080](#).

A copy of the letter of intent is included in Exhibit 4.

11. Provide single-line drawings (approximately to scale) of the facility, both before and after project completion. Reference [WAC 246-310-800\(11\)](#) for the definition of maximum treatment area square footage. Ensure that current and new stations are clearly labeled with their square footage identified, and specifically identify future expansion stations (if applicable)

Please see Exhibit 5 for single line drawings.

12. Provide the gross and net square feet of this facility. Treatment area and non- treatment area should be identified separately (see explanation above re: maximum treatment area square footage).

Please see Exhibit 5 for single line drawing, including the relevant square footage tables. The square footage for the facility is 12,544 gross square feet and 11,125 net square feet.

13. Provide the existing facility's Medicare and Medicaid numbers.

Utilization Forecast Methodology

Please see below for a description of the methodology used to construct the in-center and home patient projections.

In-Center Patients

The intervening in-center utilization is based on CY2020 utilization. Modest incremental growth for in-center and home patients is assumed when the new station becomes operational (Feb 2022) and in subsequent years. It is assumed the number of treatments per patient is 141.1

treatments per year based on CY2020 utilization.

Home Patients

Home projections are forecasted at 44.7% of in-center patients, rounded to the nearest whole number. Based on CY2020 utilization. It is assumed the number of home treatments per patient is 159.2 treatments per year based on CY2020 utilization.

6. Identify any factors in the planning area that could restrict patient access to dialysis services. [WAC 246-310-210\(1\), \(2\).](#)

Patient access is critical to improving the health and quality of life of our patients. But patient access is multi-faceted and not simply represented by the aggregate number of stations available. Patients require access to the specific treatment modality and convenient hours of operation that meet their individual clinical and personal needs. Further, continuity of care with the same physician and dialysis care team is often integral to addressing patients' care needs.

Patients with limited financial means also face additional barriers to care due to the financial burden of out-of-pocket expenses. However, IN-RCG strives to address this issue for our patients when needed by providing charity in our Washington facilities. A copy of our charity care policy is contained in Exhibit 6.

7. Identify how this project will be available and accessible to low-income persons, racial and ethnic minorities, women, mentally handicapped persons, and other under-served groups. [WAC 246-310-210\(2\)](#)

All individuals identified as needing dialysis services will continue having access to FKC Spokane. FKC Spokane's admission policies prohibit discrimination on the basis of race, income, ethnicity, sex or handicap. A copy of the admission policy is contained in Exhibit 7.

A copy of our charity care policy is contained in Exhibit 6.

8. Provide a copy of the following policies:

- **Admissions policy**
- **Charity care or financial assistance policy**
- **Patient Rights and Responsibilities policy**
- **Non-discrimination policy**
- **Any other policies directly associated with patient access (example, involuntary discharge)**

Please find attached as exhibits the following documents:

- Exhibit 6. Charity Care/Indigence Policy
- Exhibit 7A. Patient Admission Policy
- Exhibit 7B. Patient Rights and Responsibilities Policy
- Exhibit 7C. Patient Rights and Responsibilities List
- Exhibit 7D. Patient Acknowledgement of Receipt of Rights and Responsibilities
- Exhibit 7E. Patient Nondiscrimination

B. Financial Feasibility (WAC 246-310-220)

Financial feasibility of a dialysis project is based on the criteria in [WAC 246-310-220](#) and [WAC 246-310-815](#).

- 1. Provide documentation that demonstrates the immediate and long-range capital and operating costs of the project can be met. This should include but is not limited to:**
 - **Utilization projections.** These should be consistent with the projections provided under the Need section. Include all assumptions.
 - **Pro Forma financial projections for at least the first three full calendar years of operation.** Include all assumptions.
 - **For existing facilities proposing a station addition, provide historical revenue and expense statements, including the current year. Ensure these are in the same format as the pro forma projections. For incomplete years, identify whether the data is annualized.**

Please see Exhibit 8A for historical FKC Spokane expense and revenue statements. Exhibit 8B includes the required pro forma financial statements. Exhibit 8B also provides key financial pro forma assumptions and sources of information used to prepare the projections, including staffing and salaries, wages, and benefits assumptions.

Utilization projections, including the assumptions used to derive the forecasts, are presented and discussed in Table 5 above and surrounding text.

2. Provide the following agreements/contracts:

- **Management agreement**
- **Operating agreement**
- **Medical director agreement**
- **Development agreement**
- **Joint Venture agreement**

Note, all agreements above must be valid through at least the first three full years following completion or have a clause with automatic renewals. Any agreements in draft form must include a document signed by both entities committing to execute the agreement as submitted following CN approval.

A medical director agreement is included in Exhibit 9. All other agreements listed above are not applicable to the current request.

- 3. Provide documentation of site control. This could include either a deed to the site or a lease agreement for the site. If a lease agreement is provided, the terms must be for at least five years following project completion.**

Included in Exhibit 10A is a signed lease agreement between TS Development, LLC (LANDLORD) and Inland Northwest Renal Care Group, LLC (TENANT). Exhibit 10B contains property information from the Spokane County Assessor's Office indicating TS Development, LLC (LANDLORD) is the owner of the property.

4. Provide county assessor information and zoning information for the site. If zoning information for the site is unclear, provide documentation or letter from the municipal authorities showing the proposed project is allowable at the identified site.

This question is not applicable. FKC Spokane is an existing facility and its compliance to all applicable zoning ordinances will not change as a result of the proposed expansion.

5. Complete the table below with the estimated capital expenditure associated with this project. Capital expenditure for the purposes of dialysis applications is defined under [WAC 246-310-800\(3\)](#). If you have other line items not listed below, include the definition of the line item. Include all assumptions used to create the capital expenditure estimate.

6. Identify the entity responsible for the estimated capital costs identified above. If more than one entity is responsible, provide breakdown of percentages and amounts for all.

Fresenius is the sole applicant and entity responsible for the estimated capital costs identified above.

7. Provide a non-binding contractor's estimate for the construction costs for the project.

Please see Exhibit 11 for a non-binding contractor estimate for the construction costs.

8. Provide a detailed narrative regarding how the project would or would not impact costs and charges for services. [WAC 246-310-220](#).

This project has no impact on either charges or payment, as reimbursement for kidney dialysis services is based on a prospective composite per diem rate. In the case of government payers, reimbursement is based on CMS (Center for Medicaid and Medicare) fee schedules which have nothing to do with capital expenditures by providers such as Fresenius. In the case of private sector payers, Fresenius negotiates national, state, and regional contracts with payers. These negotiated agreements include consideration/negotiation over a number of variables, including number of covered lives being negotiated; the provider's accessibility, including hours of operation; quality of care; the provider's patient education and outreach; its performance measures such as morbidity and/or mortality rates; and increasingly, consideration of more broad performance/quality measures, such as the CMS Quality Incentive Program ("QIP") Total Performance Score ("TPS").²

Fresenius does not negotiate any of its contracts at the facility-level, thus, the capital costs associated with the proposed FKC Spokane project would have no impact on payer negotiations or levels of reimbursement. In this regard, facility-level activities, such as number of FTEs, operating expenses or capital expenditures have no effect on negotiated rates, since such negotiations do not consider facility-level operations. As such, the proposed FKC Spokane project will have no effect on rates Fresenius would receive in the Spokane 01 Dialysis Planning Area.

9. Provide documentation that the costs of the project, including any construction costs, will not result in an unreasonable impact on the costs and charges for healthservices in the planning area. [WAC 246-310-220](#).

See our response above for an explanation of the basis for Fresenius reimbursement. As described above, Fresenius does not negotiate any of its contracts at the facility-level, thus, any capital costs associated with the proposed FKC Spokane project will have no impact on payer negotiations or levels of reimbursement.

As a follow-up to this question regarding impacts on costs, charges and reimbursement, and what elements make up reimbursement, which is what the question focuses on, it should be noted that CMS has implemented QIP with the express purpose of linking payment for care directly to

² Please see: <http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/ESRDQIP/>

providers' performance on quality of care measures.³ Over time, all payers will adapt some or all of these same standards, and will increasingly tie reimbursement to TPS measures.

10. Provide the historical payer mix by revenue and by patients using the example table below. If “other” is a category, define what is included in “other.”

Table 7. FKC Spokane Dialysis Center, Historical Payer Mix, by Revenue and by Patient

Payor Class	Mix Based on Treatments	Mix based on Revenue
Medicare	60.0%	35.7%
Commercial	13.5%	43.2%
Medicaid	0.9%	0.4%
Medicare Adv	17.4%	14.6%
Medicaid Risk	5.1%	3.7%
Misc. Ins	3.1%	4.8%
Self Pay	0.0%	0.0%
Old Revenue Accounts	0.0%	-2.3%
TOTAL	100%	100%

*Based on FKC Spokane's 2020 actuals.

**Figures may not add to exactly 100% due to rounding errors.

11. If the payer mix is expected to change as a result of this project, provide the projected payer mix by revenue and patients for the existing facility using the sametable format shown above.

The payer mix is not expected to change as a result of this project.

12. Provide a listing of all new equipment proposed for this project. The list should include estimated costs for the equipment. If no new equipment is required, explain.

Please see Exhibit 12 for an equipment list associated with the proposed project.

³ As stated on the CMS website, referenced above, the ESRD QIP will reduce payments to ESRD facilities that do not meet or exceed certain performance standards. The maximum payment reduction CMS can apply to any facility is two percent. This reduction will apply to all payments for services performed by the facility receiving the reduction during the applicable payment year (PY). Payment reductions result when a facility's overall score on applicable measures does not meet established standards. CMS publicly reports facility ESRD QIP scores; these scores are available online on [Dialysis Facility Compare](#).

13. Identify the source(s) of financing (loan, grant, gifts, etc.) and provide supporting documentation from the source. Examples of supporting documentation include: a letter from the applicant's CFO committing to pay for the project or draft terms from a financial institution.

IN-RCG will use existing reserves from its parent company, Fresenius, to fund the project. Exhibit 13 includes a letter from Mr. Mark Fawcett, Senior Vice President and Treasurer, attesting to the availability of funds and a commitment to this project.

14. If this project will be debt financed through a financial institution, provide a repayment schedule showing interest and principal amount for each year over which the debt will be amortized. [WAC 246-310-220](#)

IN-RCG will not debt finance this project. Therefore, this question is not applicable.

15. Provide the applicant's audited financial statements covering at least the most recent three years. [WAC 246-310-220](#)

Audited financial statements for Fresenius, the parent company, are included in Exhibit 14.

C. Structure and Process (Quality) of Care (WAC 246-310-230)

16. Provide a table that shows FTEs [full time equivalents] by category for the last three full years of operation, the current year, and the first three full years of operation following project completion. There should be no gaps in years. All staff categories should be defined.

Historical and projected FTE staffing, by position and clinical setting, is provided below in Table 8.

17. Provide the assumptions used to project the number and types of FTEs identified for this project.

Information and assumptions used to prepare Table 8 include:

- The wage and salary figures are based on FKC Spokane 2020 actuals. They are held constant over the forecast period.
- It is assumed a FTE (“full time equivalent”) employee works 2,080 hours per year.
- Non-productive hours are estimated at 10% of productive hours, based on FMC experience.
- Benefits are calculated at 29.0% of wages and salaries based on FKC Spokane’s 2020 actuals.
- FTEs for the intervening periods between historical actuals and project completion projections are based on 2020 actuals.
- The staff to patient ratio matrix below was used to construct minimum FTE counts for the projection years based on future patient counts presented in Table 5.

	Staff to Patient Ratios (FTE Staff)
PCT (1)	1:8
RN (2)	1:20
Equipment Technician (3)	1:125
Social Worker (3)	1:125
Dietician (3)	1:125
Secretary (3)	1:125
Nurse Manager (4)	1

- (1) A PCT works two shifts of patients each day, with 4 patients per shift.
- (2) A RN works two shifts of patients per day, with 10 patients per shift.
- (3) These FTEs are staffed based on staff-to-patient ratios identified in the table.
- (4) The Center for Medicare and Medicaid (“CMS”) requires that a dialysis facility be staffed with one FTE manager, irrespective of size of the facility or number of patients.

18. Identify the salaries, wages, and employee benefits for each FTE category.

Salary and benefit information, by FTE category and clinical setting, is contained in the pro forma financials (Exhibit 8B).

19. Provide the name and professional license number of the current or proposed medical director. If not already disclosed under 210(1) identify if the medical director is an employee or under contract.

FKC Spokane contracts with Satinder Singh, MD for medical director services. Dr. Singh’s professional license number is MD60227246. A medical director agreement is included in Exhibit 9.

20. Identify key staff, if known. (nurse manager, clinical director, etc.)

FKC Spokane employs Olaseni Sodimu as its clinic manager.

21. Provide names and professional license numbers for current credentialed staff.

Please see Table 9 below.

22. Describe your methods for staff recruitment and retention. If any barriers to staff recruitment exist in the planning area, provide a detailed description of your plan to staff this project.

FKC Spokane is an operational dialysis facility, which is staffed with qualified clinical and support personnel. Table 8 provides the number of current and proposed FTEs, by type. By virtue of our geographic location, any additional staff would be expected to principally come from Spokane County as well as from neighboring counties in the region. To be effective in staff recruitment and retention, IN-RCG offers competitive wage and benefit packages. Further, to ensure that we have adequate staff across all our facilities in Washington, we have built a local float pool of WA Licensed Patient Care Techs and RN's to ensure we have coverage for patient care. Fresenius also has an internal staffing agency, Fresenius Travel, in which we can request assistance. We also have the capability of using outside staffing agencies to fill critical needs.

23. Provide a listing of ancillary and support service vendors already in place.

Please see Table 10 below.

24. Identify whether any of the existing ancillary or support agreements are expected to change as a result of this project.

There is not expected to be any change to existing ancillary or support agreements as a result of this project.

25. Provide a listing of ancillary and support services that would be provided on site and those provided through a parent corporation off site.

All patient care and support services except senior management, financial, legal, planning, marketing, architectural/construction and research and development are provided on-site at each clinic.

26. Provide a listing of healthcare facilities with which the dialysis center has working relationships.

FKC Spokane has a transfer/affiliation agreement with Deaconess Hospital. (see Exhibit 15). FKC Spokane also has working relationships with Valley Hospital, Providence Sacred Heart Medical Medical Center, North Central Care Center and Rockwood South Hill.

27. Provide a copy of the existing transfer agreement with a local hospital.

See Exhibit 15 for FKC Spokane's transfer/affiliation agreement with Deaconess Hospital.

28. Clarify whether any of the existing working relationships would change as a result of this project.

There is not expected to be any change to the working relationships as a result of this project.

29. Fully describe any history in the last three calendar years of the applicant concerning the actions noted in Certificate of Need rules and regulations [WAC 246-310-230\(5\)\(a\)](#). If there is such history, provide documentation that the proposed project will be operated in a manner that ensures safe and adequate care to the public to be served and in conformance with applicable federal and state requirements. This could include a corporate integrity agreement or plan of correction.

Fresenius is committed to conducting its business activities in compliance with applicable law. The company has long maintained a corporate compliance program which includes a Code of Ethics and Business Conduct, ongoing compliance related education and training for employees, a Compliance Department to support the company and its employees with compliance concerns, including a compliance line for anonymous reporting, and monitoring and auditing of business activities.

Fresenius, as one of the largest dialysis providers in the country, is routinely involved in claims,

lawsuits, regulatory matters and investigations in the ordinary course of business. As for matters responsive to the application questions, Fresenius has no history of criminal convictions relating to the ownership or operation of a health care facility within the United States within the last three (3) calendar years.⁴ Fresenius also has no history of license revocations or decertifications for facilities in Washington State. In the past three (3) years, a dialysis facility located in Coeur D Alene, Idaho (Fresenius Kidney Care North Idaho) was decertified on November 22, 2019.

30. Identify whether any facility or practitioner associated with this application has a history of the actions listed below. If so, provide evidence that the proposed or existing facility can and will be operated in a manner that ensures safe and adequate care to the public and conforms to applicable federal and state requirements. [WAC 246-310-230\(3\) and \(5\)](#)

- a. A criminal conviction which is reasonably related to the applicant's competency to exercise responsibility for the ownership or operation of a health care facility; or**
- b. A revocation of a license to operate a healthcare facility; or**
- c. A revocation of a license to practice as a health professional; or**
- d. Decertification as a provider of services in the Medicare or Medicaid program because of failure to comply with applicable federal conditions of participation.**

Please see response to question 29. Additionally, Fresenius performs background checks on all newly hired employees. Fresenius validates the professional licenses and/or certifications of certain employee categories as required by federal, state or local laws and regulations. Fresenius screens current and new employees, potential new employees, Medical Directors, attending physicians, physician extenders (e.g., NP's, PA's), independent contractors, and vendors against the Office of Inspector General's List of Excluded Individuals/Entities and the General Services Administration's List of Parties Excluded from Federal Programs, as well as state specific exclusion lists, OFAC, etc. Fresenius will not engage a person or company that is excluded from participating in federally funded health care programs such as Medicare.

Individuals or entities may be excluded for committing healthcare fraud or committing other crimes with impact on the federal government. Individuals may also be excluded for things like defaulting on federal school loans. In some situations, an individual may be reinstated from their exclusion. However, while the individual or entity is on the exclusion list, Fresenius will not hire or allow them to perform work for the company.

As of the date of this application, to the best of the applicant's knowledge, no practitioner associated with this application has a history of the actions listed above.

⁴ Fresenius Medical Care Holdings, Inc. d/b/a Fresenius Medical Care North America, the parent company of Inland Northwest Renal Care Group, LLC, is also the parent company to numerous other subsidiary companies which offer a range of health care services and products in North America. For the purpose of responding to questions 29 and 30, the applicant is responding to such questions with respect to dialysis clinics owned, operated or managed by Fresenius Medical Care Holdings, Inc. and its subsidiaries.

31. Provide documentation that the proposed project will promote continuity in the provision of health care services in the planning area, and not result in unwarranted fragmentation of services. [WAC 246-310-230](#)

The proposed project promotes continuity of care as it seeks to continue FKC Spokane's existing dialysis care services.

32. Provide documentation that the proposed project will have an appropriate relationship to the service area's existing health care system as required in [WAC 246-310-230](#).

As an existing facility, FKC Spokane has an established relationship with the community. Additional stations will not only ensure timely access to dialysis services, but it will also realize increased efficiency and economies of scale.

See Exhibit 15 for a transfer/affiliation agreement with Deaconess Hospital.

D. Cost Containment (WAC 246-310-240)

33. Identify all alternatives considered prior to submitting this project.

The following two options were evaluated in the alternatives analysis:

- Option One: Add two (2) operational stations to the existing facility—The Project
- Option Two: Postponing the request—Do Nothing

34. Provide a comparison of the project with alternatives rejected by the applicant. Include the rationale for considering this project to be superior to the rejected alternatives. Factors to consider can include, but are not limited to: patient access to healthcare services, capital cost, legal restrictions, staffing impacts, quality of care, and cost or operation efficiency.

Please see Tables 11-14, respectively. They provide a summary of advantages and disadvantages of each of the three options based on the following evaluative criteria: Promoting availability, or access to healthcare services; Promoting Quality of Care; Promoting Cost and Operating Efficiency; and Legal Restrictions.

Table 11. Alternatives Analysis: Promoting Access to Healthcare Services.

Option:	Advantages/Disadvantages:
Option One Add two (2) stations to the existing facility—The Project	<ul style="list-style-type: none"> • Adds additional dialysis stations to the Planning Area, as warranted by WAC 246-310-818. (Advantage (“A”)) • Residents of the Planning Area will be better able to access needed facility dialysis services and would not be forced to out-migrate to other facilities outside the planning area--improves access. (A) • Given FKC Spokane is an existing facility, this Option would provide immediate access. (A)
Option Two Do nothing	<ul style="list-style-type: none"> • Would do nothing to improve access (Disadvantage (“D”)). • Outmigration would increase (D).

Table 12. Alternatives Analysis: Promoting Quality of Care.

Option:	Advantages/Disadvantages:
Option One Add two (2) stations to the existing facility—The Project	<ul style="list-style-type: none"> • Adds additional dialysis station capacity as warranted by WAC 246-310-818. This promotes access, reduces fragmentation, thus, promotes quality (A). • Residents of the Planning Area would have increased dialysis station capacity--this improves quality of care since it improves continuity of care (A).
Option Two Do nothing	<ul style="list-style-type: none"> • Planning Area residents will need to out-migrate to receive care and do so in increasing numbers without added capacity. As such, patient care will be fragmented, which harms access and quality of care (D)

Table 13. Alternatives Analysis: Promoting Cost and Operating Efficiency.

Option:	Advantages/Disadvantages:
Option One Add two (2) stations to the existing facility—The Project	<ul style="list-style-type: none"> • Approval of the expansion project request will allow for the facility to achieve further economies of scale. (A) • The most cost-effective solution to meet facility demand in the Planning Area. (A)
Option Two Do nothing	<ul style="list-style-type: none"> • Capital and operating costs would be least under this option since there would be none (A). • Suffers from significant disadvantages by not promoting access and continuity of care. (D).

Table 14. Alternatives Analysis: Legal Restrictions.

Option:	Advantages/Disadvantages:
Option One Add two (2) stations to the existing facility—The Project	<ul style="list-style-type: none"> • This option requires certificate-of-need approval.
Option Two Do nothing	<ul style="list-style-type: none"> • There are no legal implications with this option.

35. Identify any aspects of the facility’s design that lead to operational efficiency. This could include but is not limited to: LEED building, water filtration, or the methods for construction, etc. [WAC 246-310-240\(2\) and \(3\)](#).

Any proposed changes would meet IN-RCG and Fresenius internal standards which have been engineered and tested to ensure that they support our high quality, efficient and patient-focused standards. Our standards also meet and or exceed all applicable state and local codes, including compliance with the State Energy Code, latest edition.

An emergency transfer is not expected to extend beyond 30 days and patients are expected to return to their “home” facility to continue their treatments when operations are able to resume. The emergency data entry process may be used for emergency transfers.

Non-emergent situations such as a planned closure or an individual treatment at another facility after a missed a treatment, or unplanned after-hours admissions must be handled according to the current process of admitting a patient.

Patient Admission

The decision to admit a patient who has exhibited behavioral issues shall be made by the facility management in collaboration with the patient’s attending physician and the Medical Director.

**Who is
Authorized to
Sign
Admission
Documents?**

Patients must have the mental capacity/competency to consent to treatment and sign admission forms for treatment to be given in the facility, except as described below. The facility staff cannot make determinations regarding mental capacity and competency and must presume competence unless a physician has declared the patient incompetent.

If a patient has been deemed by a physician to lack the mental capacity/competency to consent to treatment, a Legally Authorized Person may consent to the patient’s treatment and may sign the admission forms. In the rare instance that the legally authorized person is unavailable to sign the consent in person, the documents may be mailed, emailed, or faxed to the Legally Authorized Person for signature. The patient cannot be admitted and treated until the clinic receives the signed documents. The original signed documents must be faxed or mailed back to the facility to maintain in the patient’s medical record.

