[FSPublicDisclosureRequests@doh.wa.gov](mailto:FSPublicDisclosureRequests@doh.wa.gov).

While the state does not give preferential treatment, it does seek equitable representation from the minority and women's business community. In addition, the state welcomes participation by self-identified minority and woman owned firms and strongly encourages such firms to become certified by OMWBE. Participation may be either on a direct basis in Response to this Solicitation or as a subcontractor to a Contractor. However, unless required by federal statutes, regulations, grants, or Contract terms referenced in the competitive procurement solicitation, no preference will be included in the evaluation of Bids, no minimum level of MWBE participation shall be required as condition for receiving an award, and Bids will not be evaluated, rejected or considered non-responsive on that basis.

### **Veteran-Owned Business Enterprise**

All Bids will be reviewed by the RFQQ Coordinator to determine compliance with the Minimum Required Qualifications and instructions specified in this RFQQ. Bidders should set up their Bids to address the Minimum Required Qualifications at or near the top of their bids. The Bidder is specifically notified that failure to comply with any part of the RFQQ may result in rejection of the Bid as non-responsive.

The DOH also reserves the right, however, at its sole discretion to waive minor administrative irregularities.

## **2.8 MOST FAVORABLE TERMS/ BEST AND FINAL OFFER**

The DOH reserves the right to make an award on the original Bid submitted or, at its sole discretion, to request a best and final offer from the top contending bidders, as defined by the DOH. The Bidder should be prepared to accept this RFQQ for incorporation into a contract resulting from this RFQQ. Contract negotiations may incorporate some or the entire Bid. It is understood that the Bid will become a part of the official contract file on this matter without obligation to the DOH.

## **2.9 CONTRACT AND GENERAL TERMS & CONDITIONS**

The apparent successful bidder will be expected to enter into a contract, which is substantially the same as the sample contract and its general terms and conditions attached as Exhibit C. In no event is a Bidder to submit its own standard contract terms and conditions in response to this solicitation. The Bidder may submit exceptions as allowed in the Bid Certifications and Assurances section, Exhibit B to this solicitation. The DOH will review requested exceptions and accept or reject the same at its sole discretion.

## **2.10 COSTS TO PROPOSE**

The DOH will not be liable for any costs incurred by the Bidder in preparation of a Bid submitted in response to this Solicitation, in conduct of a presentation, or any other activities related to responding to this Solicitation.

## **2.11 NO OBLIGATION TO CONTRACT**

This Solicitation does not obligate the state of Washington or the DOH to contract for services specified herein. The DOH reserves the right at its sole discretion to reject any and all Bids received without penalty and not to issue a contract as a result of this Solicitation.

## **3 BID CONTENTS**

Bidders must limit their Bids to 10 pages, double-sided, utilizing a Font and Font size that facilitate a smoother evaluation process; one that is easy to read and which will benefit the evaluation team members during their review; suggested: Arial 12. 1. Letter of Submittal, including signed Bid Certifications and Assurances (Exhibit B to this Solicitation)

#### **4.6 PROTEST PROCEDURE**

Bidders protesting this solicitation shall follow the procedures described below. Protests that do not follow these procedures shall not be considered.

  - Reissue the solicitation document and begin a new process, or
  - Make other findings and determine other courses of action as appropriate

If the DOH determines that the protest is without merit, the DOH will enter into a contract with the apparently successful bidder. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.

The protest decision is final and not subject to administrative appeal. If the protesting bidder does not accept the DOH protest decision, the bidder may seek relief from the Superior Court of Thurston County, in Washington State.

RIGHTS IN DATA/COPYRIGHT** – Unless otherwise provided, all materials produced exclusively under this contract shall be considered "works for hire" as defined by the U.S. Copyright Act and shall be owned by DOH. DOH shall be considered the author of such Materials. In the event the Materials are not considered "works for hire" under the U.S. Copyright laws, Contractor hereby irrevocably assigns all right, title, and interest in Materials, including all intellectual property rights, to DOH effective from the moment of creation of such materials.

Materials means all items in any format and includes, but is not limited to, data, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions that derive exclusively from the Contractor's work under this contract. Ownership includes the right to copyright, patent, register and the ability to transfer these rights.

For materials that are delivered under the contract, but that incorporate pre-existing materials not produced under the contract, Contractor hereby grants to DOH a nonexclusive, royalty-free, irrevocable license (with rights to sublicense others) in such materials to translate, reproduce, distribute, prepare derivative works, publicly perform, and publicly display. The Contractor warrants and represents that Contractor has all rights and permissions, including intellectual property rights, moral rights and rights of publicity, necessary to grant such a license to DOH.

