Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See Instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

A 145	<p>Continued From page 1</p> <p>2 of 5 patient records reviewed (Patient #1 & Patient #2).</p> <p>Failure to provide close supervision puts patients at risk for continued victimization.</p> <p>Findings included:</p> <p>1. Review of the hospital policy titled, "Precautions Sexual Victimization," effective 05/19, showed that the nurse was to inform the physician for patients engaging in sexually acting out behavior (touching, kissing) on the patient care unit. The physician would then order line of sight as appropriate to prevent patients from engaging in sexually inappropriate behavior on the patient care unit. The nurse was then to notify the treatment team of any interventions the physician would have ordered for the patient.</p> <p>Review of the hospital policy titled, "Patient Rights," effective 04/19, showed that patients were to receive care in a safe setting.</p> <p>2. Patient #1 was admitted on 12/14/19 at 8:48 AM, on an involuntary hold for the treatment of a mental health condition. Review of the medical record showed:</p> <p>a) On 12/14/19 at 8:48 AM, the patient's physician ordered every 5 minute safety checks for suicide ideations on admission.</p> <p>b) On 12/14/19 at 11:20 AM, Patient #1 was found under a blanket in Patient #2's bedroom. The patients were kissing and touching each other and were fully clothed.</p>	A 145	<p>• MHT to report such behaviors to the charge nurse</p> <p>• Charge nurse to implement precautions if not already in place and increase level of observation on involved patient(s)</p> <p>• Charge nurse notifies attending provider of behavior and obtains orders for interventions</p> <p>• Charge nurse updates treatment plan to reflect new precautions and/or updated interventions as implemented</p> <p>• All staff maintain vigilance in observing for potential sexual victimization and follow up on all patient allegations of unwanted sexual attention or misconduct</p> <p>To be completed by CNO and Director of PI/Risk management</p>

A 145	<p>Continued From page 2</p> <p>At 1:45 PM on the same day, Patient #1 and Patient #2 were observed holding hands. Patient #1 invited Patient #2 into her bedroom. It was documented in the nursing notes that Patient #1 was put on line of sight (LOS) and was told to keep a 5 foot distance between her and Patient #2. Review of the every 5 minute patient checks showed the patient remained on every 5 minute checks and was not on LOS. The physician was not notified by the nurse of the concerns about the patient's sexualized behavior.</p> <p>c) On 12/15/19 at 5:00 PM, Patient #1 and Patient #2 were told on three separate occasions to stop kissing and holding hands. Patient #1 and Patient #2 were then seen walking to Patient #2's bathroom and were told to immediately separate. It was documented in the nursing notes that 1:1 was highly recommended for Patient #1. There was no documentation in the medical record that showed that the physician was notified of the patient behavior or the nurse's recommendation to place the patient on 1:1 observation status.</p> <p>d) On 12/16/19 at 5:40 AM, it was documented that Patient #1 was found kissing Patient #2. Patient #1 continued on every 5 minute checks. There was no documentation on the patient's every 5 minute check sheet that she was on LOS precautions.</p> <p>e) The patient observation status was changed from every 5 minutes checks on 12/17/19 at 8:00 AM when Patient #2 was transferred to another patient care unit.</p> <p>f) On 12/18/19 the patient expressed regret for their previously sexualized behavior towards Patient #2.</p>	A 145	<p>11. A 145	Continued From page 3 3. Patient #2 was admitted on 12/11/19 at 2:49 AM, on an involuntary hold for treatment of a mental health conditon. Review of the medical record showed: a) On 12/11/19 at 2:49 AM, the patient's physician ordered every 5 minute safety checks for suicidal and assault/homicidal ideations b) On 12/14/19 at 11:20 AM, Patient #2 was found under a blanket with Patient #1 in Patient #2's bedroom. The patients were kissing and touching each other and were fully clothed. c) On 12/15/19 at 5:00 PM Patient #2 was found to be touching and kissing Patient #1 on 3 separate occasions. On the same day at 5:30 PM, staff observed Patient #1 and Patient #2 attempting to go into Patient #2's bathroom. Staff redirected the patients. Patient #2 continued on every 5 minute checks. d) On 12/16/19 at 5:40 AM, Patient #2 was found kissing Patient #1 again. e) On 12/17/19, Patient #2 was moved to another patient care unit when a bed became available on another unit. The patient continued on every 5 minute checks throughout their sexualized behavior with Patient #1. There was no documentation that the physician was notified of Patient #2's sexualized behavior with Patient #1. 4. On 02/04/20 at 1:00 PM, the investigator interviewed the Director of Intake/Bed Control (Staff #1). Staff #1 stated that Patient #2 was moved to another unit on 12/17/19 when a bed became available on another unit.	A 145	IV. Medical Staff educated at Medical Staff Directors meeting on the matter of ordering appropriate precautions and intervention upon admission and throughout hospitalization on patients identified as at risk for sexual victimization and sexually acting out in order to maintain patient safety

RE: 96934/2020-1045

Dear Ms. Long:

An investigator from the Washington State Department of Health conducted a complaint investigation at South Sound Behavioral Health. Hospital staff members developed a plan of correction to correct deficiencies cited following this investigation. This plan of correction was approved on 03/06/20.

The 90-day Progress Report has been reviewed and accepted on 05/18/20.

The Department of Health accepts South Sound Behavioral Health attestation that it will correct all deficiencies cited at Chapter 246-320 WAC. I sincerely appreciate your cooperation and hard work during the investigation process. The investigation has been submitted for closure.

Sincerely,

Deborah Barrette, RN