In the unusual instance when in person or fax options cannot be accomplished, the facility should reach out to their Division Legal Counsel or Compliance for additional guidance.

NOTE: State laws vary on who may consent to treatment on the patient’s behalf if the patient lacks capacity or competency to consent. In some states, family members or persons permitted by state law may consent to the patient’s treatment and sign the admission forms even if such persons do not hold a power of attorney for healthcare or healthcare proxy as the Law Department will determine.

- If the patient does not bring in the required documents within 6 treatments, the Clinical Manager or Director of Operations must escalate to the Lead Social Worker who can review the situation and assist with obtaining the identification documents.

Failure to produce 2 forms of identification alone is not cause for discharge. FKC Notice of Privacy Practice

A copy of the “FKC Notice of Privacy Practices (NPP)” must be given to each patient that is receiving direct care from an FKC provider prior to the patient’s first treatment (see Privacy Notice Procedure COR-COMP-PS-0-001-001C1).

Patients have the right to review this Notice of Privacy Practices prior to signing the “Acknowledgement of Receipt of the NPP” form (See COR-COMP-PS-0-001-001D3). The “Acknowledgement of Receipt of the NPP” form should be signed by the patient or Legally Authorized Person, prior to the patient’s first treatment from an FKC direct provider of care. This form serves as an acknowledgement of receipt of the FKC Notice of Privacy Practices.

Policy All patients and/or their representatives will be informed of their rights (including privacy rights) and responsibilities.

Patient rights and the ability to exercise these rights must be protected by the facility.

The FMCNA Patient Rights and Responsibilities brochure explains the rights patients can expect to have while receiving treatment at this facility. The brochure also provides guidance as to certain responsibilities that are expected of the patient.

Each patient will be informed of their rights and given a copy of the FMCNA Patient Rights and Responsibilities within the first six (6) treatments in the facility. More in-depth discussions with patients about their rights and responsibilities are expected. These discussions may occur over a longer period of time.

Facilities should ensure that this information is provided to patients in a manner they can understand. For example, providing the FMCNA Patient Rights and Responsibilities brochure in the patient’s primary language or having it interpreted based on assessment of the patient’s language and reading preferences, or enlisting the aid of communication aids or interpreters for patients who are blind or have low vision, or are deaf or hard of hearing.

Dialysis facilities must prominently display a copy of the patient’s rights in a visible and accessible area in the facility and must include contact information for the State survey agency and ESRD Network.

The FMCNA Patient Rights and Responsibilities brochures are available in English and Spanish. They may be purchased from the FMS Marketing Online Ordering Center. Audio versions in English and Spanish may also be ordered through the FMS Marketing Online Ordering Center.

Patient Rights and Responsibilities

Policy: Patients have the right to privately discuss their condition and treatment.
Privacy Rights There should be ready access to a room in the facility where patient and/or family meetings may be held in private.

Patients have the right to privacy during activities that may require the exposure of private body parts while in the dialysis facility. Privacy screens or curtains may be used to provide privacy. Blankets may also be used as long as staff are able to observe the patient’s vascular access, bloodline connections, and face at all times.

Patients or their representatives must be provided unbiased education about transplantation and all dialysis treatment options regardless of whether these options are available in the current facility.

Failure to Protect Patients’ Rights Evidence of failure to treat patients with respect and dignity, provide an opportunity for private communication, or prevent exposure of private body areas resulting in emotional discomfort for the patient, and evidence that cognizant patients/designees are not aware of their options for treatment or available grievance mechanisms could result in the facility receiving a Condition level citation.

-

What Responsibilities Do You Have?

You are the most important person on your health care team. This is because a lot of what determines how well you feel and the quality of your life depends on the daily decisions that you make.

You have the responsibility to:

Speak Up to Help Us Protect Your Health & Safety

- Tell the staff if you don't understand your treatment plan or any instructions.
- Tell the staff if something doesn't feel or look safe, or right.
- Involve your family or significant others in your care, when needed.
- Inform the staff if you have had health problems since your last treatment.
- Actively participate in your plan of care.

- Arrive on time for your treatments or clinic visits.
- Let the staff know as early as possible if you are going to be late or miss a treatment or appointment and reschedule.
- Arrange transportation to and from treatment. Inform staff right away if your transportation needs change.
- Make sure you have a backup transportation plan in case you need it.
- For your safety, arrange to have someone with you when you come to dialysis, if you need help getting into or out of your vehicle or in and out of the facility. Staff are strongly discouraged from leaving the facility to assist an arriving or departing patient. - Maintain the confidentiality of any information you witness or hear while in the facility. This includes:

 - Make sure your visitors follow the same rules as patients.

Provide Updated Information to Staff

- Notify the facility if you have a new address or contact information.
- Inform the facility right away if you obtain new insurance coverage or there are any changes in insurance.
- Inform the facility if you decide to receive dialysis at another facility or stop dialysis.

FKC Spokane
Pro Forma Assumptions

Patient Volumes

Utilization projections, including the assumptions used to derive the forecasts, are presented in the application text.

It is assumed the number of treatments per patient is 141.1/year for in-center and 159.2/year for home based on full year 2020 Spokane actuals. There is an adjustment in 2022 to reflect only partial year utilization

Revenues

In-center revenues are based on CY2020 FKC Spokane data ("actuals"), given it is an existing facility. Payer mix statistics have also been obtained from FKC Spokane actuals for the most recent calendar year. Revenues are calculated by payer and treatment. Bad debt and charity care are subtracted from revenues to yield net revenue figures.

Charity Care

Calculated at 0.88% of revenue based on the experience of Fresenius' facilities in Washington State.

Bad Debt

Calculated on a per treatment basis from FKC Spokane actuals.

Expenses

Unless otherwise noted, expenses have been calculated on a per treatment basis from FKC Spokane actuals.

Personnel expenses are based on identified patient to staff ratios and incorporates a 10% non-productive factor. Wage figures have been compiled from current rates at the FKC Spokane facility.

(Existing) Rent Expense: see Section 2 in 4th Amendment to Lease Agreement. For the purposes of the financial model, it is assumed that rent expense in the renewal term is kept at the rent effective at the end of the current term.

(New) Rent Expense: not applicable.

Existing depreciation/amortization, other property expenses (property taxes, CAM), and interest expense are based on full year 2020 Spokane actuals, including accounting adjustments applicable under International Financial Reporting Standards (IFRS).

Project-related Depreciation is straight-line; assumes 10 years on leaseholds and 8 years on equipment.

Physician Compensation: Section 5.01 of the MDA establishes a lump sum fee spread across multiple Fresenius facilities (e.g. Moses Lake, Spokane, North Pines, Northpointe) and increases by 3% each year thereafter. Fresenius allocates the MDA fee based on a treatment basis. Projected physician compensation fees are based on (1) calculating the physician compensation fees per treatment from 2020 actuals, (2) applying a 3% year-over-year fee escalator, and (3) multiplying by the number of treatments in the applicable forecast period.

Consultant acknowledges that each nephrologist designated to serve as Medical Director of a Facility and/or a Home Program has specific duties and responsibilities (a) as set forth in this Agreement; (b) as required by the Conditions for Coverage for End-Stage Renal Disease Facilities, 42 C.F.R. § 494.1 *et seq.*, or such amended or successor regulations, and the Interpretive Guidelines thereto promulgated by the Centers for Medicare & Medicaid Services (“CMS”) (collectively, the “Conditions for Coverage”); (c) as required under state licensing or other applicable laws; (d) as set forth in applicable FMCNA policies and procedures, including but not limited to, those policies and procedures related to quality outcomes for patients; and (e) as assigned to him/her in the Governing Body and Medical Staff Bylaws of the Facilities and the Home Programs. Consultant further acknowledges that (a) the Medicare Improvements for Patients and Providers Act and the implementing regulations of the Medicare End-Stage Renal Disease Bundled Payment System, 75 Fed. Reg. 49029 *et seq.*, or such amended or successor regulations (collectively, the “Bundle”) set forth certain rules effective as of January 1, 2011 for the reimbursement of claims by the Medicare program for renal dialysis services provided at dialysis facilities and home dialysis programs; and (b) the third party payors for individual patients may also set forth certain rules governing the reimbursement of claims for care provided to such payors’ patients.

At the conclusion of the Initial Term, the Agreement will automatically renew for a period of five (5) years (the “Renewal Term”), unless either party provides 180 days prior written notice of the intent not to renew.

3. OBLIGATIONS OF CONSULTANT

3.01 Designation of Medical Directors; Requirements for Nephrologists Providing Services Hereunder

3.01.1 Consultant shall designate a nephrologist at each Facility and Home Program who shall be responsible for performing the services hereunder at such Facility and/or Home Program and who shall be deemed the Medical Director for such Facility and/or Home Program. Consultant acknowledges and agrees that the Medical Director of a Home Program shall report

to the Medical Director of the Facility from which the Home Program is administered and that the Medical Director of the Facility shall be accountable for the Medical Director services rendered with respect to the both the Facility and such Home Program. Each nephrologist designated as Medical Director shall at all times meet the requirements of Section 3.01.4, below, when providing services hereunder. Consultant acknowledges and agrees that the aforementioned designations, whether now or in the future, shall be made in writing and are subject to Company's prior written approval. Company hereby approves the initial designations of the Medical Directors of the Facilities and the Home Programs as set forth on Schedule A, attached hereto and incorporated herein by reference.

3.01.2 Consultant agrees that it shall not designate a nephrologist as Medical Director at more than two (2) Facilities at any given time unless an exception is approved in advance, in writing, by the Chief Executive Officer of FMCNA, in consultation with FMCNA's Chief Medical Officer and the respective FMCNA Business Division President. Consultant further agrees that, barring any unforeseen circumstances, each nephrologist designated as Medical Director of a Facility or a Home Program shall serve in such capacity for at least one (1) year before another nephrologist may be designated as the new Medical Director for such Facility or Home Program. Consultant acknowledges that Company strongly favors Medical Directors serving for tenures longer than one (1) year.

3.01.3 Any nephrologist who at any time is designated a Medical Director shall also be deemed a Member Physician for purposes of this Agreement. The term Member Physician is defined in Section 6.01.5, below. If a nephrologist designated as Medical Director has not already signed this Agreement as a Member Physician, then, prior to rendering services hereunder, such nephrologist shall be required to execute an amendment to this Agreement, or a separate agreement in a form acceptable to Company, pursuant to which such physician agrees to abide by the terms and conditions of this Agreement including, but not limited to, the provisions of Section 6 (collectively, a "Joinder Agreement"). The parties agree that while the designated Medical Director shall remain responsible for performing the duties hereunder with respect to the applicable Facility or Home Program, other Member Physicians may assist such Medical Director in the performance of the duties hereunder from time to time, including but not limited to any time the designated Medical Director is on vacation; provided, however, that such Member Physician, at all times when providing such assistance to the Medical Director, meets the requirements in Section 3.01.4, below.

3.01.4 Each Member Physician, whether as the designated Medical Director of a Facility or a Home Program, or when providing assistance to the designated Medical Director, shall at all times meet each of the following requirements:

- a. Remain licensed as a physician in the state in which the Facilities and the Home Programs are located and at which such physician is providing Medical Director services hereunder.
- b. Remain board certified in nephrology, internal medicine, pediatrics or pediatric nephrology, have completed a board-approved training program in nephrology and have at least twelve (12) months of experience providing care to patients receiving dialysis. Company may

waive this qualification for a specific Member Physician, but such Member Physician may not serve as Medical Director of a Facility or a Home Program unless the Secretary of the Department of Health and Human Services has indicated otherwise.

c. Remain a member in good standing of the Medical Staff of the Facilities and the Home Programs at which physician is providing Medical Director services hereunder, unless FMCNA's Chief Medical Officer or his designee specifically agrees otherwise in writing.

d. Maintain a current registration with the Drug Enforcement Administration.

e. Maintain a current state controlled substances registration (or equivalent), as applicable.

f. Maintain malpractice liability insurance coverage of not less than \$1,000,000 per occurrence and \$3,000,000 annual aggregate and further maintain, for a period of not less than three (3) years following the termination of this Agreement, any such malpractice liability insurance if underwritten on a claims-made basis.

g. Not be excluded, suspended, sanctioned or otherwise restricted from participating in federal health care programs, including but not limited to, Medicare or Medicaid.

h. Remain otherwise qualified to act as a medical director of a dialysis treatment facility that is certified to participate in the Medicare.

i. Maintain any additional requirements as a physician as may be required in order for the Facilities to be licensed as dialysis facilities, or the equivalent, in the state in which the Facilities are located.

3.01.5 In the event that a Medical Director (i) is indicted for (x) any felony, or (y) any violation of a federal or state health care law; or (ii) fails to meet any of the requirements set forth in Section 3.01.4; or (iii) is terminated by Consultant, Company shall terminate such physician's designation as Medical Director upon same day notice to Consultant, and Consultant, within that same day period, shall designate a new Medical Director who meets the requirements set forth in this Agreement.

3.01.6 In the event that a Medical Director is unavailable to serve as Medical Director for a period greater than two (2) months, or such shorter time as Company in its reasonable discretion determines may affect the quality of care provided at a Facility or a Home Program, then, unless Company agrees otherwise in writing, Company shall terminate such physician's designation as Medical Director upon five (5) business day's prior notice to Consultant and Consultant, within that same five (5) business day period, shall designate a new Medical Director who meets the requirements set forth in this Agreement.

3.01.7 In the event that a Medical Director sells or otherwise disposes of his ownership in, resigns from or leaves the employ of Consultant, Consultant shall promptly notify Company of the effective date of such circumstance and shall, within five (5) business days of such notice

(and, in any event, no later than one (1) day prior to the effective date of such circumstance), designate a new Medical Director who meets the requirements set forth in this Agreement.

3.01.8 If Consultant is unable to designate an alternative nephrologist to serve as the Medical Director of a Facility and/or a Home Program pursuant to the provisions of Sections 3.01.5, 3.01.6 and 3.01.7, as applicable, Company shall have the right to terminate this Agreement.

3.01.9 With Company's prior written approval, Consultant may designate a temporary Medical Director ("Temporary Medical Director") for a Facility or a Home Program who shall serve in the role for such period of time as agreed upon by Company in its prior written approval. A Temporary Medical Director shall be considered a Medical Director and a Member Physician for all purposes under this Agreement, except as otherwise explicitly set forth herein. Each Temporary Medical Director shall at all times meet the requirements set forth in Section 3.01.4, above, when providing services hereunder and shall have executed this Agreement as a Member Physician or shall have executed a Joinder Agreement. Notwithstanding anything to the contrary in the foregoing sentence, for a period of up to thirty (30) days, Consultant may designate as Temporary Medical Director a nephrologist who was not previously a Member Physician (prior to designation as Temporary Medical Director) and who has not specifically agreed to be bound by the provisions of Section 6; provided, however, that such nephrologist will no longer be able to continue to provide services hereunder or receive compensation for such services after such thirty (30) day period if he or she has not executed a Joinder Agreement by such date. Consultant shall ensure that the services provided by a Temporary Medical Director are in accordance with all terms and conditions contained in this Agreement.

3.01.10 If a state or federal regulatory or licensing authority ("Authority") finds deficiencies at a Facility or a Home Program related to or caused by a Medical Director's failure to satisfy the requirements of a Medical Director pursuant to the Conditions for Coverage or to any other applicable federal or state laws and/or regulations, and such Authority requires the appointment of a physician monitor to assist the Facility and/or the Home Program in achieving compliance with applicable licensing rules and regulations and to supervise the implementation of a corrective action plan, Consultant agrees to pay for the cost of such monitor until the Authority has determined that all such deficiencies are cured.

3.01.11 If a state or federal regulatory or licensing authority finds deficiencies at a Facility or a Home Program that places the Facility's or Home Program's license, certification or certificate of need, as applicable, in immediate jeopardy or at substantial risk of being terminated, then upon the request of the FMCNA or FMS Chief Medical Officer, at his/her sole discretion, Consultant shall immediately cause Medical Director for such Facility and/or Home Program to cease performing Medical Director duties required under this Agreement, and immediately find a nephrologist who meets the requirements set forth in this Agreement and is reasonably satisfactory to Company and to the FMCNA or FMS Chief Medical Officer to serve as the new Medical Director for such Facility or Home Program.

3.02 Medical Director Services

During the term of this Agreement, Consultant shall ensure that Medical Directors providing services hereunder perform all the services described in Schedule B, attached hereto and incorporated herein by reference, and as otherwise set forth in this Agreement, which shall include, but not be limited to the following:

a. Medical Directors shall provide all services at the Facilities and the Home Programs required to be performed by a Medical Director pursuant to (i) the Conditions for Coverage, and (ii) any other applicable federal, state or local requirements, and, in coordination with Company, Medical Directors shall actively supervise the compliance of the Facilities and the Home Programs with the requirements of (i) the Conditions for Coverage, and (ii) any other applicable federal, state or local requirements.

The coordination of services and communication may include, but is not limited to, (i) participation in conference calls scheduled by FMCNA's Medical Advisory Board members in their region; and (ii) attendance at any medical director meetings or conferences held by FMCNA.

d. Medical Directors shall serve as the chairpersons of the Medical Staff of the Facilities and the Home Programs, as applicable, and, as chairperson, shall supervise the attending physicians and other members of the Medical Staff and, in coordination with Company, shall monitor on an on-going basis the compliance of the attending physicians and other members of the Medical Staff with (i) the requirements of the Conditions for Coverage governing the provision of care to dialysis patients; (ii) any other applicable federal, state or local requirements governing the provision of care to dialysis patients; and (iii) all of the bylaws, policies, procedures, rules and regulations of Company, the Facilities and the Home Programs, as applicable. Such supervision shall include, but not be limited to, ensuring that the attending physicians and other members of the Medical Staff (i) order items and/or services for patients only when documented with accurate and reasonably detailed medical justifications for such items and/or services; (ii) participate in a timely manner in patient care plan meetings at the Facilities and the Home Programs, as applicable; (iii) complete in a timely manner patients' medical records, including patient care plans, at the Facilities and the Home Programs, as applicable; (iv) provide to Company staff in a timely manner copies of (x) patients' hospital medical records, including hospital discharge summaries, and/or other records documenting patients' co-morbid conditions, and (y) patients' medical records from attending physicians' office visits, for inclusion in patients' medical records at the Facilities and the Home Programs, as applicable; (v) comply with the Comorbid Review and Reconciliation Policy and Procedure; and (vi) limit the use of local laboratories for specimen testing. In instances of non-compliance by the attending physicians or other members of the Medical Staff with these requirements, Medical Directors shall, in coordination with Company, take appropriate corrective action where necessary consistent with the Medical Staff Bylaws.

e. Medical Directors shall cooperate and work collaboratively with Company, Company staff and each attending physician at the Facilities and the Home Programs to achieve the goals of the Facilities' and the Home Programs' Quality Program, as such program is described in Schedule C, attached hereto and incorporated herein by reference, and as such program may be updated from time to time; provided that such updated program, including but not limited to periodic updates to the individual goals that comprise the UltraScore, the calculation of the UltraScore and its components and any other FMCNA quality metrics or guidelines on quality outcomes, are provided to Medical Directors in writing.

f. Medical Directors shall cooperate and work collaboratively with Company, Company staff and each attending physician at the Facilities and the Home Programs in pursuing Company's goal to control health care costs while continuing to provide quality care to its patients consistent with the requirements of the Facilities' and the Home Programs' third party payors, including those requirements under the Bundle. Such cooperation shall include, but not be limited to, ensuring that each attending physician at the Facilities and the Home Programs, consistent with the Medical Staff Bylaws, abides by the formularies approved by the FMCNA Medical Department, FMCNA's Pharmaceutical and Therapeutics Committee (the "P&T Committee"), FMCNA's Medical Advisory Boards and/or any other authorized FMCNA committee or, alternatively, utilizes the exceptions process set forth in such formularies. Additionally, Medical Directors shall, in cooperation with Company, monitor on an on-going basis each attending physician's compliance with such formularies, or the exceptions processes set forth therein, and, with Company, take appropriate corrective action where necessary consistent with the Medical Staff Bylaws.

g. Such cooperation shall further include, but not be limited to, ensuring that each attending physician at the Facilities and the Home Programs, using his or her professional judgment, implements the algorithms developed and approved by the FMCNA Medical Department, FMCNA's P&T Committee, FMCNA's Medical Advisory Boards and/or any other authorized FMCNA committee (the "FMCNA Algorithms"), whenever he or she determines it to be appropriate for the treatment of his or her patients. FMCNA Algorithms are a set of defined steps or processes that, once adopted by the attending physician, comprise that physician's order for an item or service. FMCNA Algorithms may include, but are not limited to, documents and processes referred to as guidelines, clinical pathways, standing orders, protocols and algorithms. Medical Directors shall, in cooperation with Company, ensure that if an attending physician chooses not to implement FMCNA Algorithms for a particular patient, such attending physician, consistent with the Medical Staff Bylaws, clearly and thoroughly documents in such patient's record the clinical justification for such decision. Medical Directors shall, in cooperation with Company, ensure that if an attending physician chooses not to implement such algorithms for the majority of his or her patients, such attending physician, consistent with the Medical Staff Bylaws, provides a written explanation to FMCNA's P&T Committee for such decision and cooperates with FMCNA's P&T Committee in the continuous improvement of the FMCNA Algorithms. Additionally, Medical Directors shall, in cooperation with Company, monitor on an on-going basis each attending physician's compliance with these requirements and, with Company, take appropriate corrective action where necessary consistent with the Medical Staff Bylaws.

h. Such cooperation shall further include, but not be limited to, ensuring that each attending physician at the Facilities and the Home Programs orders items and services required by the third party payor to be provided, directly or under arrangements, by the Facility or the Home Program (such as laboratory tests for ESRD-related conditions or medications included in the Facility's or the Home Program's Bundle payment) only through the Facility or the Home Program (e.g., using FMCNA or its subsidiaries or an entity contracted with FMCNA or its subsidiaries) in conformance with Company's policies and procedures. Additionally, Medical Directors shall, in cooperation with Company, monitor on an on-going basis each attending physician's compliance with such policies and procedures, or the exceptions processes set forth therein, and, with Company, take appropriate corrective action where necessary consistent with the Medical Staff Bylaws.

i. Medical Directors shall cooperate and work collaboratively with Company and Company staff in overseeing the receipt and storage of oral, non-narcotic medications for patients of the Facilities and the Home Programs from the applicable pharmacy and the delivery of such oral medications to such patients for self-administration outside the Facilities and the Home Programs. Such cooperation shall include, but not be limited to, reviewing and approving policies and procedures relating to the receipt, storage and delivery of such oral medications; reviewing on a periodic basis the Facilities' and the Home Programs' records and/or logs related to the receipt, storage and delivery of such oral medications; and taking such other actions, as members of the Governing Bodies of the Facilities and the Home Programs, to ensure the safety and security of the delivery of such oral medications to patients at the Facilities and the Home Programs. The parties agree that nothing in this Section 3.02.i shall require Medical Directors to be involved in issues related to reimbursement for such oral medications, including but not limited to, patients' payment of co-pays or deductibles for such oral medications.

j. Medical Directors shall use best efforts to assist Company and shall actively participate in the development, implementation and monitoring of all plans of correction (or the equivalent) developed in response to any one or more deficiencies, citations, or other instances of non-compliance identified through any survey, inspection or review conducted by a local, state or federal governmental agency or accreditation body including, but not limited to, Medicare, Medicaid or state licensing agencies. Additionally, Medical Directors shall respond promptly to communications and requests for information from the FMCNA Medical Office regarding federal and/or state survey deficiencies.

k. Medical Directors shall devote best efforts, skill and sufficient time to carry out the requirements of this Agreement, including but not limited to being available all hours of operation of the Facilities and the Home Programs for visits to and consultation regarding the Facilities and the Home Programs, as applicable, and by being on-call and working such additional time at or away from the Facilities or the Home Programs, as applicable, as is necessary to fulfill Medical Directors' responsibilities under this Agreement.

l. It is understood and agreed, however, that Consultant is an independent contractor and that Medical Directors are not employees of Company and that Medical Directors shall not be required to devote the entire working day to duties hereunder (with the exception of on-call

responsibilities), but will continue the practice of medicine independently of Company which practice is a wholly separate professional activity of Consultant and Medical Directors.

m. Consultant shall ensure that Medical Directors complete activity reports using the form attached hereto in Schedule D-1, and incorporated herein by reference, to document the provision of services hereunder at the Facilities and the Home Programs. Consultant shall ensure that Medical Directors submit such activity reports on a quarterly basis to Company. Consultant shall ensure that Medical Directors submit such activity reports on a quarterly basis to Company. Consultant shall ensure that Medical Directors represent and warrant that the information provided on the activity reports is truthful, accurate and complete to the best of their knowledge.