The Contractor shall exert all reasonable effort to advise DOH, at the time of delivery of materials furnished under this contract, of all known or potential invasions of privacy contained therein and of any portion of such document which was not produced in the performance of this contract. DOH shall receive prompt written notice of each notice or claim of copyright infringement received by the Contractor with respect to any data delivered under this contract. DOH shall have the right to modify or remove any restrictive markings placed upon the data by the Contractor.

**30. SECURITY OF INFORMATION** – Unless otherwise specifically authorized by the DOH IT Security Officer, Contractor receiving confidential information under this contract assures that:

- It is compliant with the applicable provisions of the Washington State Office of the Chief Information Officer's policy, *Securing Information Technology Assets*, available at <http://ofm.wa.gov/ocio>.
- It will provide DOH copies of its IT security policies, practices and procedures upon the request of the DOH IT Security Officer.
- DOH may at any time conduct an audit of the Contractor's security practices and/or infrastructure to assure compliance with the security requirements of this Agreement.

- It has implemented physical, electronic and administrative safeguards that are consistent with ISB IT security standards and guidelines to prevent unauthorized access, use, modification or disclosure of DOH Confidential Information in any form. This includes, but is not limited to, restricting access to specifically authorized individuals and services through the use of:
  - Documented access authorization and change control procedures;
  - Card key systems that restrict, monitor and log access;
  - Locked racks for the storage of servers that contain Confidential Information or AES encryption (128bit or stronger) to protect confidential data at rest;
  - Documented patch management practices that assure all network systems are running critical security updates within 6 days of release when the exploit is in the wild, and within 30 days of release for all others;
  - Documented anti-virus strategies that assure all systems are running the most current anti-virus signatures within 1 day of release;
  - Complex passwords that are systematically enforced and expire at least every 180 days;
  - Strong (Two Factor) authentication mechanisms that assure the identity of individuals who access Confidential Information;
  - Account lock-out after 5 failed authentication attempts for a minimum of 20 minutes, or for Confidential Information, until administrator reset;
  - AES encrypted (128bit or stronger) sessions for all data transmissions.
  - Firewall rules and network address translation that isolate database servers from web servers and public networks;
  - Regular review of firewall rules and configurations to assure compliance with authorization and change control procedures;
  - Log management and intrusion detection/prevention systems;
  - A documented and tested incident response plan

Any breach of this clause may result in termination of the contract and the demand for return of all personal information.

**31. SEVERABILITY** – If any provision of this agreement or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of

this agreement which can be given effect without the invalid provision, and to this end the provisions of this agreement are declared to be severable.

**32. SITE SECURITY** – While on DOH premises, Contractor, its agents, employees, or subcontractors shall conform in all respects with physical, fire or other security policies or regulations. Failure to comply with these regulations may be grounds for revoking or suspending security access to these facilities. DOH reserves the right and authority to immediately revoke security access to Contractor staff for any real or threatened breach of this provision. Upon reassignment or termination of any Contractor staff, Contractor agrees to promptly notify DOH.

**33. SUBCONTRACTING** – Neither the Contractor, nor any subcontractors, shall enter into subcontracts for any of the work contemplated under this agreement without prior written approval of DOH. In no event shall the existence of the subcontract operate to release or reduce the liability of the contractor to DOH for any breach in the performance of the contractor’s duties. This clause does not apply to Hospitals and/or Medical Clinics that must contract with specialty physicians (e.g. anesthesiologists, radiologists, physicians groups, independent practitioners, etc.) nor does it include contracts of employment between the contractor and personnel assigned to work under this contract.

Additionally, the Contractor is responsible for ensuring that all terms, conditions, assurances and certifications set forth in this agreement are carried forward to any subcontracts. Contractor and its subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons personal information without the express written consent of DOH or as provided by law.

If, at any time during the progress of the work, DOH determines in its sole judgment that any subcontractor is incompetent or undesirable, DOH shall notify the Contractor, and the Contractor shall take immediate steps to terminate the subcontractor's involvement in the work.

The rejection or approval by DOH of any subcontractor or the termination of a subcontractor shall not relieve the Contractor of any of its responsibilities under the contract, nor be the basis for additional charges to DOH.

DOH has no contractual obligations to any subcontractor or vendor under contract to the Contractor. The Contractor is fully responsible for all contractual obligations, financial or otherwise, to their subcontractors.

**34. SURVIVABILITY** – The terms and conditions contained in this contract which by their sense and context, are intended to survive the completion, cancellation, termination, or expiration of the contract shall survive, including but not limited to clauses I, 8, 13, 14, 23, 24 and 29.

