R#*	Required, when available; central registries may code available data using either SEER or <u>CoC</u> data items and associated rules
R\$	Requirements differ by year
R*	Required, when available
R^	Required, these text requirements may be met with one or several text block fields
R+	Required, central registries may collect either SEER Summary Stage 2000 or Collaborative Stage
RC	Collected by SEER or NPCR from <u>CoC</u> -accredited hospitals
RH	Historically collected and currently transmitted
RH*	Historically collected and currently transmitted when available
RN	Collect according to NPCR stage transition schedule
RS	Required, site specific
RS#	Required, site specific; central registries may code available data using either SEER or <u>CoC</u> data items and associated rules
RS*	Required, site specific; when available
S	Supplementary/recommended
T	Data is vital to complete exchange record
T*	Transmit data if available for any case in exchange record
TH	Only certain historical cases may require these fields
TH*	Only certain historical cases may require these fields; transmit data if available for any case in exchange record