3.03 Additional Obligations of Consultant

3.03.1 Neither Consultant, nor any Medical Director nor any Member Physician shall participate in, directly or indirectly, or permit others to conduct, any clinical research study ("Study") at a Facility or a Home Program without first obtaining the prior express written approval of Company. If Company approves such Study, which approval shall be at Company's sole and absolute discretion, Consultant, Medical Directors and/or Member Physicians shall conduct such approved Study in accordance with all applicable federal, state and local laws and regulations, the Study protocol (which shall also be subject to Company's prior review and approval), applicable Company policies, and Good Clinical Practice (in accordance with the Guidance for Industry E6 Good Clinical Practice: Consolidated Guidance by the U.S. Department of Health and Human Services, Food and Drug Administration, April 1996 (ICH), as it may be amended or revised from time to time). Consultant, Medical Directors and Member Physicians acknowledge and agree that they shall comply with all Company policies and procedures in seeking Company approval of the Study and, if approval is granted, in conducting such Study.

3.03.2 Consultant and Medical Directors shall cooperate and, in a timely manner, provide any and all information and make such disclosures with respect to the Facilities and/or the Home Programs and the services provided by Consultant and Medical Directors pursuant to this Agreement as Company may request: (a) in connection with administration of the Facilities and/or the Home Programs, as applicable, and/or (b) in connection with implementation of this Agreement, and/or (c) for Company's use in submissions or disclosures to governmental agencies, specifically including but not limited to the completion of all necessary information to allow Company's submission of cost reports to CMS. Consultant and Medical Directors represent and warrant that all such information and/or disclosures shall be truthful and accurate to the best of their knowledge. In the event that Consultant or any Medical Director fails to provide in a timely manner all information and disclosures required under this Section 3.03.2, including but not limited to, completion of all necessary information to allow Company's submission of cost reports to CMS, Consultant hereby acknowledges and agrees that Company may retain the Fee due Consultant for services rendered hereunder until such time as Consultant and Medical Directors provide the necessary information or disclosures as required herein. Once Consultant and Medical Directors have provided such information or disclosures, Company shall pay Consultant the Fee under this Agreement retained pursuant to this paragraph, such payment

to be made the month following the month in which such information or disclosures were provided in conjunction with payment of Consultant's regular monthly installment of the Fee.

3.03.3 Consultant shall provide Company with an e-mail address, phone number and other relevant information for being able to contact each nephrologist designated as Medical Director of the Facilities and the Home Programs and shall ensure that each such nephrologist checks such e-mail on a regular and reasonably frequent basis. Consultant may provide this information to the applicable Regional Vice President. Such e-mail addresses and other contact information shall be updated by Consultant as necessary to ensure Company has a valid e-mail address at all times for each Medical Director.

3.04 Consultant's Representation Regarding Referral Source Relationships

Consultant hereby represents and warrants to Company that Schedule E hereto sets forth a complete and accurate list of the full names and, as applicable, the National Provider Identifiers ("NPI"), of all of (i) Consultant's physician owners, partners, members, shareholders or the equivalent, and the immediate family members thereof (i.e., husband or wife; birth or adoptive parent, child, or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild) who are a source of patient referrals to Company or FMCNA, a purchaser of items or services from FMCNA that are reimbursable by a federal or state healthcare program, or a seller or lessor to Company or FMCNA of items, including real property, or services for which Company or FMCNA makes claims for reimbursement under any federal or state healthcare program; and (ii) physicians assigned by Consultant to provide Medical Director services pursuant to this Agreement, and the immediate family members thereof who are a source of patient referrals to Company or FMCNA, a purchaser of items or services from FMCNA that are reimbursable by a federal or state healthcare program, or a seller or lessor to Company or FMCNA of items, including real property, or services for which Company or FMCNA makes claims for reimbursement under any federal or state healthcare program. Consultant agrees to notify Company, in writing, of additions or deletions from Schedule E within thirty (30) days of such addition or deletion thereto.

4. OBLIGATIONS OF COMPANY

4.01 Except as specifically delegated by this Agreement to Consultant, Company shall retain all management and administrative prerogatives and responsibilities as owner of the Facilities and the Home Programs, as applicable. Without limiting the foregoing, Company agrees as follows:

4.01.1 For the time period that the Facilities and the Home Programs are in operation, to operate the Facilities and the Home Programs in compliance with the Conditions for Coverage and, to the extent applicable, with state laws regulating licensed medical facilities.

4.01.2 To provide all necessary equipment, personnel, supplies and services (other than medical services) required for the operation of the Facilities and the Home Programs, as applicable, including a business manager or administrator.

4.01.3 To establish, modify and implement, policies and procedures concerning the administration of the Facilities and the Home Programs, as applicable, including purchasing, personnel staffing, inventory control, equipment maintenance, accounting, legal, data processing, medical record keeping, laboratory, billing, collection, public relations, insurance, cash management, scheduling and hours of operation.

4.01.4 To provide Consultant, Medical Directors and Member Physicians with the use of one office at each Facility provided solely for the purpose of assisting in the performance of the services described herein. Consultant, Medical Directors and Member Physicians agree they shall not use such office space for any other purpose including use by Consultant, Medical Directors, and Member Physicians for their private medical practice. Notwithstanding the foregoing, Consultant, a Medical Director or a Member Physician may enter into a sublease with Company, at Company's sole discretion, to use such space for purposes related to Consultant's, a Medical Director's or a Member Physician's private medical practice or for other lawful purposes; provided that such sublease is at fair market value, in compliance with applicable law and Company policies.

4.01.5 To provide Consultant, Medical Directors and Member Physicians with professional liability insurance or self-insurance purchased or maintained by Company in an amount not less than \$1 million combined single limit per occurrence for bodily injury and property damage and \$3 million in the aggregate, covering bodily injury and property damage claims (including the cost of defense) arising out of errors and omissions caused or alleged to be caused by Consultant, Medical Directors or Member Physicians within the scope of this Agreement, but not for errors or omissions caused or alleged to be caused by Consultant, Medical Directors or Member Physicians providing services as a treating physician. The insurance or self-insurance required to be maintained by Company hereunder shall be subject to and limited by the terms and conditions of insurance policies, primary, excess or otherwise, maintained by Company.

4.02 All of the foregoing responsibilities of Company shall be fulfilled with a view towards adopting policies and procedures designed to provide high quality, cost-efficient care to the patients at the Facilities and the Home Programs. Company may consult with Consultant when fulfilling such responsibilities.

5. COMPENSATION

The amount of compensation due Consultant during the term of this Agreement shall be determined as follows:

5.01 Medical Director Fee

5.01.1 For services hereunder at the Facilities and the Spokane Kidney Center Home Program during the term of the Agreement, Company shall pay Consultant, and Consultant shall accept as full and sufficient compensation therefor, an annual Medical Director Fee ("Fee") of Six Hundred Eighty Two Thousand and Seventy Five Dollars (\$682,075.00) prorated for partial

years. On each anniversary of the Commencement Date, the Fee shall increase by three percent (3%) over the Fee then currently in effect. Company shall pay the Fee in equal monthly installments, in arrears, on or before the last day of each month during the term of this Agreement.

For services hereunder at the Moses Lake Home Program during the term of the Agreement, Company shall pay Consultant, and Consultant shall accept as full and sufficient compensation therefor, an annual Medical Director Fee ("Fee") of Twelve Thousand Dollars (\$12,000.00) prorated for partial years. On each anniversary of the Commencement Date, the Fee shall increase by three percent (3%) over the Fee then currently in effect. Company shall pay the Fee in equal monthly installments, in arrears, on or before the last day of each month during the term of this Agreement.

As of the Northpointe Home Program Commencement Date, for services hereunder at the Northpointe Home Program during the term of the Agreement, Company shall pay Consultant, and Consultant shall accept as full and sufficient compensation therefor, an annual Medical Director Fee ("Fee") of Ten Thousand Dollars (\$10,000.00) prorated for partial years. On each anniversary of the Commencement Date, the Fee shall increase by three percent (3%) over the Fee then currently in effect. Company shall pay the Fee in equal monthly installments, in arrears, on or before the last day of each month during the term of this Agreement.

5.01.2 Beginning no later than 120 days prior to the Second Anniversary of the Northpointe Home Program Commencement Date the parties agree to meet and, in good faith, negotiate a Fee ("New Northpointe Home Program Fee") which represents fair market value for the services to be provided by Consultant at the Northpointe Home Program during the remainder of the term of the Agreement, subject to Section 5.01.4 of this Agreement. Such New Northpointe Home Program Fee, as applicable, shall be payable to Consultant beginning on the later of the Second Anniversary of the Northpointe Home Program Commencement Date or the first day of the month after the amendment reflecting the new compensation has been executed by the parties hereto. If the New Northpointe Home Program Fee is not agreed upon and executed in an amendment to this Agreement by the Second Anniversary of the Northpointe Home Program Commencement Date, Company shall continue to pay Consultant the Fee then in effect until the first day of the month after the amendment reflecting the New Northpointe Home Program Fee has been executed by the parties hereto.

5.01.3 If this Agreement is terminated with respect to one or more Facilities (each a "Terminated Facility" and, collectively, the "Terminated Facilities") or termination of a Home Program but remains in full force and effect with respect to the remaining Facilities or Home Programs then the parties shall promptly and in good faith negotiate a new, adjusted Fee ("Adjusted Fee"), to be effective as of the date of termination of this Agreement with respect to the Terminated Facilities ("Facility Termination Date") or the termination date of the Home Program. The Adjusted Fee is to reflect fair market value for the services rendered hereunder with respect to the remaining Facilities and Home Programs in light of the expected decrease in work load due to removal of the Terminated Facilities or Home Programs from the Agreement and/or an increase in workload, if any, at the remaining Facilities and Home Program. The

Adjusted Fee shall be considered the Fee for purposes of this Agreement as of the Facility Termination Date and thereafter or the termination date of the Home Program.

5.01.4 If the parties are unable to reach agreement as to the Adjusted Fee as described in Section 5.01.3 above on or before (a) the Facility Termination Date or the termination date of the Home Program or (b) sixty (60) days after commencement of negotiations between the parties regarding the Adjusted Fee, whichever is later, then Company may either: (i) terminate this Agreement upon written notice to Consultant, which notice shall specify the effective date of termination of this Agreement or (ii) unilaterally reset the Adjusted Fee in Company's sole reasonable judgment consistent with fair market value.

5.01.5 The parties acknowledge and agree that the Fee payable hereunder shall be in consideration for all services to be provided hereunder and all covenants herein including, but not limited to, the restrictive covenants set forth in Section 6.

5.01.6 Consultant agrees that Company may set-off from the Fee payable hereunder any overdue amounts owed to Company by Consultant, Medical Directors or Member Physicians under any sublease or other agreement, arrangement or understanding ("Subleasing Arrangement"), related to the use by Consultant, Medical Directors or Member Physicians of any space at a Facility or the supplies, equipment and/or time/services of any personnel of the Facilities or the Home Programs, or any other item or service furnished by the Facilities or the Home Programs (collectively, "Facility Resources") for Consultant's, a Medical Director's or a Member Physician's private medical practice or any other purpose not expressly set forth herein. If no Subleasing Arrangement exists, then Consultant agrees that Company may set-off from the Fee payable hereunder the fair market value of Facility Resources used by Consultant, a Medical Director or a Member Physician for its/his/her medical practice or any other purpose not expressly set forth herein. Company shall only set-off the aforesaid amounts if: (a) Consultant receives at least fifteen (15) days prior written notice of the amount due and the basis thereof, and (b) Company has not received payment of such amount due during the above specified fifteen (15) day period.

5.02 Tax Treatment

The parties agree that the payments under this Agreement are payments for services rendered to Company by Consultant. Consultant is an independent contractor and will be responsible for the payment of all local, state and federal income, self-employment and so-called payroll taxes on the fees paid to Consultant by Company.

5.03 Method of Payment

Consultant agrees that it shall not be entitled to payment hereunder until such time as it completes and submits to Company the W-9 form attached hereto as Exhibit F and incorporated herein by reference. Upon receipt of the W-9 form, and in accordance with the terms set forth in this Section 5, Company shall pay the Fee by wire transfer pursuant to the instructions of Schedule G, attached hereto and incorporated herein by reference.

6.01.3 Confidential Information – shall mean (i) this Agreement and its terms and conditions, and (ii) any information and/or trade secret of Company or its Affiliates related to the Business, or of any entity with which Company or its Affiliates contracts to provide or receive items or services related to the Business, including, but not limited to, any formula, pattern, compilation, program, product, device, method, system, technique, process, financial information, business strategy, or costing data, patient list, payor list, manual, policy or

procedure, form, contractual arrangement, idea, creation, development, improvement or design; provided, however, that Confidential Information shall not include: (a) any information which is known to the public (i.e., persons with no past or present affiliation to Company) or (b) any information disclosed to Consultant or Member Physicians by a third party who is not bound by any confidentiality obligations with respect to such information. Examples of such Confidential Information include, but are not limited to: patient statistical profiles generated by Company or its Affiliates; pricing techniques, programs and strategies; staffing patterns; planning and construction techniques for start-up dialysis centers; manuals, policies, and procedures developed for use by patients and/or staff of a Facility and/or a Home Program; and inventory control systems including the reordering of supplies and analysis of their use.

6.01.4 Financial Benefit – shall, subject to the terms and conditions of this Agreement, include, but not be limited to, medical directorship fees, referral fees, consulting fees, dividends, lease payments, management fees or any other remuneration from any dialysis facility, home dialysis program or inpatient dialysis program or entity or operation engaged in the Business.

6.01.5 Member Physician – each physician who, as of the date of this Agreement or at any time during the Restricted Period,

- a. is employed by or affiliated with Consultant, or
- b. is a partner or shareholder of Consultant or holds a similar position, or
- c. provides services on behalf of Consultant, including but not limited to, any physician designated “Medical Director” pursuant to Section 3.01.

6.01.6 Restricted Period – shall mean the term of this Agreement (which shall include any extension of such term through course of conduct or otherwise) plus two (2) years thereafter. The parties agree that in the event of a violation by Consultant or a Member Physician of the covenants contained in this Section 6, the Restricted Period shall be extended automatically for an additional period equal to the period from the date on which such violation commenced (a) until the date on which Consultant or Member Physician ceases such violation; or (b) through and including the date of the final determination of a court that Consultant or Member Physician did violate such restrictions. Such extension of the term of the Restricted Period shall be in addition to, and not in lieu of, any other remedies available to Company.

6.01.7 Restricted Territory – shall mean the geographic area within a fifty (50) mile radius in any direction (as measured in a straight line) of any Facility and/or Home Program.

6.02 Permitted Activities

Notwithstanding anything to the contrary in this Section 6, the parties acknowledge and agree that this Section 6: (a) shall not limit Consultant, Medical Directors or Member Physicians from engaging in the practice of medicine and charging fees for administering such professional medical services to patients, (b) shall not require Consultant, Medical Directors or Member Physicians to admit individuals to, or refer any other business to, any Facility, Home Program,

Company or its Affiliates, (c) shall not require Consultant, Medical Directors or Member Physicians to prescribe, utilize or purchase any items or services from any Facility, Home Program, Company or its Affiliates, and (d) shall not restrict Consultant, Medical Directors or Member Physicians from admitting individuals to any other dialysis facility, home dialysis program, hospital or entity.

6.03 Covenant Not to Compete

6.03.1 Subject to 6.02 above, in consideration of the compensation payable hereunder and in recognition of Company's proprietary interest in its Business, Consultant and Member Physicians covenant and agree that they shall not, during the Restricted Period, directly or indirectly, alone or in association with any firm, person, or entity:

- a. engage as a principal, agent, independent contractor, consultant, manager, partner, joint venturer, proprietor, landlord, shareholder, director, officer or employee of; or
- b. participate in the ownership, management, medical directorship, operation or control of; or
- c. act as a consultant or advisor to; or
- d. hold any direct or indirect ownership or other interest in; or
- e. render services other than as a treating physician for; or
- f. otherwise assist or obtain any Financial Benefit from

any operation, person, firm, entity or enterprise, other than with Company or any of its Affiliates, that engages or proposes to engage, in the Business anywhere in the Restricted Territory.

6.03.2 Consultant and Member Physicians hereby represent, covenant and agree that they do not, and following the Commencement Date of this Agreement shall not, employ, contract, retain, engage, partner or joint venture with any person or entity which receives a Financial Benefit from any person or entity which engages in the Business anywhere in the Restricted Territory, and that no such person or entity holds, or during the Restricted Period shall hold, a direct or indirect ownership interest in Consultant.

6.04 Covenant Not to Disclose Confidential Information

Consultant and Member Physicians acknowledge that in the course of performing the duties contemplated by this Agreement, Consultant and Member Physicians will become privy to and/or have access to current and future Confidential Information of Company and its Affiliates. Throughout the term of this Agreement and at any time thereafter, Consultant and each Member Physician shall not, nor shall their respective employees and agents, use or disclose to any person, firm, corporation or entity any Confidential Information of Company or its Affiliates without the prior written consent of Company, except as may be required by law, lawful

subpoena, court order or legal process. If Consultant or Member Physicians are so required to disclose any Confidential Information of Company or its Affiliates, Consultant and/or Member Physicians, as applicable, shall provide sufficient notice thereof to Company to enable Company to seek a protective order or other appropriate legal or equitable remedy to prevent such disclosure.

6.05 Improvements to Company's Services and Products

Consultant and Member Physicians represent, covenant and agree that they hereby assign to Company or its designated Affiliate all rights, title and interest to any improvements or inventions related to Company's procedures, documents, products or services that it/he/she authors, discovers, designs, or perfects in the course of their work under this Agreement and hereby agree to execute such other documentation as Company or its designated Affiliate may reasonably require to confirm such assignment.

6.06 Covenant Not to Solicit Employees

Consultant and Member Physicians agree that Company and its Affiliates have invested and will continue to invest substantial time and effort in assembling and training its personnel. In addition, as a result of employment by Company and its Affiliates, Company's personnel gain knowledge of the Business (e.g., business affairs, marketing, patients and methods of operation) of Company and its Affiliates which Consultant and Member Physicians agree represents Confidential Information of Company and its Affiliates. Accordingly, throughout the Restricted Period, Consultant and Member Physicians agree not to induce or solicit, directly or indirectly, by or for themselves, as agent of another, or through others as their agent, any individual who is at such time an employee or consultant of Company or its Affiliates to leave employment or any contractual relationship with Company or its Affiliates, as applicable.

6.07 Joinder Requirement for New Member Physicians

Except as explicitly set forth with respect to a Temporary Medical Director as described in Section 3.01.9, Consultant agrees that it shall cause each Member Physician upon the execution of this Agreement or on the date that such physician becomes employed or affiliated with Consultant, whichever is later, to promptly execute this Agreement as a Member Physician or to promptly execute a Joinder Agreement. Notwithstanding the foregoing restriction, Consultant shall not be precluded from engaging the services of a locum tenens physician or other similar physician on a periodic and infrequent basis so long as such physician does not provide services for or on behalf of Consultant under this Agreement. The parties hereby acknowledge Company does not in any way encourage or support Consultant placing limitations or restrictions (in employment agreements or otherwise) on where Consultant's employed or affiliated physicians may refer patients or other business.

6.08 Former Member Physicians

Any Member Physician who ceases to be a Member Physician as defined hereunder (e.g., by leaving the employ of, or no longer being affiliated with, Consultant) during the Restricted

Period shall be deemed a "Former Member Physician." Each Member Physician agrees that, in the event that he or she becomes a Former Member Physician, the provisions of Section 6 shall still apply to such physician as if he or she was still a Member Physician. Notwithstanding the foregoing, the parties agree that, in the event that a Member Physician becomes a Former Member Physician, Sections 6.03 and 6.06 of the Agreement shall only apply to such physician until the earlier of (a) expiration of the Restricted Period under the Agreement, or (b) two (2) years after the date on which such physician becomes a Former Member Physician. Company and each Member Physician agree that if such physician violates the covenants contained in this Section 6 while he or she is a Former Member Physician, the Restricted Period shall be extended automatically for an additional period equal to the period from the date on which such violation commenced (a) until the date on which the Former Member Physician ceases such violation, or (b) through and including the date of the final determination of a court that Former Member Physician did violate such restrictions. Such extension of the term of the Restricted Period shall be in addition to, and not in lieu of, any other remedies available to Company.

6.09 Remedies; Survival

6.09.1 Consultant and Member Physicians have carefully considered the nature and extent of the restrictions placed upon them and the rights and remedies conferred upon Company and its Affiliates under this Agreement, and Consultant and Member Physicians hereby acknowledge and agree that such restrictions, rights and remedies are reasonable with respect to time, scope and territory, are designed to eliminate competition which otherwise would be unfair to Company and its Affiliates, would not prevent Consultant or Member Physicians from practicing medicine or nephrology in the community where they currently practice, are fully required to protect the legitimate interests of Company, and do not confer a benefit upon Company and its Affiliates disproportionate to the detriment to Consultant or Member Physicians.

