Subject: Primary Source Verification

To Whom It May Concern;

This letter fulfills your request for information about primary source verification of educational requirements to obtain a Washington State health care profession credential. The Department of Health verifies professional requirements prior to licensure in Washington State.

Licensing requirements for each profession are on the department website at [www.doh.wa.gov](http://www.doh.wa.gov). They are under Quick Links and then [Licensing Requirements for Health Professionals](#).

The credential status of specific individual health care professionals is available at [Provider Credential Search](#). On this website, you can also view disciplinary action and legal documents issued since 1998. We update the site daily with current information.

Please let me know if you need additional information. My contact number is 360-236-4604.

Sincerely,

Blake Maresh, Director
