**Washington State
Department of Health
Office of Drinking Water**

Hello Drinking Water Partners:

After an exciting and challenging stretch as Director of the Office of Radiation, I'm back! My time away afforded me a learning and growth opportunity that I cherish and I'm excited to use my experiences to continue working with all of you to ensure safe and reliable drinking water for the people of Washington. I'd like to say "thank you!" to Emily Sanford for filling in as Director in my absence; her leadership and support was appreciated by all. Along with Emily, some of your favorite staff have also moved on to new opportunities or retirement. We said goodbye to Sam Perry, Nina Helping, Diana Thieme, George Simon, and Anne Marie Charles. All will be missed, and we wish them good luck in their new adventures.