6.09.2 Consultant and Member Physicians acknowledge and agree that the restrictive covenants as described in this Section 6 (collectively, "Restrictive Covenants") are reasonable and necessary for the protection of the business interests of Company and its Affiliates, that irreparable injury will result to Company and its Affiliates if Consultant or Member Physicians breach any of the terms of said Restrictive Covenants, and that in the event of Consultant's or Member Physicians' actual or threatened breach of any such Restrictive Covenant, Company and its Affiliates will have no adequate remedy at law. Consultant and Member Physicians accordingly agree that in the event of any actual or threatened breach by them of any of the Restrictive Covenants, Company and its Affiliates, as appropriate, shall be entitled to injunctive and other equitable relief, without bond and without the necessity of showing actual monetary damages, including without limitation, immediate temporary injunctive relief. Nothing contained herein shall be construed as prohibiting Company and its Affiliates from pursuing other remedies available to it for such breach or threatened breach, including, but not limited to, the recovery of any damages which it is able to prove.

6.09.3 In the event a court of competent jurisdiction determines that any portion of the foregoing Restrictive Covenants are unreasonable, then restrictions contained in the Restrictive

Covenants shall be reduced and any other modifications shall be made by the court to the extent necessary for this Section 6 to be enforced by the court.

6.09.4 The provisions of this Section 6 shall survive the expiration or termination of this Agreement.

7. TERMINATION

7.01 The Agreement shall terminate: (1) at the expiration of the period provided in Section 2; (2) upon Company's becoming insolvent, upon a petition in bankruptcy being filed designating Company as bankrupt or upon Company's being adjudged a bankrupt; or (3) upon mutual agreement between Consultant and Company.

7.02 Company, at its option, may terminate this Agreement for any of the reasons set forth below (an "Event of Default"), such termination to be effective upon written notice to Consultant or such later date as Company may specify in such notice:

7.02.1 A material breach of this Agreement by Consultant or any Member Physician which shall not be cured by Consultant within thirty (30) days of receipt of notice from Company describing such breach.

7.02.2 Indictment for any felony or any violation of a federal or state health care law by Consultant, any Medical Director or any Member Physician.

7.02.3 Exclusion or suspension of Consultant, any Medical Director or any Member Physician from participating in federal health care programs, including but not limited to Medicare or Medicaid.

7.02.4 If Consultant fails to immediately remove a Medical Director providing services hereunder in the event:

- a. the Medical Director fails to meet any of the requirements in Section 3; or
- b. of misconduct of either a personal or professional nature of the Medical Director which, in Company's reasonable opinion: (a) interferes with the Medical Director's ability to fulfill the obligations hereunder; (b) interferes with the normal conduct of the operations of a Facility and/or a Home Program, as applicable, in accordance with the policies and procedures of such Facility or Home Program; or (c) endangers patient care; or
- c. a material physical disability of a permanent nature of Medical Director occurs and renders the Medical Director, in the reasonable opinion of Company, unable to satisfactorily perform duties as contemplated herein. Consultant shall notify Company at the onset of any material physical disability of the Medical Director; or

d. Consultant fails to cause Medical Director to cease performing duties required under this Agreement upon ten (10) days' written notice by Company to Consultant that Company is not satisfied with Medical Director's performance.

e. Consultant fails to cause Medical Director to cease performing duties required under this Agreement immediately upon written notice by Company in the event a state or federal regulatory or licensing authority finds deficiencies at a Facility or Home Program that places the Facility's or Home Program's license, certification or certificate of need, as applicable, in immediate jeopardy or at substantial risk of being terminated, and/or Consultant fails to immediately find a nephrologist who meets the requirements set forth in this Agreement and is reasonably satisfactory to Company and to the FMCNA or FMS Chief Medical Officer to serve as the new Medical Director for such Facility or Home Program.

7.02.5 In the event that a nephrologist ceases to serve as Medical Director of a Facility or a Home Program, as applicable, on whatever basis, and Consultant fails within a reasonable time (as determined in Company's sole discretion) to find a nephrologist reasonably satisfactory to Company to serve as the new Medical Director for such Facility or Home Program. Payment of the Fee (prorated for partial months) shall be discontinued as of the date the Medical Director last provided services.

7.03 Upon the occurrence of an Event of Default, Company shall be entitled to pursue such legal or equitable remedies as may be available to it to collect, inter alia, its actual and consequential damages suffered as a result thereof.

7.04 Company may terminate this Agreement upon thirty (30) days prior written notice to Consultant in the event it decides to sell a Facility and/or a Home Program. If this Agreement applies to more than one Facility or Home Program, then termination under this Section 7.04 shall operate only to terminate this Agreement with respect to the Facility and/or Home Program that is sold and the Agreement shall continue in full force and effect with respect to the remaining Facilities and/or Home Programs. In such an instance, the Fee shall be adjusted as described in the pertinent provisions of Section 5.01.

7.05 Closure of a Facility

7.05.1 Company may terminate this Agreement upon thirty (30) days prior written notice to Consultant in the event that Company in its sole discretion decides it will close a Facility. The parties acknowledge and agree that Company shall use its independent business judgment when determining whether to close a Facility. Such independent judgment may be based upon various factors including, but not be limited to, the following operational considerations:

- a. Ability of the Facility to cover reasonable expenses and maintain a reasonable profit; or
- b. Concentration of other dialysis facilities in the area and prevalence of viable substitutes for in-center dialysis services in the area; or

c. Total population of patients with ESRD in the geographic area and anticipated growth in the demographics of such population.

7.05.2 Notwithstanding any provision herein to the contrary, a decision by Company to terminate this Agreement pursuant to this Section 7.05 will not be determined in a manner that will take into account the volume or value of any referrals or other business generated between the parties.

7.05.3 If this Agreement applies to more than one Facility, then termination under this Section 7.05 shall operate only to terminate this Agreement with respect to the Facility that has closed, and the Agreement shall continue in full force and effect with respect to the remaining Facilities. In such an instance, the Fee shall be adjusted as described in the pertinent provisions of Section 5.01.

7.06 Closure of a Home Program

7.06.1 Company may terminate this Agreement with respect to a Home Program upon thirty (30) days prior written notice to Consultant in the event that Company in its sole discretion decides it will close a Home Program. The parties acknowledge and agree that Company shall use its independent business judgment when determining whether to close a Home Program. Such independent judgment may be based upon various factors including, but not be limited to, the following operational considerations:

- a. Ability of the Home Program to cover reasonable expenses and maintain a reasonable profit; or
- b. Concentration of other home dialysis programs in the area; or
- c. Total population of patients with ESRD in the geographic area and anticipated growth in the demographics of such population.

7.06.2 Notwithstanding any provision herein to the contrary, a decision by Company to terminate this Agreement with respect to a Home Program pursuant to this Section 7.06 will not be determined in a manner that will take into account the volume or value of any referrals or other business generated between the parties.

7.06.3 If this Agreement applies to more than one Home Program, then termination under this Section 7.06 shall operate only to terminate this Agreement with respect to the Home Program that has closed, and the Agreement shall continue in full force and effect with respect to the remaining Home Programs. In such an instance, the Fee shall be adjusted as described in the pertinent provisions of Section 5.01.

7.07 Termination by Consultant

7.07.1 Consultant may terminate this Agreement: (1) in the event of a material breach of this Agreement by Company which is not cured by Company within thirty (30) days of receipt of

notice from Consultant describing such breach, (2) upon conviction of a felony by Company, or (3) upon exclusion or suspension of Company from participating in federal health care programs, including but not limited to Medicare or Medicaid.

7.07.2 Company shall only compensate Consultant for services rendered through the date of termination.

8. EXCLUSIVE USE OF FACILITY RESOURCES

Consultant and Member Physicians acknowledge that the space at the Facilities and the Home Programs, and the supplies, equipment and time/services of the employees of the Facilities and/or the Home Programs shall be utilized by Consultant, Medical Directors and Member Physicians exclusively (a) for the provision of dialysis services to patients of such Facility or Home Program, and (b) for the provision of services hereunder. No portion of any space at any Facility or Home Program, nor the supplies, the equipment or the time/services of any employee of a Facility or a Home Program, shall at any time be utilized by Consultant, Medical Directors or Member Physicians for their private medical practice or for any other purpose not expressly set forth in this Agreement. Notwithstanding the foregoing, Consultant, Medical Directors or Member Physicians may enter into an agreement with Company (at fair market value and in accordance with all applicable law) to use Company space, equipment or personnel for purposes related to Consultant's, Medical Directors' or Member Physicians' private medical practice or for other lawful purposes.

9. ASSIGNABILITY

Consultant and Member Physicians shall not assign or subcontract this Agreement or assign or subcontract any of their rights hereunder without Company's prior written consent, which may be withheld in Company's sole discretion. Company may assign this Agreement to any of Company's Affiliates without the consent of any of the other parties hereto. Company shall not assign this Agreement or assign any of its rights hereunder to any person or entity, other than an Affiliate, without Consultant's prior written consent, which shall not be unreasonably withheld. This Agreement shall be enforceable by or against any permitted assigns hereunder. Any attempted assignment of this Agreement in violation of the provisions of this section is void.

10. ENTIRE AGREEMENT

This Agreement contains the entire agreement of the parties with respect to its subject matter and as of the date this Agreement is fully executed, supersedes all previous and contemporaneous agreements and understandings, inducements or conditions, expressed or implied, oral or written, between the parties with respect to the subject matter hereof.

11. WAIVER OF BREACH

The failure of the parties to insist on strict performance of the provisions of this Agreement shall not be construed as a waiver of such provision or of any other default of the same or similar nature. No waiver, modification or change of any of its provisions shall be valid

unless in writing and signed by the parties against whom such claimed waiver, modification or change is sought to be enforced. One party's waiver of any default by the other party of any provision of this Agreement is not a waiver of any other default and shall not affect the right of that party to require performance of the defaulted provision at any future time.

12. SEVERABILITY; HEADINGS

If any term or provision of this Agreement or application to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected and each term and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law. The headings of sections in this Agreement are for convenience only and shall not affect or limit the interpretation of its provisions.

13. LEGAL COMPLIANCE

13.01 This Agreement shall be construed in a manner consistent with any and all applicable federal and state laws, including, without limitation, Medicare, Medicaid, the Health Insurance Portability and Accountability Act of 1996 and other Federal and State statutes and regulations and the principles and interpretations related thereto. The parties intend to comply with the provisions of 42 U.S.C. 1395nn(a)(1) and 42 U.S.C. 1320a-7b(b), as such provisions may be amended from time to time. The parties intend that this Agreement meet the requirements of (i) the Personal Services and Management contract Safe Harbor to the Medicare and Medicaid Anti-Kickback statute as set forth in 42 C.F.R. Part 1001.952(d); and (ii) the Personal Services Arrangement exception to the Physician Ownership and Referral legislation as set forth in 42 U.S.C. 1395nn(e)(3) and the corresponding regulations, if any.

13.02 The parties represent that as of the date this Agreement is executed the Fee negotiated and agreed upon is fair market value for services rendered based upon arm's length bargaining and is consistent with the value of similar services. Furthermore, the parties represent that the Fee is not and has not been determined in a manner that takes into account the volume or value of any referrals or business otherwise generated for or with respect to a Facility or a Home Program or between the parties for which payment may be made in whole or in part under Medicare or any other federal health care program.

14. LIMITED RENEGOTIATION

14.01 Notwithstanding anything to the contrary in this Agreement, (a) in the event that the performance of either party of any term, covenant, condition or provision of this Agreement should jeopardize the licensure or certification of either party or (b) if there is a future change in Medicare, Medicaid, or other Federal or State statutes or regulations or written governmental interpretations thereof ("New Law") which renders any of the material terms of this Agreement unlawful or unenforceable, then (i) the unaffected provisions of this Agreement shall continue in full force and effect and (ii) either party, upon written notice to the other party ("Renegotiation Notice"), shall have the right to immediately initiate good faith renegotiation of the affected

terms of this Agreement in order to restore, if possible, the intent and purpose of the affected provisions in the Agreement and to modify the Agreement as necessary so that such Agreement does not jeopardize the licensure or certification of either party, is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations.

14.02 If the parties are unable in good faith to come to a mutually satisfactory resolution regarding the affected terms of the Agreement and have failed to amend the Agreement (or enter into a new Agreement) within 90 days from date the Renegotiation Notice was received, then, unless the parties mutually agree otherwise in writing, the parties shall utilize binding arbitration in accordance with this Section to modify the Agreement as necessary so that such Agreement does not jeopardize the licensure or certification of either party, is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations.

14.03 The above referenced arbitration shall be triggered by one party providing the other party written notice of the arbitration required under this Section. Upon the other party's receipt of such written notice, both parties shall promptly appoint an arbitrator of choice from a list of arbitrators recognized by the American Health Lawyers Association (AHLA) Alternative Dispute Resolution Services. In accordance with the rules of the AHLA Alternative Dispute Resolution Service then in effect, such appointed arbitrators will appoint a third arbitrator from the list and they shall hear the parties and make the determination as to necessary modifications to the Agreement so that the Agreement does not jeopardize the licensure or certification of either party and is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations. If AHLA or the AHLA Alternative Dispute Resolution Service is no longer in effect, then such arbitrators shall be chosen from a list provided by the American Arbitration Association in the same manner as set forth above and such arbitration shall be conducted in accordance with the Commercial Rules of the American Arbitration Association then in effect. The parties shall irrevocably grant the arbitrators the authority to determine the modifications necessary to the Agreement so that such Agreement does not jeopardize the licensure or certification of either party and is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations. Arbitration shall be binding for settlement of the modifications necessary to the Agreement as stated in the foregoing sentence. The parties agree to immediately execute any amendment, addendum or new agreement as is necessary to memorialize such modifications to the Agreement. The parties shall share the costs of such arbitrators equally between them. Each party shall bear its own expenses of preparation for arbitration.

15. APPLICABLE LAW

This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Washington.

16. BOOKS AND RECORDS OF CONSULTANT

If required by regulations now or hereafter issued by CMS pursuant to Section 952 of the Omnibus Reconciliation Act of 1980 (Section 1861(v)(1)(I) of the Social Security Act), as amended, and the regulations promulgated thereunder, the books and records of Consultant

necessary to certify the nature and extent of costs associated with Consultant's performance of services under this contract shall be maintained and preserved by Consultant for such period of time as provided by law so as to be available for and subject to inspection and review by appropriate agencies of the United States. In addition, if and to the extent that Consultant uses the services of a related organization to provide services hereunder, Consultant will require such related organization to maintain, preserve and make available its books and records to the same extent that Consultant is so required. In the event that this Agreement is not subject to the provisions of Section 952 or regulations promulgated hereunder, this section of the Agreement shall be null and void. The provisions of this Section shall survive the expiration or termination of this Agreement.

18. COMPLIANCE TRAINING AND CODE OF CONDUCT

18.01 Pursuant to Company's compliance program and this Agreement, each Medical Director providing services hereunder shall be required to devote at least (i) two (2) hours to initial compliance and privacy training (if not already completed prior to the execution of this Agreement), which initial training shall occur no later than thirty (30) days after the Effective Date of this Agreement and (ii) one (1) hour to supplemental compliance training during each year of the term of this Agreement. The initial and annual supplemental compliance training shall, as required by Company, include, but not be limited to, one or more of the following: a review of written compliance materials, a viewing of a compliance video recording and participation in a conference call to discuss compliance issues.

18.02 In the event any Medical Director providing services hereunder fails to complete the compliance training as required in this Section, Consultant hereby acknowledges and agrees that Company may retain the Fee due Consultant for services rendered hereunder until such time as every Medical Director providing services hereunder completes the required training. Once every Medical Director has completed the required training, Company shall pay Consultant the Fee due under this Agreement retained pursuant to this paragraph, such payment to be made the month following the month in which the last training was completed in conjunction with payment of Consultant's regular monthly installment of the Fee.

18.03 Consultant and each Member Physician acknowledge having received a copy of the Code of Conduct and understand that the Code of Conduct, and any revisions to it, is applicable to the position of Medical Director of the Facilities and the Home Programs and the provision of services hereunder. Consultant and each Member Physician hereby agree to complete promptly any reasonable certification regarding the Code of Conduct as reasonably requested by Company or FMCNA.

19. THIRD PARTY BENEFICIARY

Company's present and future parent corporations, including but not limited to National Medical Care, Inc. and Fresenius Medical Care Holdings, Inc., are intended third party beneficiaries of this Agreement and shall independently have the right to enforce each of the provisions of this Agreement, including, but not limited to, the restrictive covenants contained in Section 6.

20. INDEMNIFICATION

20.01 Company shall be free from all liability and claims for damages by reason of any injury to any persons, including without limitation, Member Physicians and their agents and employees, and any property of any kind whatsoever, and to whomsoever belonging, from any causes whatsoever arising out of or through the negligence or other misconduct of Consultant or Member Physicians, or their agents or employees. Consultant hereby covenants and agrees to indemnify, defend and hold harmless Company and its Affiliates from any and all liability, claims, damages, losses, costs, obligations and expenses (including but not limited to reasonable attorneys' fees) which it may incur as a result of either the negligence or willful misconduct of

Consultant and/or Member Physicians, or the agents or employees of either, or the breach by Consultant or Member Physicians of the provisions of this Agreement. The provisions of this Section shall survive the expiration or termination of this Agreement.

20.02 Consultant shall be free from all liability and claims for damages by reason of any injury to any persons, including without limitation, Company and its Affiliates and employees, and any property of any kind whatsoever, and to whomsoever belonging, from any causes whatsoever arising out of or through the negligence or other misconduct of Company, or its Affiliates or employees. Company hereby covenants and agrees to indemnify, defend and hold harmless Consultant and Member Physicians from any and all liability, claims, damages, losses, costs, obligations and expenses (including but not limited to reasonable attorneys' fees) which it may incur as a result of either the negligence or willful misconduct of Company, or its Affiliates or employees, or the breach by Company of the provisions of this Agreement. The provisions of this Section shall survive the expiration or termination of this Agreement.

21. NO CONFLICTS

Consultant hereby represents and warrants to Company that (a) Consultant and Member Physicians are under no obligation or commitment, contractual or otherwise, that would prohibit or prevent them from entering into this Agreement, and (b) each is free to enter into and perform under this Agreement.

22. JOINT EFFORT

The preparation of this Agreement has been the joint effort of the parties, and the resulting document shall not be construed more severely against one of the parties than the other.

23. ATTACHMENTS; PRIORITY OF DOCUMENTS

All attachments (including but not limited to Schedules) to this Agreement are incorporated herein by reference and made a part of this Agreement. Notwithstanding the foregoing, to the extent that any provision of any attachment hereto conflicts or is contrary to this Agreement, then the provisions in this Agreement shall govern.

24. AUTHORIZED SIGNATURE

This Agreement shall not be deemed accepted by Company unless and until an authorized officer of Company has signed this Agreement. No other act or writing by an agent, officer or manager of Company shall cause this Agreement to be a valid, effective or binding contract on Company.

25. FORCE MAJEURE

Neither party shall be liable nor deemed in default for any delay or failure to perform any of its duties or obligations under this Agreement resulting directly or indirectly from any acts of God, civil or military authority, acts of a public enemy, terrorism, war, civil disobedience, riots,

SCHEDULE B

**FRESENIUS MEDICAL SERVICES
MEDICAL DIRECTOR DUTIES AND RESPONSIBILITIES**

The Medical Director is directly responsible for the creation, preservation and continuous improvement of high quality professional care of patients at a Facility. A Facility refers to all of the outpatient dialysis services provided by or administered out of an outpatient dialysis facility (including, for example, any and all nocturnal in-center programs, and any and all home dialysis programs)¹ which is owned or operated by a subsidiary or affiliate of Fresenius Medical Care North America (“FMCNA” or “Company”). The Medical Director is responsible for planning, organizing, conducting and directing the professional services of a Facility, and to that end, has specific duties and authorities as set forth (a) in this Medical Director Agreement (“Agreement”), (b) as required under the Conditions for Coverage for End-Stage Renal Disease Facilities, 42 C.F.R. § 494.1 *et seq.*, and the Interpretive Guidelines thereto promulgated by the Centers for Medicare & Medicaid Services (“CMS”) (collectively, the “Conditions for Coverage”), (c) as required under state licensing or other applicable laws, and (d) as assigned to him/her in the Governing Body and Medical Staff Bylaws.

While the Governing Body is responsible for overall management of such Facility and the Area Manager (or other appointed Facility Chief Executive Officer) exercises responsibility for the management of a Facility, the Medical Director shall be responsible for the delivery of patient care and outcomes in the Facility and is accountable to the Governing Body for the quality of medical care provided to patients at the Facility.² As such, it is often stated in this document that the Medical Director shall “ensure” that a particular task is completed. Where the Medical Director is to “ensure” a task is completed, it is expected that the Medical Director will perform such task personally or, through appropriate and reasonable delegation, oversee that such task is properly completed.

Medical Director responsibilities include, but are not limited to, those set forth below.

¹If a home dialysis program has a Medicare provider number different from the Medicare provider number of an outpatient dialysis facility, then such home dialysis program is a separate “Facility” for purposes of this document.

²A Facility must have a single Medical Director who meets all of the requirements under this Agreement and under the Conditions for Coverage. The Governing Body and such Medical Director may designate other physician(s) who meet all of the requirements under this Agreement, including but not limited to the requirements in Section 3.01.4 of the Agreement, and under the Conditions for Coverage to direct the home hemodialysis or peritoneal dialysis programs, provided that it is understood that any such home dialysis Medical Director reports to the Medical Director of the Facility who remains ultimately accountable for such programs, and that all home dialysis programs are under the same Governing Body and quality assessment and performance improvement program oversight as the in-center dialysis services.

I. FACILITY-BASED MEDICAL DIRECTOR DUTIES

A. On-Call Availability

1. Assist in ensuring that each attending physician (including the Medical Director if he/she is an attending physician) provides the Facility with instructions that clearly explain how he/she is to be contacted, including a valid e-mail address, office and other telephone numbers, pager or mobile phone numbers, and updates to any such information. Such requirement is due to the fact (a) that the health care of every patient must be under the continuing supervision of a physician who is available for situations involving the Facility, patients or staff and (b) the Facility must have a written plan for physician coverage during illness, vacation and holidays. The Medical Director shall ensure that Facility staff and patients are provided written instructions for obtaining emergency medical care.

2. If an attending physician cannot be located or contacted and no coverage is available or responding, provide guidance, as Medical Director, to Facility staff on how to address patient issues (e.g., refer patient to hospital, etc.) until the attending or covering physician can be contacted. The Medical Director is to follow-up with unresponsive attending physicians and take appropriate action, in conjunction with the Governing Body as necessary, to prevent future occurrences.

3. Be on-call to fulfill Medical Director functions including, but not limited to, responding to any emergency involving the Facility, patients or staff that might impact patient care, whether during operating hours or when the Facility is not open. If not available (e.g., on vacation or otherwise not available), arrange for Medical Director coverage by a physician who meets all of the requirements under this Agreement, including but not limited to the requirements in Section 3.01.4 of the Agreement, and under the Conditions for Coverage and provide the Director of Operations/Area Manager with prior notice as to the physician providing such coverage and the duration of such coverage.

