Title: Scoring for Clinical Examination **Number:** DN 04

Reference: RCW 18.30.065

Contact: Trina Crawford, Executive Director

Effective Date: April 26, 2018

Supersedes: January 20, 2006
April 11, 2008

Approved: Signature on file

J. Eric Hansen, Chair, Board of Denturists

Effective January 20, 2006 the Board of Denturists adopts this policy to detail the scoring methodology for the clinical examination.

Each section of the clinical examination will be administered by two examiners. One designated examiner, after consulting with the other examiner, will enter a grade for the section. If the two examiners cannot come to a consensus, the grading examiner may consult with a third examiner prior to entering the grade. A passing examination requires that the total combined score from all sections be at least 70 percent.

This policy shall remain in effect until such time as it is either amended or repealed by the Board of Denturists.
