Work to fix problems

**Septic Repair Grant
and Loan Project**

Successes

**Vaughn Bay, Minter Bay and
Henderson Bay upgrades**

Prevent Pollution

Their home

is your home

The health of our community depends upon clean water in our lakes, streams and bays.

There are things we have no control over, like the weather, but there are things we can all do to help ensure clean water at shorelines and where we live.

Visit www.tpchd.org/wateraction to learn ways to take action to reduce pollution and keep water our clean!