B. Clinical Management

Policies and Procedures

1. Participate, as a member of the Governing Body, in the development, by means of periodic review and approval, of Company's patient care policies and procedures manual(s) for the Facility. The Medical Director may suggest changes to such policies and procedures consistent with FMCNA Clinical Policy 138-010-005 – FMCNA Policy and Procedure Guidelines (as amended) ("Procedure to Modify Policies"). This policy requires the Medical Director to correspond in writing with the Chief Medical Officer and Vice President of Clinical Quality Management to establish agreement on any changes in the policy and procedure that might be relevant to local issues.

2. Ensure that all policies and procedures relative to patient admissions, patient care, infection control, and safety, are made available to Facility staff, attending physicians and non-physician providers granted privileges to care for patients in the Facility ("non-physician

providers”). The Medical Director shall further ensure that such policies and procedures are adhered to by all such individuals who treat patients in the Facility. Such efforts may include, but not be limited to, working cooperatively with the Area Manager and the Clinical Manager who shall assist the Medical Director in the oversight and review, monitoring and implementation of policies and procedures relating to:

- Patient care and the delivery of high-quality, safe and effective dialysis.
- Facility’s quality assessment and performance improvement program (“QAI program”).
- Interdisciplinary team participation in comprehensive patient assessments and reassessments, patient plans of care, and the QAI program.
 - REMINDER: The Medical Director is not a member of the interdisciplinary team (except in the capacity as attending physician for his/her own patients). The Medical Director’s involvement is to oversee that each attending physician and other interdisciplinary team member participate per Facility policies. The Medical Director is expected to get involved if the interdisciplinary team members fail to appropriately participate, complete documentation, respond to QAI activities, etc.
- Patient rights, admission, grievances and discharge.
- Prevention, treatment, and safe contact with patients with hepatitis and other contagious diseases.
- Compliance with standards and regulations issued by CMS, AAMI, OSHA, CDC, regarding infection control and water and dialysate quality as specified in the Conditions for Coverage and prevalent in the industry.
- Timely and appropriate referral of patients for transplant evaluation.
- Disaster preparedness plan.
- FMCNA compliance programs, policies and procedures.

Patient Education on Treatment Options

3. Ensure that patients are informed about all treatment modalities and settings, including but not limited to, transplantation, home dialysis modalities (home hemodialysis, intermittent peritoneal dialysis, continuous ambulatory peritoneal dialysis (CAPD) and continuous cycling peritoneal dialysis (CCPD)), in-center hemodialysis and nocturnal hemodialysis, including, when possible, providing such information, together with Facility or Company staff, to patients prior to the initiation of dialysis at treatment options education sessions that may be held at the Facility or in the community that the Facility serves.

4. Ensure that patients receive information regarding other facilities which provide any modality not offered by the Facility.

Tracking Interdisciplinary Team Participation – Patient Comprehensive Assessments and Patient Plans of Care

5. Ensure, with the assistance of Facility management, that appropriate qualified Facility staff are participating on each patient’s interdisciplinary team. The interdisciplinary team members include, at a minimum, a patient’s treating physician (who serves as the leader), the

patient or the patient's designee (if the patient chooses), a registered nurse, a social worker, and a dietitian ("interdisciplinary team"). Medical Director shall ensure that the patient or the patient's designee is invited to the interdisciplinary team meetings. Each patient's interdisciplinary team is responsible for developing for such patient an individualized and comprehensive assessment of his/her needs which is used to develop the patient's treatment plan and expectations for care (i.e., patient plan of care). A physician extender who serves in lieu of the attending physician to the extent that state practice laws, Facility policies and the Conditions for Coverage so allow, may participate in the assessment and development of the plan of care.

The Medical Director shall:

- Ensure that an interdisciplinary team provides each patient an individualized and comprehensive assessment (and reassessment) of his/her needs with the components and frequency as set forth in the Conditions for Coverage.
- Ensure that an interdisciplinary team completes the patient's plan of care with the components and frequency as set forth in the Conditions for Coverage.
- Ensure that an interdisciplinary team appropriately tracks each patient's transplantation referrals consistent with the Conditions for Coverage.
- Assist in resolving any conflict among interdisciplinary team members regarding patient care issues and, as necessary and consistent with Facility policies, elevate such conflicts to the Medical Advisory Board and/or the Chief Medical Officer.
- Ensure that all patients have a current, properly signed, patient comprehensive assessment and patient plan of care for stable and unstable patients, as applicable, and that all standing orders are current.
- Support efforts of Facility staff to ensure patient adherence to the dialysis schedule and other treatments.

Quality Assessment and Performance Improvement

6. Have operational responsibility for the QAI Program. The Medical Director shall provide leadership of the Facility's QAI Program by serving as the chair of the QAI Committee, which is appointed by and accountable to the Governing Body. The QAI Program is designed and implemented to objectively, systematically, and comprehensively monitor, evaluate and improve the quality and appropriateness of patient care and services by identifying opportunities and resolving identified problems through the use of continuous quality improvement (CQI) methodology to achieve measurable improvement of health outcomes and reduce medical errors. The goal of the QAI Program is to maximize the number of patients who achieve each patient target as outlined in the Measures Assessment Tool (MAT) which CMS indicates is the current professionally accepted clinical standards (based on current CMS Clinical Performance Measures (CPMs), the National Kidney Foundation Kidney Disease Outcomes Quality Initiative ("KDOQI") guidelines, etc.), and on the Fresenius Medical Services ("FMS") Quality Status Reports (QSRs). The Medical Director shall:

- Prepare for, attend and, as Chair, lead the monthly QAI Committee meetings consistent with the requirements in the Conditions for Coverage and the guidelines

promulgated by the FMCNA Medical Office, as such guidelines may be amended from time to time.

- Periodically review and approve the Facility's QAI Program (and the Medical Director may suggest changes consistent with the Procedure to Modify Policies).
- Review overall quality indicators related to improved patient health outcomes in the categories set forth in the Conditions for Coverage, inclusive of the target levels in the MAT. If the quality indicators do not meet such target levels, assist in developing and oversee the corrective action plan (including, but not limited to, communications from the Medical Director to attending physician individually, through Medical Staff meetings, etc. on the relevant issues) to bring such quality indicators in conformity with the MAT target levels. If an attending physician does not agree with the target levels set forth in the MAT, then ensure that such attending physician documents his/her disagreement with such target levels in the applicable patient's medical record and provide rationale and new targets that the QAI Committee is informed.
- Educate Facility staff, attending physicians and non-physician providers in the QAI Program objectives.
- Review the method of prioritizing the importance of improvement projects.
- Include and encourage all staff to participate towards achieving QAI Program goals.
- Communicate with the Governing Body regarding the status of QAI Program activities and regarding needs identified by the QAI team, particularly when resources are required to address QAI Program improvements.
- Provide clinical guidance regarding the development of performance improvement plans/activities.
- Participate in the evaluation of the effectiveness of performance improvement plans/activities.
- Oversee infection control and water and dialysate quality which duties are set forth in more detail below.

7. Review Clinical Variance Reports (CVRs) (adverse events) with Clinical Manager and QAI Committee to ensure appropriate intervention.

8. Monitor, with the Clinical Manager and QAI Committee, CVRs and assist in submission of MDRs when appropriate to do so.

9. For better focus on continuous improvement in the quality of care provided to patients and continuous compliance with the Conditions for Coverage, it is Company's and FMCNA's strong recommendation that the QAI Committee of each Facility and/or Home Program convene separately to discuss solely that Facility's and/or that Home Program's quality-related matters. The QAI Committees of multiple Facilities and/or Home Programs may consolidate their meetings if (a) such QAI Committees determine that consolidation may better identify trends, improve consistency of care and improve the overall quality of care provided to patients within a geographic area, and (b) the applicable FMCNA Regional Vice President, Group Vice President, Division President or Chief Medical Officer (or designee) has provided written approval permitting such consolidated QAI meetings, which written approval shall be renewed on an annual basis.

Infection Control

10. Assume accountability, as the leader of the QAI Committee, for oversight of infection control issues. The Medical Director shall:

- Ensure compliance by Facility staff with the standards and regulations regarding infection control issued by CMS, AAMI, OSHA, CDC as set forth in the Conditions for Coverage.
- Ensure adherence by Facility staff to Facility policies and procedures regarding infection control.

- Ensure that he/she is familiar with and able to describe the Facility's infection control program and reporting mechanisms.
- Ensure Facility reports all communicable diseases to the state and CDC as required pursuant to applicable federal and state laws and regulations.
- Ensure all Facility staff wear appropriate personal protective equipment when at risk for blood splatter and practice hand hygiene as appropriate and in accordance with Facility policies and procedures and the Conditions for Coverage.
- Participate in CQI activities that may decrease rates of infection and catheters.

Water and Dialysate Quality

11. Oversee the safety and quality of the water used for patient treatments. The Medical Director shall:

- Participate in Company-sponsored educational efforts regarding water and dialysate quality.
- Ensure that he/she is knowledgeable of the water treatment system installed and assure that the system, as installed, will produce water meeting AAMI quality standards.
- Oversee the performance of biomedical staff and the proper functioning of water treatment equipment by visual observation of the equipment on a quarterly basis.
- Ensure, as leader of the QAI Committee, that water and dialysate monitoring is continuously reported to the QAI Committee and documented within the QAI materials.
- Participate in analyzing and addressing water or dialysate quality test results outside of expected parameters.
- Review and sign each month the following reports: AAMI water quality reports, chlorine and chloramine log, and endotoxin/colony count reports.
- Ensure compliance by Facility staff with standards and regulations regarding water and dialysate quality issued by CMS and AAMI as set forth in the Conditions for Coverage.
- Ensure adherence by Facility staff with Facility policies and procedures regarding water and dialysate quality.
- Ensure Facility Staff shall immediately notify the Medical Director in the event of a chlorine or chloramine breakthrough.

- Consistent with Facility policies and procedures, develop standard protocols in conjunction with Company and/or Facility management which require blood and dialysate cultures and endotoxin levels be collected routinely. In the event of patient adverse reaction(s) potentially related to the water treatment or dialysate systems, then such tests shall be repeated with appropriate patient evaluation (including blood cultures).
- Ensure that he/she and other appropriate Facility staff are able recognize the need to evaluate the water system in the event of patient adverse reaction(s) potentially related to the water treatment or dialysate systems and to take indicated corrective action.
- Collaborate with Medical Advisory Board-initiated quality improvement programs regarding water and dialysate quality.

Patient Involuntary Discharge Policies

12. Ensure that all Facility staff and the interdisciplinary team members follow the Facility's patient discharge and transfer policies and procedures. If transfer or discharge is due to a patient's abusive or disruptive behavior which seriously impairs the delivery of care to the patient or the ability of the Facility to operate effectively, ensure that interdisciplinary team, before any such discharge or transfer:

- Is aware of ESRD Network rules regarding patient discharges.
- Reassesses the patient consistent with the comprehensive patient assessment process.
- Documents the problem and ongoing efforts to resolve the problem.
- Obtains a written discharge or transfer order signed by the attending physician and Medical Director.
- Documents efforts to place the patient in another facility.
- Notifies the state survey agency (e.g., state department of health) and the ESRD Network.

In the case of immediate severe threats to the health and safety of others, ensure that the Facility utilizes the abbreviated involuntary discharge procedure approved by the Governing Body.)

13. If a Medical Director objects to the discharge or transfer of a patient, the Medical Director shall confer with the Chief Medical Officer or his designee.

Delivery of Oral Medications to Facility Patients

14. Assist the Clinical Manager and other authorized Facility staff in overseeing the receipt and storage of oral non-narcotic medications from the patients' applicable pharmacy and the delivery of such oral medications to patients for their self-administration outside the Facility. 10. Ensure that any home staff assist dialysis program conforms to the requirements for home dialysis programs generally as set forth above. With the assistance of Facility management, ensure compliance with any additional policies, procedures, training and equipment requirements, and applicable CMS guidelines, protocols or regulations which may apply to a home staff assist dialysis program. For residents of Nursing Homes or Skilled Nursing Facilities participating in a home staff assist dialysis program, ensure that there is sufficient communication, information sharing and collaboration between the health care facilities regarding the medical needs and care being provided to such patients.

SCHEDULE C

QUALITY PROGRAM

The Company's Quality Program emphasizes a limited number of quality outcomes that have the highest impact on patient survival and uses an UltraScore to identify facilities with the strongest quality outcomes and, equally importantly, to identify facilities whose quality outcomes are improving. The UltraScore is made up of two components:

The first component, the sub-score, represents the sum of five actionable outcomes that have been shown in published literature and the Company's own data to have a strong correlation with patient hospitalization and mortality. For hemodialysis programs, these five outcomes are the percentage of patients in a Facility with:

- a. eKt/V of 1.2 or greater
- b. Hemoglobin between 10-12 g/dl (Patients with a hemoglobin greater than 12 and not administered an ESA for the prior 30 days are considered to have met this target)
- c. Albumin of 4 g/dl or greater
- d. Phosphates between 3.0 to 5.5 mg/dl
- e. No catheters

For peritoneal dialysis programs, the sub-score is calculated from the same five outcomes except for the following modifications:

- a. The dose of dialysis is measured weekly as wKt/V and the outcome is the percentage of patients with wKt/V of 2.0 or greater.
- b. Peritonitis rates replace no catheters, with the calculation being the percentage of patients with one or fewer episodes of peritonitis in 24 months.

The second component of the UltraScore is the standardized mortality ratio (SMR) for the Facility. The use of the SMR automatically adjusts for differences in patients' age, sex, race and presence or absence of a diabetic diagnosis. The average SMR is 1.0.

The SMR will be calculated and used only for hemodialysis programs with 25 or more patients and for peritoneal dialysis programs with 10 or more patients. For Facilities with fewer than 25 hemodialysis patients or 10 peritoneal dialysis patients, the UltraScore will consist of only the five outcomes that make up the sub-score. When hemodialysis or peritoneal dialysis programs increase their census above these thresholds, the SMR component will be added to calculate the UltraScore.

In all other Facilities, the UltraScore is calculated using SMR and the formula $UltraScore = Sub-score + 100(1-SMR)$. For Facilities with $SMR \geq 2.0$ (twice the average mortality), the maximum impact will be a subtraction of 100 points. For facilities with $SMR = 0$, the maximum impact will be an addition of 100 points.

2.3 Parking and Access Privileges. Without limiting those Rights granted to Tenant elsewhere in this Lease, Landlord represents and warrants unto Tenant that Tenant and Tenant's invitees, guests, patients, and employees shall at all times during the Lease Term have access for ingress and egress to and from the Building and Leased Premises, and shall have the right to park automobiles in all parking areas and garages adjacent to the Leased Premises and otherwise located upon the Common Areas at no charge, and that Landlord shall maintain adequate lighted, drained and signed parking for the Building at all times during the Lease Term, and such parking areas shall comply with all applicable laws, regulations, and ordinances. Without limiting the foregoing in any manner or to any extent, as pertains to parking, Landlord does hereby covenant that (i) no portion of the parking areas in the vicinity of the Leased Premises shall be used by Landlord or other tenants of the Building or others for any purpose whatsoever other than for, or that would interfere with, pedestrian and vehicular traffic and guest, customer, patient and invitee parking, without the prior written consent of Tenant, (ii) Tenant shall, at all times during the Lease Term, have available to it not less than sixty (60) spaces located in the parking deck to be constructed by Landlord on the Land in connection with the initial construction of the Building as designated and identified on the Site Plan attached as Exhibit "B-1" hereto, (iii) there will be two (2) covered parking spaces located directly in front of the access point to the Leased Premises and designated exclusively for the drop off/pick up of Tenant's patients and two (2) parking spaces located directly in front of the access point Leased Premises to accommodate handicap parking for van-size vehicles, both as also depicted on the Site Plan attached as Exhibit "B-1" hereto. Landlord agrees to place a sign or signs upon such spaces informing other tenants and the public of the reserved status of such spaces. If, at any time during the Lease Term, access for ingress or egress to and from the Leased Premises is lost or materially interfered with, or the parking areas (including said designated parking spaces) are lost by condemnation, or are otherwise materially obstructed, thereby limiting Tenant's or its patients' use thereof (as determined in the reasonable discretion of Tenant), Landlord agrees to work with Tenant in good faith to relocate such access or, as applicable, the non-exclusive and designated parking areas to another area in close proximity to the nearest entrance to the Leased Premises; provided, however, if such relocation cannot be accomplished to the sole, yet reasonable satisfaction of Tenant, within thirty (30) days Tenant shall have the right to terminate this Lease.

2.4 Deliveries Access. Tenant shall have the right to conduct deliveries of goods and supplies via semi-tractor truck transport or otherwise at the Leased Premises at any time during the Lease Term. The carrier(s) making such deliveries to Tenant and the Leased Premises shall have the right to

temporarily park its vehicle in any egress/ingress lanes and parking areas on the Land, and, subject to applicable ordinance(s), on any adjacent street(s) to the Leased Premises, for purposes of loading and unloading. Should such rights be materially obstructed (as determined in Tenant's sole discretion), then in such event, but subject to Landlord's right to first cure such obstruction within ninety (90) days after Tenant serves notice upon Landlord of such default, Tenant may remove the obstruction, and Landlord shall reimburse Tenant for the reasonable costs thereof.

2.5 Contingencies. In addition to any and all other conditions precedent otherwise set forth in this Lease, including as regards Landlord's obligations under Section 5.1, Tenant's obligations under this Lease are expressly contingent upon the occurrence of each of the following events (each a "Contingency") on or before the date which is one hundred twenty (120) days from the Effective Date (unless a shorter period be set forth below):

(a) Landlord shall have taken fee simple title to the Land, free and clear of any encumbrances, liens or other matters which would (i) prohibit or interfere with Tenant's use of the Leased Premise for the Permitted Use, and/or (ii) materially interfere with the construction of the Building and other improvements thereon in accordance with the Landlord's Plans.

(b) Landlord and Tenant must have received all required zoning variances, land development approvals, parking special exceptions and other approvals necessary in the reasonable discretion of Landlord and Tenant allowing for the unqualified issuance of those building permits and other permits and approvals necessary for the construction of the Building, site improvements and Tenant Improvements in accordance with the Landlord's Plans and Tenant's Plans, respectively, and to, upon completion of the Tenant Improvements, permit the use of the Leased Premises for the Permitted Use as of the Commencement Date of the Lease Term;

(c) Tenant, in conjunction with its counsel, must have received from Landlord (at Landlord's cost and expense) and approved a current (not dated more than 90 days prior thereto) ALTA/ACSM survey of the Land certified, in addition to Landlord and its lender, as applicable, to Tenant depicting the boundaries of the Land, all improvements existing thereon and proposed to be constructed thereon (including the Building and location of utility lines serving same), all re-platting matters and subdivisions, if any, which Landlord elects to, or is required to, undertake in conjunction with the development of the Building and the Land for same and displaying the size of the Land (in acreage and square footage), the address of the Land and the location of all easements and other matters of record as indicated upon Exhibit "C" hereto (including the proposed layout of relocation of any easements set forth in Exhibit "C" as of the Effective Date hereof that potentially interfere with the proposed Building), and all of which must be acceptable to Tenant in its discretion, including, without limitation, confirmation that the Exhibit "A" Land legal description herein matches said survey legal description;

(d) Subject to Landlord's continuing obligations under Article 17 following the Commencement Date, Tenant must have received (i) consent, recognition and non-disturbance agreements in a form and of content acceptable to Tenant and its counsel in their discretion from each lender or other secured party having a mortgage, deed of trust or similar secured interest in the Leased Premises as of the Effective Date of this Lease and thereafter, and (ii) a Memorandum of Lease executed by Landlord in a form acceptable to Landlord and Tenant for recording reflecting Tenant's leasehold interest in the Leased Premises and other matters as the parties thereto may agree; and

If any one or more Contingency or Contingencies is or are not fulfilled to the satisfaction of Tenant by the date(s) written above, Tenant may either, in its sole discretion and without further liability: (i) terminate this Lease, and upon such termination, neither party shall owe any further obligation to the other under either agreement; or (ii) by written notice to Landlord extend the date by which such Contingency or Contingencies must be fulfilled to a date on or before the date which is thirty (30) days from the expiration of the 120 day period set forth above, in which case the Commencement Date and the Rent Commencement Date shall be adjusted by a like number of days. If Tenant extends the Contingencies satisfaction date as contemplated by (ii) above and any one or more Contingency or Contingencies is or are not fulfilled to the satisfaction of Tenant by that new date, Tenant may, in its sole discretion and without further liability, terminate this Lease upon further written notice to Landlord, and upon such termination, neither party shall owe any further obligation to the other hereunder.

ARTICLE 3 TERM

3.1 Term. The term of the Lease shall commence following the Preliminary Term and upon the Commencement Date as determined pursuant to Section 3.2 hereof (the "Commencement Date"), and shall continue for a period of ten (10) years following the Commencement Date. If the Commencement Date is not the first day of a month, then the term of the Lease shall be ten (10) years plus the partial month in which the Commencement Date occurs (the "Lease Term" or "Term"). In addition, the Lease Term shall include any and all renewals and extensions of the Lease Term hereafter exercised by Tenant.

3.2 Commencement Date.

(a) The Commencement Date shall be that date which is thirty (30) days from receipt of certificate of occupancy (or local equivalent) from the local governmental authority allowing Tenant to use the Leased Premises for the Permitted Use, but in no event shall the Commencement Date be later than the date which is 150 days from the Beneficial Occupancy Date. Upon confirmation of the Commencement Date, Landlord and Tenant shall execute the Commencement Date Rider, which shall conclusively establish the Commencement Date as well as the Rent Commencement Date hereunder.

3.3 Renewal Options. Tenant shall have two (2) separate options to renew this Lease under the same terms and conditions as provided herein each for a consecutive five (5) year term (the "Option Terms" or "Renewal Terms"), exercisable by providing Landlord written notice Tenant's intent to exercise the renewal option at least six (6) months prior to the expiration date of the Lease Term or the applicable Option Term. Base Rent for each of the Renewal Terms, if exercised, shall be equal to the then prevailing (i.e., as of the date Tenant serves notice of its intent to renew) "Market Rate" for comparable commercial space in the Spokane, Washington geographic area. The "Market Rate" for such Renewal Term for the Leased Premises shall be determined by the following procedure: (i) within fifteen (15) days after Tenant's delivery of written notice of exercise of a renewal option provided in this Lease, Landlord will deliver to Tenant a written statement of Landlord's proposed Renewal Term Base Rent rate; (ii) within fifteen (15) days after Landlord's delivery of Landlord's proposed Base Rent figure for the subject Renewal Term, Tenant will indicate in writing Tenant's agreement or disagreement with Landlord's proposed Base Rent figure; (iii) if Tenant agrees with Landlord's proposed Base Rent figure, Landlord's proposed Base Rent figures will be the Base Rent applicable during the subject Renewal Term exercised by Tenant; and (iv) if, on the other hand, Tenant disagrees with Landlord's proposed Base Rent figure and Landlord and Tenant are unable to agree on a Base Rent figure or figures within subsequent thirty (30) days after Tenant's written advisement to Landlord of Tenant's disapproval, Tenant may, within the following fifteen (15) days serve written notice to Landlord of the withdrawal and rescission of its exercise of the subject Renewal Term, and Landlord shall be bound by such notice with this Lease to

thereafter terminate upon the expiration of the Lease Term then in effect, or Tenant may notify Landlord that it desires to have the Base Rent for the forthcoming Renewal Term determined by appraisal, whereupon Landlord and Tenant, within ten (10) days after such notice, will each appoint a real estate appraiser with at least five (5) years' commercial appraisal experience in the relevant geographic area and serve the other party with written notice of the appointment of such appraiser. If the two appraisers are appointed as stated in this Section, Landlord's appraiser and Tenant's appraiser will promptly meet and reach agreement, evidenced by a signed writing, which will establish and bind both Landlord and Tenant as to the Market Rate; if Landlord's appraiser and Tenant's appraiser fail to reach agreement within fifteen (15) days after the date the second of the two is appointed, the two appraisers will within five (5) days after the expiration of such fifteen (15) day period select a third appraiser meeting the qualifications stated in this Section; within ten (10) days after appointment of the third appraiser a majority of the appraisers will make a determination of the Market Rate; if a majority of the appraisers are unable to reach agreement on the Market Rate within the stipulated period of time, the Market Rate (90% of such being the subject Renewal Term Base Rent) will be as established by the third appraiser; if either Landlord or Tenant fails to appoint an appraiser or Landlord's or Tenant's appraiser fails to act as required herein, Landlord and Tenant agree that the properly performing party may act unilaterally to establish the Market Rate and the same will be binding on Landlord and Tenant; all appraisal fees incurred to establish the Market Rate will be paid one-half (1/2) by Landlord and one-half (1/2) by Tenant. In determining the Market Rate, Landlord, Tenant and the appraisers will be bound by the following guidelines: the use of the Leased Premises will be limited to the uses and purposes set forth in this Lease, as modified, whether or not the same constitute the highest and best use to which the Leased Premises might be put; the value of the use of the Leased Premises will be limited to the applicable Renewal Term; no tenant improvement allowance for the applicable Renewal Term shall be taken into account in determining the Market Rate; the Market Rate shall include any concessions being offered in the applicable geographical area at the time of the Market Rate determination; and the Market Rate will be otherwise determined subject to the terms and conditions set forth in this Lease.

Notwithstanding the foregoing, however, in no event shall the Base Rent for the first year of a Renewal Term(s) be less than the Base Rent for the immediately preceding Lease Year.

3.4 Right of First Refusal. Tenant shall have the continuing right of first refusal to lease any additional space in the Building (the "Option Space") as such space may from time to time become available during the Lease Term (whether by expansion of the Building or otherwise). Rockwood Clinic shall have an equal right of first refusal to any space vacated by Tenant during the Lease Term. Landlord shall notify Tenant within thirty (30) days prior to such Option Space becoming available. Tenant shall have a period of thirty (30) days thereafter to notify Landlord in writing whether Tenant elects to lease such Option Space in accordance with this Section. The terms and provisions of this Lease shall govern the leasing of such Option Space, with the base rental therefor being equal to the Base Rent hereunder. Should Tenant decline to lease such Option Space under this Section 3.4, then, in such event, Landlord may proceed to lease such space on terms no more beneficial than those offered to Tenant. If such Option Space is not leased to any third-party within six (6) months of Tenant's declining to lease such Option Space as provided herein, this Section 3.4 shall again become operable with respect to such Option Space. Tenant's refusal to lease any one portion of Option Space shall not be construed as a waiver of its rights under this Section 3.4 as to any other Option Space which may become available from time to time.

ARTICLE 4 RENT

4.1 Base Rent. The Base Rent figures shall be calculated upon the completion of the Building in accordance with the formula set forth in Exhibit "E-1" attached hereto and made a part hereof. The final Base Rent figures shall be based upon the final square footage determination (anticipated at the

time of execution of this Lease to be 14,000 square feet) of the Leased Premises and be inserted into the Commencement Date Rider attached as Exhibit E.

Base Rent payments shall commence on the Rent Commencement Date (said date being the same as the Commencement Date) and shall continue thereafter during each Lease Year of the Lease Term (including Renewal Terms exercised by Tenant, if any). Monthly installments of Base Rent shall be due on or before the first (1st) day of each calendar month during the Lease Term (on and after the Rent Commencement Date), but Base Rent shall not be deemed to be late until after the tenth (10th) day of the month. If the Rent Commencement Date is not on the first day of the month, then Base Rent for the month in which the Rent Commencement Date occurs shall be pro rated based upon the remaining days in that month.

4.2 Additional Rent

(a) *Monthly Payments.* Tenant shall pay Landlord, as Additional Rent, monthly in advance a sum equal to 1/12th of Tenant's Proportionate Share of Real Estate Taxes, Insurance Expenses and Common Area Maintenance Expenses (collectively referred to as "Operating Expenses"). If the first and/or last Lease Years of the Lease Term shall not coincide with a calendar year, then Tenant's obligation for Operating Expenses attributable to the partial calendar year shall be pro rated on the basis of the ratio between the number of days of such partial calendar years and 365. Monthly payments of Additional Rent shall be due on or before the first (1st) day of each calendar month of each Lease Year during the Lease Term (on and after the Rent Commencement Date), but Additional Rent shall not be deemed to be late until after the tenth (10th) day of the month in which such payments are due. If the Rent Commencement Date is not on the first day of the month, then Additional Rent for the month in which the Rent Commencement Date occurs shall be pro rated based upon the remaining days in that month. Additional Rent to be charged to Tenant as of the Rent Commencement Date, but subject to annual adjustment thereafter as herein provided, will be \$2.91 per rentable square foot, or \$3,395 per month.

(b) *Determination of Operating Expenses.* Following the Commencement Date of the Lease Term and Rent Commencement Date, at the end of each Lease Year, the Landlord shall give written notice to the Tenant setting forth in reasonable detail by category the Operating Expenses for the Lease Year just ended (in excess of Base Year Operating Expenses) and an estimate of Operating Expenses for the ensuing year. If Tenant's Proportionate Share of Operating Expenses for the Lease Year just ended exceeds the aggregate monthly payments of Additional Rent paid by Tenant for such Lease Year, then Tenant shall pay the difference to Landlord within thirty (30) days of Tenant's receipt of such notice, subject however, to Tenant's right to contest such determination. If the aggregate monthly payments of Additional Rent exceed Tenant's Proportionate Share of Operating Expenses for the Lease Year just ended (in excess of Base Year Operating Expenses), then the Tenant may deduct such difference from its next monthly payments of Base Rent and Additional Rent. Landlord shall be permitted to charge a nine percent (9%) per annum administration fee on all Common Area Maintenance Expenses (but not Real Estate Taxes or Insurance Expenses).

(c) *Contest.* Tenant shall have thirty (30) days to dispute the Landlord's calculation of Operating Expenses for each Lease Year by submitting written notice to Landlord, which notice shall include the specific allegations of Tenant's dispute. If within thirty (30) days after the submittal of the written notice, no settlement is reached, the disputed Operating Expenses items shall be referred to a certified public accounting firm selected by Landlord, and approved

by the Tenant, to resolve the disputed items. In the event the determination results in a variance of five (5%) per cent or less in the Tenant's Proportionate Share of Operating Expenses for the prior year, Tenant shall pay the expenses involved in such determination.

4.3 Late Payment of Rent. All Rent or other payments due hereunder, if not paid when due, shall bear interest per annum at two percentage points (2.0%) higher than the prime rate published in The Wall Street Journal, said interest rate to be adjusted on the date the prime rate changes, but not to exceed the maximum lawful rate of interest chargeable under the laws of the State (the "Default Rate"), from the date due until paid.

4.4 Payment Location. All Rent payable to Landlord under the terms and conditions of this Lease shall be paid to Landlord at Landlord's offices having that address set forth in the opening provision of this Lease, or at such other place/address as Landlord may hereafter from time to time designate in writing to Tenant in the manner contemplated by Section 22.5 of this Lease.

ARTICLE 5 IMPROVEMENTS

5.1 Construction of Building and Leased Premises by Landlord. Landlord will commence construction of the Building to contain the Leased Premises within a reasonable time following the Effective Date. With respect thereto, Landlord shall take, at its sole cost and expense, all actions necessary and appropriate to complete the construction to the Building, including the Leased Premises (save and except the Tenant Improvements to be constructed by Tenant), and to complete, in their entirety, those improvements to and upon the Land as contemplated and described in those drawings, details manuals, plans and specifications constituting the final Landlord's Plans so that, upon the Beneficial Occupancy Date, the Leased Premises are, subject only to immaterial punch list matters, delivered in the improved condition called for hereunder (and per said Landlord's Plans) to Tenant for its completion of the initial Tenant Improvements described in Section 5.2. Should Landlord fail to complete the Building and other improvements contemplated by the Landlord's Plans and as a result the Beneficial Occupancy Date shall not have occurred by August 2, 2003, then, in such event, for each day following said date, Tenant shall be entitled to one (1) day's credit against its Rent obligations hereunder for each day that the Beneficial Occupancy Date is delayed thereafter. The Commencement Date shall also be adjusted accordingly. Further, if Landlord is thereafter still unable or unwilling to complete the Building and all improvements related to such project and as a result the Beneficial Occupancy Date has not occurred by September 1, 2003, then Landlord shall pay Tenant, as liquidated damages and not as a penalty, \$200 per day for each day the Beneficial Occupancy Date is further delayed thereafter. Landlord shall, at its sole cost and expense, obtain and maintain all authorizations, approvals and permits required by any governmental entity for the Landlord's work described herein to be performed by Landlord. Landlord warrants to Tenant that the Landlord's work shall be completed by Landlord in a good and workman-like manner, free from faulty materials, in accordance with all applicable legal requirements and sound engineering standards, and in accordance with the Landlord's Plans, and such warranty includes, without limitation, the repair or replacement (including labor), at Landlord's sole cost, of all materials, fixtures and equipment which are defective or which are defectively installed by Landlord or its contractor(s) or any subcontractor(s), in connection therewith. Within thirty (30) days after delivery of the Leased Premises to Tenant upon the Beneficial Occupancy Date, Tenant shall submit to Landlord a written itemization (the "First Punch List") of any items of construction that were not properly completed pertaining to the Landlord's work hereunder. Upon receipt of the First Punch List following the Beneficial Occupancy Date, Landlord shall expeditiously (but not later than thirty (30) days thereafter) cause such items to be corrected or completed. Within ninety (90) days following the Beneficial Occupancy Date, Tenant shall submit to Landlord a written itemization (the "Second Punch List") of items of construction with respect to the Building, Common Areas and/or Leased Premises that remain not properly completed

by Landlord. Upon receipt of such Second Punch List, Landlord shall expeditiously (but not later than thirty (30) days thereafter) cause such items to be corrected or completed. During construction of the Landlord's work, Landlord shall maintain, or cause its contractor(s) to maintain, builder's risk insurance on an "all risks" basis, including stored materials, broad form public liability insurance, worker's compensation insurance and such other insurance as Landlord or its contractor deems necessary, all in such amounts as mutually agreed upon by Landlord or its contractor(s), but not less than that required by applicable law. In addition, in conjunction with delivery of the Leased Premises to Tenant upon the Beneficial Occupancy Date: (i) Landlord shall secure and deliver to Tenant the required preliminary certificate of occupancy (or the substantial equivalent under applicable state or local law) to permit the use and occupancy of the Building by Tenant for the purposes of constructing the Tenant Improvements and, thereafter, for the Permitted Use; (ii) Landlord shall secure and deliver to Tenant a notarized and acknowledged certification that the portion of the project being the responsibility of the Landlord has been completed in accordance with the Landlord's Plans, subject only to normal punch list items that will not interfere with Tenant's completion of the Tenant Improvements or Tenant's business operations; (iii) Landlord shall secure and deliver to Tenant a certification by the Landlord's architect stating that the proper federal, state, county, regional and local authorities, including those having jurisdiction over applicable zoning and building have issued all licenses, permits, approvals and consents necessary in connection with the construction undertaken by Landlord and allowing occupancy of the project by Tenant for the Permitted Use, subject only to completion by Tenant of the Tenant Improvements; (iv) Landlord shall, at its sole cost and expense, secure and deliver to Tenant, and Tenant and its counsel must have approved, an updated and revised then "As-Built" ALTA/ASCM survey depicting all improvements made to the Land by the Landlord pursuant to the construction obligations of Landlord under this Lease; and (v) Landlord shall deliver to Tenant its (Landlord's) certification stating that, to the best of its knowledge: (A) all of the Landlord's work with respect to the project, including all Tenant approved changes thereto, if any, comply with the Landlord's Plans, all applicable legal requirements and any private covenants, requirements and restrictions applicable to the project generally; and (B) the project is complete, in clean and first-class condition, and where applicable, in working order, such that Landlord and Tenant may perform their post-Beneficial Occupancy Date obligations in the manner required by the Lease. Without limiting its obligations under this Lease, Landlord shall, at its sole cost and expense, obtain and maintain all authorizations, approvals and permits required by any governmental entity for the Landlord's work described herein to be performed by Landlord or its contractors, unless otherwise agreed in writing. Tenant shall cooperate with Landlord in obtaining such authorizations, approvals or permits. Without limiting or amending Landlord's obligations elsewhere under this Lease as to the Leased Premises, Common Areas and Land following the Beneficial Occupancy Date, Landlord warrants to Tenant, for one (1) year after the Beneficial Occupancy Date and for the term of any warranties for materials, supplies or equipment, less ordinary wear and tear, that the Landlord's work contemplated hereby shall be completed by Landlord and its contractor(s) in a good and workman-like manner, free from faulty materials, in accordance with all applicable legal requirements, and sound engineering standards, and in accordance with the Landlord's Plans. Such warranty includes, without limitation, the repair or replacement (including labor), at Landlord's sole cost, of all materials, fixtures and equipment which are defective or which are defectively installed by Landlord, the contractors (as pertains to the Landlord's work), and any subcontractors, in connection with the Landlord's work. Landlord shall, at Tenant's option, assign to Tenant, or enforce for the benefit of Tenant, all warranties from subcontractors and material suppliers for such materials, workmanship, fixtures and equipment in effect after the expiration of such twelve (12) month warranty period; the provisions of the foregoing shall survive the termination or expiration of the Lease.

5.2 Installation and Construction of Tenant Improvements. Following delivery to and acceptance by it of the Leased Premises on the Beneficial Occupancy Date, Tenant shall install and construct within or about the Leased Premises the initial Tenant Improvements as contemplated by the

Tenant Improvement Plans. Landlord acknowledges and agrees that, it has, prior to executing this Lease, reviewed to its satisfaction the Tenant Improvement Plans and hereby fully consents to any and all modifications, changes, improvements or otherwise which Tenant initially contemplates making to or about the Leased Premises, per the Tenant Improvement Plans; provided that all Tenant Improvements shall be made by Tenant in full compliance with all laws, regulations and requirements of all governmental agencies and authorities having jurisdiction over the same. All contractors constructing the Tenant Improvements must be approved by Landlord, which approval shall not be unreasonably withheld, conditioned or delayed. Landlord acknowledges and agrees that Tenant may, as part of its initial Tenant Improvements, install upon the roof of the Leased Premises or upon portions of the Land in close proximity to the Leased Premises a stand-by electrical generator, together with transfer switch, for back-up power to serve the Leased Premises. Tenant shall provide Landlord with the size and nomenclature of such generator prior to the installation of the same, and Landlord shall have the right to approve the exact placement of the generator, which approval shall not unreasonably withheld, conditioned, or delayed. Landlord shall correct, at its expense, any latent defects in the Leased Premises discovered during the construction of the Tenant Improvements. Tenant shall keep the Leased Premises free of any materialman's or mechanic's liens arising out of the construction of the Tenant Improvements, and shall bond off or discharge any such lien within ten (10) days of Tenant's receipt of notice of the existence of such lien.

ARTICLE 6 MAINTENANCE AND REPAIRS

6.1 Landlord's Maintenance Obligations. Landlord, at Landlord's sole cost and expense, shall, at all times following the Effective Date, promptly provide and/or make all repairs, perform all maintenance, and make all replacements in and to (i) the roof and all structural elements of all improvements and buildings within and upon the Building, including the Leased Premises, together with all floor slabs, (ii) parking lots and all other Common Areas, (iii) general mechanical systems such as HVAC, plumbing or electrical systems serving the Building (but excluding dedicated HVAC, plumbing, electrical systems and other mechanical systems installed by Tenant within the confines of the Leased Premises and used exclusively by Tenant within the Leased Premises), and (iv) lighting within and upon the Common Areas of the Building from 4:00 a.m. local time to 11:00 p.m. local time each day. Landlord does hereby agree, in the event circumstances reasonably dictate that safety or emergency conditions exist as a result of any of the foregoing falling into disrepair, to make repairs, perform maintenance and make any replacements to such foregoing matters within three (3) business days of the earlier of (a) Landlord first acquiring knowledge of a deteriorated condition through whatever source, or (b) notice by Tenant to landlord of the deficient situation. Landlord shall pay for repairs or replacements as to matters being the Tenant's obligations under this Lease, including under Section 6.2 below, to the extent such repairs or replacements becomes necessary by reason of the uninsured negligence of Landlord, its agents, servants or employees.

6.2 Tenant's Maintenance Obligations. Following the Commencement Date, Tenant, at Tenant's sole cost and expense, shall promptly make (normal wear and tear and casualty and condemnation loss excepted) all repairs, perform all maintenance, and make all replacements in and to the interior of the Leased Premises (including HVAC, plumbing, electrical or mechanical systems, if any, installed by Tenant within the Leased Premises and used by it exclusively within the Leased Premises) not otherwise the obligation of Landlord under Section 6.1. Further, Tenant shall pay for repairs or replacements as to matters being the Landlord's obligations under Section 6.1 to the extent such repairs or replacements become necessary by reason of the uninsured negligence of Tenants, its agents, servants or employees. Tenant agrees to keep the Leased Premises in a clean, sanitary and safe condition in accordance with applicable laws, ordinances and regulations of governmental authorities having

jurisdiction over its operations within the Leased Premises and placing specific requirements, if any, upon Tenant due to the nature of Tenant's use of the Leased Premises.

ARTICLE 7 SIGNS AND ALTERATIONS

7.1 Signage. Tenant and the Rockwood Clinic shall, at their expense, have the right to install, maintain, and share one (1) building mounted sign, the exact design of which shall be mutually agreed upon by Landlord, Tenant, and the Rockwood Clinic. Landlord shall construct one (1) monument sign in accordance with the Site Plan and in accordance with all local codes, ordinances, and zoning regulations applicable to the same. Tenant shall have the right, at its expense, to install one (1) sign at the entrance to the Leased Premises, the design and exact placement of which shall be subject to Landlord's approval, which shall not be unreasonably withheld, conditioned, or delayed, and which sign shall be constructed and maintained in accordance with all local codes, ordinances, and zoning regulations applicable to the same.

7.2 Alterations, Additions and Improvements. After completion of the initial Tenant Improvements contemplated under Article 5, Tenant may make any further alterations, additions, improvements or other changes (collectively, the "Alterations"), structural or otherwise, in or to the Leased Premises after first obtaining the prior written consent of Landlord, except as provided in Section 7.3 below, which consent shall not be unreasonably withheld, delayed or conditioned. Any Alterations made by Tenant shall be made: (a) in a good, workmanlike, first-class and prompt manner; and (b) in accordance with all applicable legal requirements.

7.3 Alterations Without Landlord's Consent. Notwithstanding the foregoing, Tenant shall have the right to make further Alterations after the initial Tenant Improvements without the Landlord's consent, provided such Alterations (a) are made to the interior of the Leased Premises, (b) do not adversely affect the structural integrity or exterior of the Leased Premises, and (c) do not adversely affect the electrical, heating or plumbing systems servicing the Leased Premises.

7.4 Right to Remove Furniture, Fixtures and Equipment. Subject to Landlord's obligations under Section 7.5 below, all Alterations to the Leased Premises of a permanent nature made by either party (including the Tenant Improvements) shall upon the expiration or earlier termination of the Lease Term, but not before, become the property of Landlord and shall remain upon and be surrendered with the Leased Premises as a part thereof at the expiration or earlier termination of the Lease Term; provided, however, Tenant shall have the right to remove, prior to the expiration or earlier termination of the Lease Term, all movable furniture, furnishings, equipment, trade fixtures and non-permanent Alterations installed in the Leased Premises (including, without limitation, those items of equipment or other matters set forth on Exhibit "G" hereto) solely at the expense of Tenant, provided any damage to the Leased Premises caused by such removal is promptly repaired. In addition to all of the initial Tenant Improvements and Alterations to be, or which may hereafter be, constructed or installed within or about the Leased Premises by Tenant in accordance with this Lease, Landlord agrees that Tenant may install all necessary and appropriate all moveable partitions, trade equipment and trade fixtures necessary for the conduct of its business within the Leased Premises, and same shall at all times remain as personal property of Tenant regardless of the manner of annexation.

ARTICLE 8 INSPECTION BY LANDLORD

8.1 Landlord's Right to Inspect. Upon at least forty-eight (48) hours prior notice (except in the event of an emergency), Landlord or its agents or representatives shall have the right to enter into and upon any part of the Leased Premises at all reasonable hours to inspect the same as Landlord may deem

necessary or desirable. Landlord further reserves the right to show the Leased Premises to prospective tenants or brokers during the last three (3) months of the Lease Term, and to prospective purchasers or mortgagees at all reasonable times. Landlord shall not materially interfere with Tenant's use and occupancy of the Leased Premises and shall not disclose the identity of any patients of Tenant observed while in or about the Leased Premises.

ARTICLE 9 PEACEFUL ENJOYMENT

9.1 Covenant of Peaceful Enjoyment. Landlord represents and warrants that Tenant shall have the right to peacefully occupy, use and enjoy the Leased Premises and the Rights during the Lease Term free of interference by Landlord or others, provided Tenant pays the Rent and performs when due all of Tenant's covenants and agreements herein contained.

ARTICLE 10 INDEMNIFICATION

10.1 Tenant's Indemnification of Landlord. Tenant shall indemnify and hold Landlord harmless from and against, to the extent not the Landlord's obligation under this Lease, all costs, damages, claims, liabilities and expenses (including attorneys' fees) suffered by or claimed against Landlord (unless resulting from the negligence or misconduct of Landlord, Landlord's agents, employees or invitees), directly or indirectly, based on, arising out of or resulting from (i) use and occupancy of the Leased Premises by Tenant, (ii) repair or maintenance of the Leased Premises which are the obligations of Tenant, (iii) any act or omission by Tenant or Tenant's employees, agents, assignees, contractors, licensees or invitees, or (iv) any breach or default in the performance or observance of Tenant's covenants or obligations under this Lease, subject to applicable cure periods.

10.2 Transfer of Leased Premises. In the event that at any time any landlord hereunder shall sell or transfer the Leased Premises or such landlord's interest therein, said landlord shall not be liable to Tenant for any obligations or liabilities based on or arising out of events or conditions first occurring after the date of such sale or transfer. Within twenty (20) days after the written request of any purchaser or transferee of the Leased Premises of any landlord's interest therein, Tenant shall attorn to such purchaser or transferee, so long as such party first fully accepts and acknowledges Tenant's rights under this Lease and agrees in writing (the form of which is to be reasonably satisfactory to Tenant and its counsel) not to disturb Tenant's occupancy hereunder.

10.3 Landlord's Indemnification Obligation. Landlord shall indemnify and hold Tenant harmless from and against, to the extent not the Tenant's obligation under this Lease, all costs, damages, claims, liabilities and expenses (including attorneys' fees) suffered by or claimed against Tenant (unless resulting from the negligence or misconduct of Tenant, Tenant's agents, employees or invitees), directly or indirectly, based on, arising out of or resulting from (i) the initial construction and subsequent repair or maintenance of the Leased Premises or the Building which are the obligations of Landlord, (ii) any act or omission by Landlord or Landlord's employees, agents, assignees, subtenants, contractors, licensees or invitees, or (iii) any breach or default in the performance or observance of Landlord's covenants, representations or obligations under this Lease, subject to applicable cure periods.

ARTICLE 11 DAMAGE OR DESTRUCTION

11.1 Restoration of Leased Premises. If the Leased Premises or any substantial portion (i.e., greater than 25%) of the Building are totally or partially damaged or destroyed from any cause, thereby rendering the Leased Premises or Common Areas totally or partially inaccessible or unusable, Landlord shall diligently restore and repair the Leased Premises to substantially the same condition it was in prior

to such damage; provided however, that if in Landlord's reasonable judgment (said judgment to be made within fifteen (15) days of the date of such occupancy or damage or destruction) such repairs and restoration cannot be completed within one hundred twenty (120) days after the occurrence of such damage or destruction (taking into account the time needed for effecting a satisfactory settlement with any insurance company involved, removal of debris, preparation of plans and issuance of all required governmental permits), or if such damage or destruction occurred within twenty-four (24) months prior to the expiration of the Lease Term, then Landlord or Tenant shall have the right to terminate this Lease by giving written notice of termination to the other party within thirty (30) days after the occurrence of such damage or destruction. If this Lease is terminated in accordance with the above procedure, then Base Rent and Additional Rent payable hereunder shall be apportioned and paid to the date of said damage or destruction. If this Lease is not terminated as a result of such damage or destruction, then Landlord shall promptly proceed to repair and restore the Leased Premises and/or Common Areas, and until such repair and restoration of the Leased Premises are substantially complete, the Base Rent and Additional Rent shall be abated as to that portion of the Leased Premises and/or Common Areas which is unsuitable for occupancy or use by Tenant until such repair or restoration is completed. If this Lease is not terminated as a result of such damage or destruction, then except as otherwise specified in Section 11.2, Landlord shall bear the cost and expenses of such repair and restoration of the Leased Premises. Nothing contained herein shall be construed as (i) limiting Landlord's ability to use all insurance proceeds available to it for such repair and restoration, or (ii) obligating Landlord to remit or reimburse any portion of such proceeds to any insurance company.

11.2 Limitation on Landlord's Obligation. Notwithstanding anything above to the contrary, if Landlord repairs and restores the Building, including the Leased Premises as provided in Section 11.1, Landlord shall not be required to repair, restore or replace any decorations, alterations or improvements to the Leased Premises previously made by Tenant, unless adequate insurance proceeds are available to pay the full costs thereof. It shall, should it so elect, be Tenant's sole responsibility to repair, restore or replace any trade fixtures, furnishings, equipment or personal property belonging to Tenant to substantially their same condition prior to such damage or destruction; provided, however, Tenant shall not be obligated to restore or replace such items.

ARTICLE 12 CONDEMNATION

12.1 Condemnation. If any portion of the Building or the Leased Premises, or the use or occupancy of the Leased Premises, shall be taken or condemned by any governmental or quasi-governmental authority for any public or quasi-public use or purpose (including a sale thereof under threat of such a taking), then Tenant shall have the right, in Tenant's sole discretion, to terminate this Lease on the date title thereto vests in such governmental or quasi-governmental authority, and all Rent payable hereunder shall be apportioned as of such date. Notwithstanding the foregoing, however, if twenty-five percent (25%) or less of the Building, Leased Premises, Common Area, or the use or occupancy of the Leased Premises is taken, and provided that the Leased Premises can still be used for the provision of the Permitted Use (to be determined in Tenant's reasonable discretion), then Tenant shall not have the right to terminate this Lease as a result of such taking, and the Base and Additional Rent shall be reduced in proportion to the area of the Leased Premises (if any) so taken.

12.2 Condemnation Award. All awards, damages and other compensation paid by the condemning authority on account of such taking or condemnation (or sale under threat of such a taking) shall belong to Landlord, and Tenant hereby assigns to Landlord all rights to such awards, damages and compensation; except that Tenant shall be entitled to receive any award attributable to the leasehold interest of Tenant and/or Tenant's loss of business. Further, nothing contained herein shall prevent Tenant from pursuing a separate claim against the condemning authority for relocation expenses, the

value of the Tenant Improvements and Tenant's Alterations, if any, and the value of furnishings, equipment and trade fixtures installed in the Leased Premises at Tenant's expense and which Tenant is entitled pursuant to this Lease to remove at the expiration or earlier termination of the Lease Term, the value of the unexpired Lease Term, and loss of profits, provided that such claim shall not diminish the award or compensation payable to or recoverable by Landlord in connection with such taking or condemnation.

ARTICLE 13 DEFAULT

13.1 Events of Default by Tenant. The occurrence of any of the following shall constitute a default by Tenant under this Lease:

(a) If Tenant shall fail to pay any payment of Rent when due and such failure, after expiration of any applicable grace period, shall continue for a period of ten (10) days after receipt by Tenant of notice that Rent is late (however, if Landlord provides notice of late payment three (3) times during the Lease Term and any Option Term, then after the third such notice, Landlord shall no longer be required to provide such notice and thereafter Tenant shall be in default if Rent is paid after the 1st day of the month);

(b) If Tenant shall violate or fail to perform any other material term, condition, covenant or agreement to be performed or observed by Tenant under this Lease, and such failure shall continue for a period of thirty (30) days after written notice thereof (plus such additional time as is reasonably necessary in the event such non-monetary default is incapable of being cured in thirty (30) days so long as Tenant is continuously and diligently pursuing the remedy of such non-monetary default);

(c) An Event of Bankruptcy with respect to Tenant occurs as specified below: (a) Tenant becoming insolvent, as that term is defined in Title 11 of the United States Code (the "Bankruptcy Code"), or under the insolvency laws of any state, district, commonwealth or territory of the United States (the "Insolvency Laws"); (b) the appointment of a receiver or custodian for any or all of Tenant's property or assets or the institution of a foreclosure action upon any of Tenant's real or personal property; (c) Tenant's filing or consenting to a petition under the provisions of the Bankruptcy Code or the Insolvency Laws or in any bankruptcy, reorganization, composition, extension, arrangement or insolvency proceeding; (d) the filing of a petition against Tenant as the subject debtor under the Bankruptcy Code or Insolvency Laws, which is not consented to by such subject debtor and which either (i) is not dismissed within ninety (90) days of filing, or (ii) results in the issuance of an order for relief against the debtor; or (e) Tenant's making or consenting to an assignment for the benefit of creditors or a common law composition of creditors; or

(d) A dissolution of Tenant or court ordered or approved liquidation of substantially all of Tenant's assets occurs.

13.2 Remedies for Tenant Default. If there shall be any default by Tenant under this Lease, Landlord shall, after the expiration of the cure period(s) applicable thereto as granted to Tenant hereunder, have the right, at its sole option, to terminate this Lease. In addition, with or without terminating this Lease, Landlord may re-enter, terminate Tenant's right of possession and take possession of the Leased Premises. If necessary, Landlord may proceed to recover possession of the Leased Premises under and by virtue of the laws of the jurisdiction in which the Leased Premises are located. If there shall be any uncured default under this Lease by Tenant, then whether or not this Lease and/or

Tenant's right of possession is terminated by reason of Tenant's default, Landlord may relet the Leased Premises or any part thereof, alone or together with other premises, for such term(s) (that may be greater or less than the period that otherwise would have constituted the balance of the Lease Term) and on such terms and conditions (that may include concessions or free rent and alterations of the Leased Premises) as Landlord, in its sole discretion, may determine. If there shall be any uncured default under this Lease by Tenant, then whether or not this Lease is terminated by reason of Tenant's default, Tenant nevertheless shall remain liable for any Rent or damages that may be due or sustained prior to such default, all reasonable costs, fees and expenses including, but not limited to, attorneys' fees, reasonable brokerage fees, expenses incurred in placing the Leased Premises in first-class rentable condition, and the reasonable costs and expenses incurred by Landlord in pursuit of its remedies hereunder and in renting the Leased Premises to others from time to time. In the event of default by Tenant, Landlord agrees that Landlord shall use reasonable efforts to mitigate Landlord's damages.

13.3 Remedies Cumulative. All rights and remedies of Landlord or Tenant set forth in this Lease are in addition to all other rights and remedies available to Landlord or Tenant at law or in equity. All rights and remedies available to Landlord or Tenant pursuant to this Lease or at law or in equity are expressly declared to be cumulative. The exercise by Landlord or Tenant of any such right or remedy shall not prevent the concurrent or subsequent exercise of any other right or remedy. No delay or failure by Landlord or Tenant to exercise or enforce any of Landlord's or Tenant's rights or remedies or Landlord's or Tenant's obligations shall constitute a waiver of any such rights, remedies or obligations.

13.4 Events of Default by Landlord: Remedies. Except where a shorter period of time may be provided for elsewhere in this Lease, if Landlord shall violate or fail to perform any material term, condition, covenant or agreement to be performed or observed by Landlord under this Lease, and such failure shall continue for a period of, unless a shorter period is provided for elsewhere in this Lease (and which shorter time period shall control), thirty (30) days after written notice thereof (plus such additional time as is reasonably necessary in the event such default is incapable of being cured in thirty (30) days so long as Landlord is continuously and diligently pursuing the remedy of such default), then, in addition to all other rights and remedies available to it at law and in equity, Tenant shall have the right, at its sole option, to cure such Landlord defaults and/or to terminate this Lease. Should Tenant elect to cure Landlord's defaults, then in such event, within ten (10) days of written demand by Tenant for reimbursement of the costs, expenses and fees expended by it in curing same, Landlord shall reimburse Tenant. If Landlord fails to reimburse Tenant as contemplated hereby within the foregoing period, Landlord shall be in further default of this Lease and, among such other rights and remedies as may be available to it hereunder, Tenant may set off and reduce the ensuing monthly/annual Rent(s) payable by it to Landlord by a sum equal to the amount outstanding to it from Landlord, plus interest at the Default Rate accruing from the time Tenant incurred the subject costs, expenses and/or fees. Landlord shall remain liable for any damages that may be due or sustained by Tenant prior to and during such default, and all reasonable costs, fees and expenses including, but not limited to reasonable attorney fees, costs and expenses incurred by Tenant in pursuit of its remedies hereunder. In the event of default by Landlord, Tenant agrees that Tenant shall use reasonable efforts to mitigate Tenant's damages.

ARTICLE 14 COVENANTS OF LANDLORD

14.1 Duties of Landlord. In addition to the duties of Landlord set forth in Section 6.1 herein and otherwise under this Lease, Landlord shall (i) maintain at its expense all risk fire and extended coverage insurance on the Building, including all improvements therein owned by Landlord and the Common Areas, at full replacement cost and shall furnish evidence of such coverage to Tenant annually and such policies shall be endorsed so as to provide Tenant with not less than thirty (30) days notice of cancellation of coverage; (ii) maintain such other insurances as are required by mortgage documents

pertaining to the Building under which Landlord is the "grantor" or "mortgagor", (iii) maintain, repair and replace all aspects of any Common Areas, (iv) pay when due, and before any penalties or fines would be assessed, all Real Estate Taxes, and (v) maintain a perimeter base security system for the Building.

14.2 Exclusive Use. During the Lease Term, neither Landlord nor its subsidiaries, parents, or affiliates, will use or permit any other portion of the Building or any other property owned or controlled by any of them within a five (5) mile radius of the Building, to be used for the provision of renal dialysis or related use(s).

14.3 Utilities. Landlord shall cause all utilities necessary for Tenant's use of the Leased Premises (including water, sewer, electricity, gas and telephone) to be connected and separately metered to the Leased Premises and shall be responsible for the payment of connection, metering and tap fees. Tenant shall be responsible for contracting for utility service (including the posting of any deposits) and for the payment of the customary utility charges for any utilities which are separately metered to the Leased Premises. In the event any of the utility services to the Leased Premises are materially diminished, interrupted or disconnected by an act of Landlord, or anyone under its direct or indirect control, and if Landlord fails to repair, maintain or, as necessary or appropriate, replace the equipment providing critical services (i.e., water, electricity, gas, heat, cooling, ventilation) to the Leased Premises within five (5) days of notice of any problem (to the extent Landlord is obligated to do so pursuant to Section 6.1 hereof), Tenant may restore the same at its own cost and, in addition to any other remedy Tenant may have, may deduct the reasonable amount thereof from the Rent or any other payments that may thereafter become due hereunder, but only if Landlord shall fail or refuse to reimburse Tenant within ten (10) days after written demand for such reimbursement from Tenant.

ARTICLE 15 TENANT'S INSURANCE

15.1 Tenant's Obligation to Insure. Beginning on the Commencement Date, Tenant shall maintain, at Tenant's expense, (i) broad form commercial general liability insurance against claims for bodily injury, death or property damage occurring in, on or about the Leased Premises in a per occurrence limit of not less than One Million Dollars (\$1,000,000) and an aggregate limit of not less than Three Million Dollars (\$3,000,000), and (ii) all risk fire and extended coverage insurance on its Tenant Improvements and on all of its personal property, including removable trade fixtures, located on the Leased Premises. Such insurance shall be effected under policies reasonably satisfactory to Landlord, provided Tenant may, itself or through its related parent or affiliate, provide the insurance contemplated hereby by means of a "blanket" policy of insurance.

ARTICLE 16 ENVIRONMENTAL MATTERS

16.1 Definitions. For purposes of this Article 16, the following terms shall have the indicated meanings, unless the context or use indicates another or different meaning:

(a) "Applicable Environmental Laws" shall mean all federal, state, foreign and local statutory laws, rules or regulations, agreements with governments, court orders, administrative orders and case law pertaining to the health or the environment, or petroleum products or hazardous substances and all amendments, modifications and additions thereto, including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980; the Resource Conservation and Recovery Act of 1976; the Superfund Amendments and Reauthorization Act of 1986; and the Toxic Substances Control Act.

(b) "Hazardous Substances" shall mean pollutants, contaminants, dangerous substances, toxic substances, hazardous wastes, hazardous materials or hazardous substances as defined in or pursuant to any Applicable Environmental Law.

16.2 Landlord's Environmental Indemnification. Landlord hereby indemnifies and holds Tenant harmless against any and all claims, judgments, damages, penalties, fines, costs, liabilities or losses, including, without limitation, attorney's fees and fees for the employment of any environmental expert or consultant as a result of the presence upon the Land or in the Building of any Hazardous Substance at the time of full execution of this Lease or caused or permitted to be present upon the Land or in the Building after the execution of this Lease, but excluding such Hazardous Substances or conditions first created within the Leased Premises after the Commencement Date by Tenant, its agents, employees, contractors or invitees.

16.3 Tenant's Environmental Covenant. Tenant shall not cause or permit any Hazardous Substance to be brought upon, kept or used in or about the Leased Premises, by its agents, employees, contractors, or invitees, except for such Hazardous Substances which are kept, stored and disposed of in a manner that complies with Applicable Environmental Laws.

16.4 Tenant's Environmental Indemnity. If Tenant shall breach its obligations as stated in the preceding subsection 16.3, or if the presence of Hazardous Substances in or on the Leased Premises which is caused or permitted to be placed or remain thereon by Tenant results in any contamination of the Leased Premises, or if the Leased Premises shall otherwise be contaminated by Hazardous Substances as a result of the negligent act or omission by Tenant or its agents, employees, or contractors, then, in any such event, Tenant shall indemnify and hold Landlord harmless from and against any and all claims, judgments, damages, penalties, fines, costs, liabilities or losses, including, without limitation, diminution in the value of the Land and Building, attorney's fees, and fees for the employment of any environmental expert or consultant as a result of any such contamination, which arise during or after the Lease Term as a result of any such breach by Tenant or any contamination caused or permitted by Tenant. This indemnification of Landlord by Tenant further includes, without limitation, all costs and expenses incurred in connection with any investigation of site conditions or any clean-up, remediation, removal, or restoration work required or approved by any federal, state or local governmental authority because of any Hazardous Substance being present in or on the Leased Premises or in the soil, ground water or soil vapor on, under or about the Leased Premises and any adjoining property as a result of any breach by Tenant of its obligations hereunder or any contamination caused or permitted by Tenant.

ARTICLE 17 SUBORDINATION NONDISTURBANCE AND ATTORNMEN

17.1 Subordination of Lease. Subject to Landlord's obligations under Section 17.2 below and not in limitation of the Contingency set forth in Section 2.5(d) above, Tenant agrees to subordinate this Lease to any first mortgage or deed of trust and related financing instruments which may now or hereafter affect the Building, including the Leased Premises, and to all renewals, modifications, consolidations, replacements, amendments and extensions thereof, provided that the secured party or holder (or their successors) of any such mortgage or deed of trust agrees with Tenant not to disturb the possession of Tenant in the Leased Premises following the foreclosure of such mortgage or deed of trust or other proceedings or actions to enforce such mortgage or deed of trust, so long as Tenant is not in default hereunder.

17.2 Nondisturbance. Landlord shall obtain the written agreement (in a recordable form provided by and reasonably acceptable to Tenant) of each existing and future holder of a mortgage, deed of trust or security instrument on the Land and Building that it will not, among other matters, disturb the

possession of Tenant in the Leased Premises following the foreclosure of such mortgage or deed of trust or other proceedings or actions to enforce such mortgage or deed of trust, so long as Tenant is not in default hereunder.

17.3 Attornment. If any person shall succeed to all or part of Landlord's interest in the Leased Premises, whether by purchase, foreclosure, deed in lieu of foreclosure, power of sale, termination of lease, or otherwise, and if so requested or required by such successor in interest, Tenant shall, subject to Section 17.2 above, attorn to such successor in interest and shall execute such agreement in confirmation of such attornment as such successor in interest shall reasonably request.

ARTICLE 18 BROKERAGE FEES

18.1 Brokers. Landlord and Tenant each represent and warrant to the other that neither of them has employed or dealt with any broker, agent or finder in connection with this Lease, other than Mohr Partners, Inc., on behalf of Tenant (the "Broker"). Landlord shall be solely responsible for the payment of all commissions related to this Lease pursuant to a separate agreement. The parties hereto shall indemnify and hold each other harmless, including costs of any action and attorneys' fees, from any claim or claims for brokerage or other compensation asserted by any broker, agent or finder employed by the other party or with whom the other party has dealt, other than the Broker.

18.2 Sale of Building. In the event of a sale or other conveyance or disposition of the Landlord's interest in the Building, Landlord shall continue to be responsible to pay the Broker the commissions described in Section 18.1 hereof, unless Landlord obtains a written assumption agreement for the payment obligations contained in Section 18.1 from any new owner or assignee of its interest in the Building.

ARTICLE 19 ASSIGNMENT AND SUBLEASING

19.1 Assignment by Landlord. Landlord shall have the right to transfer and assign, in whole or in part, all its rights and obligations hereunder and in the Leased Premises. In such event and upon such transfer, except as otherwise provided for hereunder, no further liability or obligation shall accrue against the assigning Landlord from the date of such transfer, but the assigning Landlord shall still be responsible for any liability arising out of acts or a failure to act prior to the date of such transfer.

19.2 Assignment or Sublease by Tenant. Except as set forth herein, Tenant shall not assign, transfer, mortgage or otherwise encumber this Lease or all or substantially all or any of Tenant's rights hereunder or interest herein or sublet all or substantially all of the Leased Premises, without obtaining the prior written consent of Landlord, which consent shall not be unreasonably withheld, delayed or conditioned. Landlord may not, however, demand financial or economic concessions from Tenant as a condition to granting such consent. Notwithstanding the foregoing, Landlord agrees that a transfer of all or substantially all of the assets of Tenant, or of the stock of Tenant or the parent company of Tenant, shall not be deemed to be a transfer in violation of this paragraph and shall not require Landlord's prior approval, so long as the surviving or purchasing entity has a financial position equal to or better than the entity being acquired. In the event of an assignment as permitted hereunder or, as applicable, that Landlord approves an assignment of all of Tenant's rights and duties under this Section 19.2, then Tenant shall not be responsible or liable for matters occurring on or after the date of such assignment, including any Rent accruing on or after such date.

19.3 Assignment or Sublease to Affiliate of Tenant. Notwithstanding anything to the contrary contained herein, and provided Tenant is not in default hereunder, Landlord expressly consents to

Tenant's assignment or subletting of the Leased Premises or any part thereof to any parent, subsidiary or affiliate of Tenant, provided Tenant or the parent entity of Tenant retains majority control of such entity and such assignment or subletting shall not relieve or release Tenant from any obligations of Tenant under this Lease.

ARTICLE 20 REPRESENTATIONS AND WARRANTIES

20.1 Physical Condition of Leased Premises. Landlord represents and warrants unto Tenant that the Building, the Common Areas, and the improvements and mechanical systems installed by or on behalf of Landlord therein are, and shall be at all times during the Term in good condition and working order.

20.2 Landlord Authority. Landlord represents and warrants unto Tenant that (a) it is in good standing as an entity in all legally required jurisdictions and (b) has authority to enter into and perform this Lease.

20.3 Permitted Encumbrances. Landlord represents and warrants unto Tenant that Landlord is the sole owner of the Building and all areas (except those which have been granted by bona fide and valid easements) over which, upon which and to which Tenant will have access during the Lease Term in fee. Further, notwithstanding anything to the contrary in this Lease, Landlord does hereby represent and warrant unto Tenant that, other than the Permitted Encumbrances, there are no agreements, documents, instruments, memoranda of leases, restrictive covenants, declarations, special use permits, ordinances or otherwise placing any restrictions, rules and/or regulations on the Land, the Building or the Leased Premises which would hinder, impede or otherwise prohibit Tenant's occupancy of the Leased Premises generally or for the Permitted Use (including, without limitation, Tenant's anticipated use of the Leased Premises for non-retail medical services purposes and office use, including its medical office use) or impede, limit or hinder Tenant's use of the Common Areas. Landlord does represent and warrant unto Tenant, its successors and assigns that Landlord will not, without the prior written consent of Tenant while this Lease, or any renewal or extension hereof, is in effect, agree to or undertake to make any modification, amendment or otherwise to any existing documents, instruments, declarations or restrictions comprising the Permitted Encumbrances, or otherwise create or enter into any new agreements, or take or fail to take any act which may, in Tenant's sole, yet reasonable, discretion, impact Tenant's use of the Leased Premises for the Permitted Use, as same may be hereafter modified or amended or impede, or limit or hinder Tenant's use of the Common Areas.

20.4 Tenant Authority. Tenant represents and warrants unto Landlord that it is in good standing as an entity in all legally required jurisdictions and has authority to enter into and perform this Lease.

ARTICLE 21 FORCE MAJEURE

21.1 Force Majeure. Neither the Landlord nor the Tenant shall be deemed to be in default in the performance of any obligation on such party's part to be performed under this Lease if and so long as the non-performance of such obligation shall be directly caused by Unavoidable Delays (as hereinafter defined); provided, that within five (5) days after the commencement of such Unavoidable Delay, the non-performing party shall notify the other party in writing of the existence and nature of any such Unavoidable Delay and the steps, if any, that the non-performing party shall have taken or plans to take to eliminate such Unavoidable Delay. Thereafter, the non-performing party shall, from time to time, on written request of the other party, keep the other party fully informed, in writing, of further developments concerning such Unavoidable Delay and the effort being made by the non-performing party to perform

such obligation as to which it is in default. All provisions of this Lease shall be adjusted in accordance with such Unavoidable Delays. For purposes of this Article, Unavoidable Delays shall mean delays due to acts of God, civil commotion, any pending or actual action or ruling by a court or administrative body prohibiting either party hereto from performing in accordance with the terms hereof, riot, governmental regulations not in effect at the date of execution of this Lease, conditions that could not have been reasonably foreseen by the claiming party, fire, unavoidable casualty or delays caused by arbitration (unless the arbitration was unreasonably requested by the claiming party), provided such matters are beyond the reasonable control of the party claiming such delay.

ARTICLE 22 GENERAL PROVISIONS

22.1 Amendments. This Lease may not be altered or amended, except by an instrument in writing signed by all parties hereto. This Lease shall be binding upon and inure to the benefit of the successors and assigns of Landlord and, to the extent, if required, assignment may be approved by Landlord hereunder, Tenant's successors and assigns. The pronouns of any gender shall include the other genders, and either the singular or the plural shall include the other.

22.2 Governing Law. This Lease shall be governed, construed and enforced in accordance with the laws of the State. Tenant shall comply with all material applicable laws, ordinances, rules, regulations, and restrictive covenants of public record if and to the extent set forth in the Permitted Encumbrances and relating solely to the use or occupancy of the Leased Premises for the Permitted Use, and Landlord shall comply with all material applicable laws, ordinances, rules and regulations relating to the general use or occupancy of the Building, inclusive of the Leased Premises. Landlord shall be solely responsible for all latent defects within the Building and upon the Land (except those brought about by the installation of Tenant's Improvements), and shall be responsible to comply, at its sole cost and expense, with all laws, statutes, ordinances, regulations or rules affecting the Building (including, without limitation, zoning, environmental, fire and the Americans with Disabilities Act) violated for reasons other than due solely to the Tenant's particular use of the Leased Premises for the Permitted Use.

22.3 Entire Agreement; Merger. This Lease contains and embodies the entire agreement of the parties hereto and supersedes all prior agreements, negotiations, proposals, representations and warranties between the parties hereto. Any representation, inducement, warranty, understanding or agreement that is not contained in this Lease shall not be of any force or effect.

22.4 [INTENTIONALLY OMITTED.]

22.5 Notices. Any notice required or permitted hereunder shall be given in writing and shall be deemed to have been duly given upon the earlier to occur of (i) when received; (ii) five (5) days after the sending party has deposited the notice in the United States mail, certified-return receipt requested and postage prepaid; or (iii) two (2) business days after the sending party has deposited the notice with an overnight courier with a widely recognized, reputable organization. Any such notice(s) shall be postage prepaid and addressed to Landlord or Tenant, as the case may be, at the address specified in the preamble, or to such other address as either party may have been previously furnished in writing to the other party. Further, a copy of any notice of default hereunder served by Landlord upon Tenant shall be delivered to both (i) the Leased Premises, and (ii) Renal Care Group, Inc., 2525 West End Avenue, Suite 600, Nashville, Tennessee 37203, Attention: General Counsel. The party sending any such notice shall also use reasonable efforts to send a copy of such notice to the other party hereunder via facsimile. Until notice to the contrary, Landlord's facsimile number shall be (509) 535-4588 and Tenant's facsimile numbers shall be (317) 574-4743 and (615) 345-5503.

22.6 Waiver of Subrogation Rights. Anything in this Lease to the contrary notwithstanding, Landlord and Tenant each hereby waives any and all rights of recovery, claim, action or cause of action, against the other, and/or its agents, officers, or employees, for any loss or damage that may occur to the Leased Premises or the Building, or any improvements thereto, or any personal property of such party therein, by reason of fire, the elements, or any other cause which loss is insured against under the terms of standard fire and extended coverage insurance policies regardless of cause or origin, including negligence of the other party hereto, its agents, officers or employees. Because this provision will preclude the assignment of any claim mentioned in it by way of subrogation (or otherwise) to an insurance company (or any other person), each party hereto agrees to give immediately to any insurer that has issued to it policies of fire and extended coverage insurance written notice of the mutual waiver contained in this provision (and to provide evidence of the source to the other party if requested) and to have such policies endorsed, if necessary, to prevent the invalidation of insurance coverage by reason of such mutual waiver.

22.7 Estoppel Letter. Tenant shall at any time, upon not less than twenty (20) days prior written request, execute and deliver an Estoppel Letter to Landlord and any potential purchaser of the Leased Premises, which Estoppel Letter shall be in form and substance reasonably acceptable to Tenant. If such letter is to be delivered to a purchaser of the Leased Premises, it shall further include the agreement of Tenant to recognize such purchaser as Landlord under this Lease, and thereafter to pay Rent to the purchaser or its designee in accordance with the terms of this Lease. Landlord does, if requested, likewise agree to execute a similar estoppel letter for the benefit of Tenant's lender(s), assignees or sublessees within twenty (20) days of written request.

22.8 Time of the Essence; Counterparts. Time is of the essence with respect to each of Landlord's obligations under this Lease. This Lease may be executed in multiple counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same document.

22.9 Memorandum of Lease. This Lease shall not be recorded. At the option of Tenant, however, Landlord and Tenant shall execute, in recordable form, a short form memorandum of this Lease and shall record such memorandum at the expense of Tenant in the land records of the jurisdiction in which the Leased Premises are located.

22.10 Survival of Obligations. Any liability of either party existing hereunder as of the expiration or earlier termination of the Lease Term shall survive such expiration or earlier termination.

22.11 Return of Keys; Leased Premises. At the expiration or earlier termination of the Lease Term, Tenant shall deliver to Landlord all keys to the Leased Premises, whether such keys were furnished by Landlord or otherwise procured by Tenant, and shall inform Landlord of the combination of each lock, safe and vault, if any, in the Leased Premises. Tenant shall have no obligation to return the Leased Premises beyond that of clean condition, normal wear and tear, casualty loss and condemnation loss excepted; and Tenant shall have no obligation to remove any of its Tenant Improvements or any Alterations.

22.12 Attorneys Fees. In the event that litigation or other adversarial proceedings should arise with respect to this Lease, the prevailing party in such litigation shall be entitled to recover, in addition to the relief granted, the reasonable fees of its counsel in such litigation and all court costs, as well as depositions, expert fees, and appeal costs.

22.13 Waiver of Landlord's Lien. Landlord expressly waives any and all liens, interests and claims which it may have as of the Effective Date of this Lease, the Beneficial Occupancy Date, the Commencement Date hereof and/or during the Term of this Lease arising by statute or by operation of

law, in and to Tenant's personal property, equipment, trade fixtures, furniture or other moveable property of Tenant (herein, "Tenant's Personal Property") in or on the Leased Premises, and Landlord agrees that Tenant's Personal Property (including any hereafter acquired personal property) shall not become part of the Leased Premises regardless of the manner in which the same may be attached or affixed to the Leased Premises by Tenant, provided that the same can be removed by Tenant without materially damaging or altering the Leased Premises, and any such damage shall be repaired promptly by Tenant. Further, Landlord agrees that it will not prevent any lender of Tenant, or such lender's designee, from entering upon the Leased Premises during the Term at reasonable times to inspect and remove Tenant's Personal Property, provided that said lender agrees to repair promptly and fully any and all damage resulting to the Leased Premises. Additionally, if, after the Commencement Date of the Term hereof, Landlord intends to terminate this Lease or otherwise exercise any right granted to Landlord hereunder to require Tenant to surrender the Leased Premises or to remove any portion of Tenant's Personal Property, Landlord agrees to notify Tenant's lender (of which Landlord has received written notice from Tenant, including such lender's name, notice address and telephone number), and Landlord shall grant to such lender the right to enter upon the Leased Premises during the Term of this Lease to do any or all of the following with respect to Tenant's Personal Property: (i) assemble, have appraised, display, sever, remove, maintain, prepare for sale or lease, advertise, inspect, repair, lease, transfer and/or sell (at public auction or private sale) Tenant's Personal Property, and/or (ii) upon termination of the Lease, enter into and occupy the Leased Premises for the purposes described above, for a period of no more than thirty (30) days after written notice from Landlord that the Lease has been terminated; provided in any such case that such lender's presence on and/or occupancy of the Leased Premises shall be upon and subject to all of the terms, covenants and conditions of this Lease, including the payment by such lender to Landlord, periodically, a per diem occupancy fee equivalent to the monthly rental and other charges payable by Tenant hereunder, based on a thirty (30) day month, for the actual number of days such lender uses and/or occupies the Leased Premises pursuant hereto. Further, nothing in this Lease shall give Landlord the right to use, possess or retain any of Tenant's records, files, patient's names or records.

22.14 Request Response Time. In the event Landlord does not respond to a written request by Tenant for Landlord's consent, permission or approval submitted under this Lease within fifteen (15) business days after Tenant's delivery of the same, it shall thereafter be automatically deemed that Landlord has consented to or approved such request by Tenant or that Landlord has given its permission thereto. In the event, Landlord does respond and does not consent or give its approval, Landlord shall specify the reason(s) therefore in writing.

22.15 Landlord's Cooperation. Landlord agrees to reasonably assist Tenant in (i) the procurement of any licenses, permits, "sign-offs", approvals, or certificates which may be required by any governmental or quasi-governmental agency or authority with respect to Tenant's Improvements, alterations or other leasehold improvements permitted under the terms hereof in and to the Leased Premises, and with respect to (ii) the obtaining of any services, utilities or facilities from any utility company or companies supplying the same to the Building.

22.16 General. If any term or provision of this Lease or any application thereof shall be deemed invalid or unenforceable, the remainder of this Lease and any other application of such term(s) or provision(s) shall not be effected thereby.

22.17 Draftsmanship. Landlord and Tenant each acknowledge that it has read this Lease, consulted with an attorney regarding its terms, and agrees with its terms as though that party had drafted this Lease itself. Landlord and Tenant agree that although this Lease was, by necessity, printed and assembled by one of the parties or its agents or attorneys, this Lease reflects the terms as agreed to by the Parties, and each party that assembled this Lease should merely be considered only the scrivener for the

DESCRIPTION OF FINAL LANDLORD'S PLANS

{SEE ATTACHED}

FIRST AMENDMENT TO LEASE AGREEMENT

This First Amendment to Lease (this "Amendment") is made between TS DEVELOPMENT, LLC ("Landlord") and INLAND NORTHWEST RENAL CARE GROUP, LLC ("Tenant").

RECITALS

A. Landlord and Tenant are parties to that certain Lease Agreement dated February 10, 2003 (the "Lease"), pursuant to which Tenant leases from Landlord approximately 14,000 square feet in the Building having an address of 610 S. Sherman Avenue, Spokane, Washington, and further described and defined in the Lease as the "Leased Premises." A copy of the Lease is attached hereto as Exhibit A. All capitalized terms not defined herein shall have the meanings ascribed to such terms in the Lease.

B. Tenant retained Landlord as its contractor for the construction of the Tenant Improvements. Landlord and Tenant recognize and acknowledge that the construction of the Tenant Improvements has occurred in two phases:

(1) The Tenant Improvements in that portion of the Leased Premises located on the third floor of the Building were completed on October 29, 2003, as evidenced by the Temporary Certificate of Occupancy issued October 29, 2003 by the Department of Building and Code Enforcement of Spokane, Washington.

(2) The Tenant Improvements in that portion of the Leased Premises located on the second floor of the Building remain under construction as of the date of this Amendment, and such portion of the Leased Premises is not yet ready for occupancy.

C. Tenant has agreed to amend the Lease in certain respects so as to enable Landlord to obtain permanent financing secured by the Land and Building. The parties now enter into this Amendment to reflect the current state of progress of the construction of the Building and Leased Premises, and to amend the Lease in certain other respects, all as set forth below.

NOW THEREFORE, in consideration of the mutual covenants and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Recitals. The recitals set forth above are fully incorporated into this Amendment.
2. Leased Premises. Section 1.1(m) of the Lease is hereby amended to reflect that the Leased Premises consists of (i) Suite 206, containing 11,305 square feet, located on the second floor of the Building, and (ii) Suite 308, containing 2,597 square feet, located on the third floor of the Building. The foregoing square footage figures are final and have been agreed upon by the parties.
3. Base Rent for Suite 308. Tenant shall pay \$3,506.00 as Base Rent for Suite 308 for the last two (2) days of November, 2003, and for the month of December, 2003, which equals approximately \$1.35 per square foot per month (\$16.21 per square foot per year). On the Rent

Commencement Date, as amended below, Tenant shall pay Base Rent for Suite 206 at the rate of \$1.35 per square foot per month. That portion of Base Rent due on the Rent Commencement Date for Suite 206 shall be prorated on a daily basis for the month of December. Beginning January 1, 2004, Base Rent payments shall no longer be bifurcated and shall be paid in the manner set forth in the Lease on a going forward basis. The parties acknowledge and agree that the foregoing Base Rent figures are based upon the maximum square footage rental rate contained in the Lease for the first five (5) years of the Term (being \$16.21 per square foot per year), and shall be subject to adjustment upon the final rent calculation described in Exhibit E-1 of the Lease.

4. Beneficial Occupancy Date. Section 1.1(c) of the Lease is hereby amended to reflect that the Beneficial Occupancy Date was August 1, 2003.

5. Commencement Date. The Lease is hereby generally amended to provide that the Commencement Date (and likewise the Rent Commencement Date) shall be that date which is the earlier of (i) December 29, 2003; or (ii) thirty (30) days after the Tenant commences its business operations in the Leased Premises.

6. Commencement Date Rider. Upon confirmation of the Commencement Date, Landlord and Tenant shall execute the Commencement Date Rider, which shall conclusively establish the Commencement Date, the Rent Commencement Date, the final rentable square footage of the Building and Leased Premises, and the Base Rent hereunder.

7. No Further Amendment. Except as specifically amended herein, the Lease remains in full force and effect, and the execution of this Amendment constitutes a ratification and affirmation of the same.

The terms and conditions and following terms, as identified and set forth in the Lease between the undersigned dated February 10, 2003, as amended by a First Amendment to Lease dated November 19, 2003, (collectively, the "Lease") as pertains to Suite Nos. 206 and 308 in the Building located at 610 S. - A. The "Beneficial Occupancy Date" for the Leased Premises, as set forth in the First Amendment to the Lease, was August 1, 2003.

- C. The expiration date of the initial Lease Term, subject to renewal by Tenant as provided for by the terms of the Lease, shall be the last calendar day of December, 2013.

 - (ii) The final rentable square footage of that portion of the Leased Premises located in Suite 308 is 2,597.
 - (iii) Thus, collectively and for purposes of Section 1.1(m) of the Lease, the aggregate size of the Leased Premises leased by Tenant in the Building as of the date of this Second Amendment is 13,902 rentable square feet.

- F. Section 1.1(z) of the Lease is modified and amended to provide that, as of the date of this Second Amendment, the "Tenant's Proportionate Share" as pertains to the Building is 63.84%.

- G. The Lease is generally amended to include as Exhibit "C" attached hereto and incorporated herein and therein fully by reference the final list of agreed upon "Permitted Encumbrances" as contemplated by, among other provisions, Section 1.1(q) of the Lease. As consideration for Tenant's acceptance of such contemplated final Permitted Encumbrances, Landlord represents and warrants unto Tenant, and its successors and assigns, that: (a) those matters and easements identified at Item Nos. 2 and 3 on Exhibit "C" in favor of the Washington Water Power Company and/or others, to the extent any one or more of such easements effect the Land, do not and will not materially interfere with Tenant's use and enjoyment of the Leased Premises and other Rights contemplated by the Lease; (b) Landlord, in developing the Land and Leased Premises, has complied in all respects with the conditions and requirements of the covenants with conditions of approval identified at Item No. 5 in Exhibit "C" hereto; (c) the use(s) of the Leased Premises and other portions of the Land as contemplated by Tenant and the Lease do not require the consent of Landlord's predecessor-in-title to the Land, Rockwood Clinic, P.S., as contemplated by paragraph 5 of Item No. 6 on Exhibit "C" hereto, or, if such consent was or is required, Landlord has procured such written consent, a copy of which is attached hereto as Exhibit "C-1"; and (d) the grantee of those rights of first refusal contemplated by Item No. 7 of Exhibit "C", if such rights of first refusal are hereafter invoked, will acquire title to the Land and Building, including the Leased Premises, subject to, in all respects, the Lease, as amended.
- H. The Lease is amended to include as Exhibit "D" and Exhibit "F" attached hereto and incorporated herein and therein fully by reference and comprising the final "Landlord's Plans" and "Tenant Improvement Plans," respectively, as heretofore (if and as applicable) approved by the parties and used by the parties in undertaking and completing their respective construction obligations as contemplated pursuant to Section Nos. 1.1(l), 1.1(y), 2.5(b), and Article 5 of the Lease.
- I. Pursuant to the terms of the Lease and this Second Amendment, the final Base Rent for the Leased Premises has been calculated based on Exhibit "E-1" attached hereto and is as follows:

<u>Lease Year</u>	<u>Amount per Square Foot of the Leased Premises</u>	<u>Annualized Base Rent</u>	<u>Monthly Base Rent</u>
<i>Initial Lease Term:</i>			
Months 1-60	\$ 16.21	\$225,351.42	\$18,779.285
Months 61-120	\$ 17.21	\$239,253.42	\$19,937.78

Except as heretofore or herein modified or amended, the Lease (including the First Amendment thereto) is unamended or modified. This Second Amendment and Commencement Date Rider shall control in the event of any conflict between the terms hereof and the Lease, as previously executed and amended. Landlord represents and warrants it has received in writing all consents necessary or appropriate from its lender(s) to allow it and Tenant to enter into this Amendment and the previously executed First Amendment to Lease.

PATIENT TRANSFER AGREEMENT

This Patient Transfer Agreement ("Agreement") is entered into this 10th day of April, 2014 (the "Effective Date"), between Spokane Washington Hospital Company, LLC d/b/a Deaconess Hospital ("Hospital"), and Inland Northwest Renal Care Group, LLC, d/b/a Spokane Kidney Center ("Transferring Facility").

To facilitate continuity of patient care and the timely transfer of patients and records from Transferring Facility to Hospital, the parties agree as follows:

1. If a determination is made by the attending physician that a patient requires transfer from the Transferring Facility to the Hospital, Hospital agrees to admit the patient as promptly as possible, as long as it has the available space, qualified personnel and appropriate services for the treatment of the patient, and the requirements of (i) Hospital's applicable policies/protocols, and (ii) applicable federal and state laws and regulation are met.
2. Transferring Facility has the responsibility for transferring the patient to the Hospital and agrees to use qualified personnel and necessary equipment, including medically appropriate life support measures, during the transfer.
3. Transferring Facility agrees to provide the Hospital with appropriate documentation as necessary to ensure continuity of patient care. This information should include, as a minimum, the patient's medical record (i.e., summary of physician findings, nursing notes, flow sheets, lab and radiology reports, copy of EKG, relevant transfer forms, signed consent for transfer, etc.). This documentation will be sent to the Hospital at the time of transfer unless doing so would jeopardize the patient; in which case, the documentation will be sent as promptly as possible after the transfer.
4. To the extent possible, patients will be stabilized prior to transfer to ensure the transfer will not, within reasonable medical probability, result in harm to the patient or jeopardize their survival.
5. All transfers will be done in accordance with (i) Hospital's applicable policies/protocols, (ii) applicable federal and state laws and regulations and (iii) in accordance with the standards of The Joint Commission.
6. Transferring Facility will be responsible for the transfer or other appropriate disposition of the patient's personal effects, particularly money and valuables.

7. Charges for services performed by either party shall be collected by the party rendering the service from the patient, third party payor, or other sources normally billed by the party. Neither party shall have any liability to the other for such charges, except to the extent such liability would exist separate from this Agreement. The parties shall cooperate with each other in exchanging information about financial responsibility for services rendered by them to patients transferred to the Hospital.

8. Transferring Facility shall indemnify, hold harmless and defend the Hospital, its agents and employees from and against any claim, loss damage, cost, expense or liability, including reasonable attorney's fees, arising out of or related to the performance or nonperformance by the Transferring Facility, its agents and employees of any duty or obligation of the Transferring Facility under this Agreement.

9. Hospital shall indemnify, hold harmless and defend the Transferring Facility, its agents and employees from and against any claim, loss damage, cost, expense or liability, including reasonable attorney's fees, arising out of or related to the performance or nonperformance by the Hospital, its agents and employees of any duty or obligation of the Hospital under this Agreement.

10. The parties shall maintain at their own expense comprehensive general and professional liability insurance and property damage insurance adequate to insure them against risks arising out of this Agreement, with limits no less than those customarily carried by similar facilities. Upon request, each party shall furnish the other party with evidence of such insurance. During the term of this Agreement, each party shall immediately notify the other of any material change in such insurance.

11. Nothing in this Agreement shall be construed as limiting the rights of either party to contract with any other facility or entity on a limited or general basis.

12. Transferring Facility represents and warrants that neither Transferring Facility nor Transferring Facility's shareholders, owners, principals, partners or members (if applicable) are presently debarred, suspended, proposed for debarment, declared ineligible, or excluded from participation in any federally funded health care program, including Medicare and Medicaid. Transferring Facility agrees to immediately notify Hospital of any threatened, proposed, or actual debarment, suspension, or exclusion from any federally funded health care program, including Medicare and Medicaid.

13. This Agreement shall be in effect on the date it is signed by both parties and shall continue until terminated as follows: (i) either party may terminate this Agreement immediately upon a breach of its terms by the other party, or (ii) either party may terminate this Agreement without cause by giving the other party not less than ninety (90) days written notice.

14. This Agreement may be signed in counterparts each of which will be considered an original.

15. This Agreement shall be interpreted and construed in accordance with laws of the state in which Hospital is located. Venue for any action to enforce its terms shall be in the county in which Hospital is located. This Agreement embodies the entire agreement of the parties relating to transfer of patients from Transferring Facility to Hospital, and supercedes all prior agreements, representations and understandings of the parties. This Agreement may only be modified or amended in writing. Amendments and modifications must be signed by both parties to be effective.