**35. SUSPENSION OF PERFORMANCE AND RESUMPTION OF PERFORMANCE** – In the event contract funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this contract and prior to normal completion, DOH may give notice to Contractor to suspend performance as an alternative to termination. DOH may elect to give written notice to Contractor to suspend performance when DOH determines that there is a reasonable likelihood that the funding insufficiency may be resolved in a timeframe that would allow performance to be resumed prior to the end date of this contract. Notice may include notice by facsimile or email to Contractor’s representative. Contractor shall suspend performance on the date stated in the written notice to suspend. During the period of suspension of performance each party may inform the other of any conditions that may reasonably affect the potential for resumption of performance.

When DOH determines that the funding insufficiency is resolved, DOH may give Contractor written notice to resume performance and a proposed date to resume performance. Upon receipt of written notice to resume performance, Contractor will give written notice to DOH as to whether it can resume performance, and, if so, the date upon which it agrees to resume performance. If Contractor gives notice to DOH that it cannot resume performance, the parties agree that the Contract will be terminated retroactive to the original date of termination. If the date Contractor gives notice it can resume performance is not acceptable to DOH, the parties agree to discuss an alternative acceptable date. If an alternative date is not acceptable to DOH, the parties agree that the Contract will be terminated retroactive to the original date of termination.

**36. TAXES** – All payments accrued on account of payroll taxes, unemployment contributions, any other taxes, insurance or other expenses for the Contractor or its staff shall be the sole responsibility of the Contractor.

**37. TERMINATION FOR CONVENIENCE** – Except as otherwise provided in this contract, the Contracting Officer may, by TEN (10) calendar days written notice, beginning on the second day after the mailing, terminate this contract in whole or in part when it is in the best interests of DOH.

If this contract is so terminated, DOH shall be liable only for payment in accordance with the terms of this contract for services rendered prior to the effective date of termination.

**38. TERMINATION FOR DEFAULT** – In the event DOH determines the contractor has failed to comply with the conditions of this contract in a timely manner, DOH has the right to suspend or terminate this contract. Further, DOH may terminate this contract for default, in whole or in part, if DOH has a reasonable basis to believe that the contractor has:

- A. Failed to meet or maintain any requirement for contracting with DOH;
- B. Failed to ensure the health or safety of any client for whom services are being provided under this contract;

- C. Failed to perform under, or otherwise breached, any term or condition of this contract; and/or
- D. Violated any applicable law or regulation.

Before suspending or terminating the contract, DOH shall notify the contractor in writing of the need to take corrective action. If corrective action is not taken within fourteen (14) days, the contract may be terminated or suspended. In the event of termination or suspension, the contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original contract and the replacement or cover contract and all administrative costs directly related to the replacement contract, e.g., cost of the competitive bidding, mailing, advertising and staff time. DOH reserves the right to suspend all or part of the contract, withhold further payments, or prohibit the contractor from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the contractor or a decision by DOH to terminate the contract. A termination shall be deemed to be a “termination for convenience” if it is determined that the contractor: (1) was not in default; or (2) failure to perform was outside of his or her control, fault or negligence. The rights and remedies of DOH provided in this contract are not exclusive and are in addition to any other rights and remedies provided by law.

**39. TERMINATION PROCEDURE** – Upon termination of this agreement DOH may require the Contractor to deliver to DOH any property specifically produced or acquired for the performance of such part of this agreement as has been terminated. The provisions of the *Treatment of Assets* clause shall apply in such property transfer.

DOH shall pay to the Contractor the agreed upon price, if separately stated, for completed work and services accepted by DOH. In addition DOH shall pay the amount agreed upon by the Contractor and the Contracting Officer for (a) completed work and services for which no separate price is stated, (b) partially completed work and services, (c) other property or services which are accepted by DOH, and (d) the protection and preservation of the property. If the termination is for default, the Contracting Officer shall determine the extent of the liability of DOH. Failure to agree with such determination shall be a dispute within the meaning of the *Disputes* clause of this contract.

DOH may withhold from any amounts due the Contractor for such completed work or services such sum as the Contracting Officer determines to be necessary to protect DOH against potential loss or liability.

The rights and remedies of DOH provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this agreement.

After receipt of a notice of termination, and except as otherwise directed by the Contracting Officer, the Contractor shall:

- Stop work under the agreement on the date and to the extent specified in the notice;

- Place no further orders or subcontracts for materials, services, facilities except as necessary to complete such portion of the work not terminated;
- Assign to DOH, to the extent directed by the Contracting Officer, all of the rights, titles, and interest of the Contractor under the orders and subcontracts in which case DOH has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.
- Settle all outstanding liabilities and all claims arising out of orders or subcontracts, with the approval or ratification of the Contracting Officer to the extent he/she may require, which approval or ratification shall be final for all the purposes of this clause;
- Transfer title to DOH and deliver, as directed by the Contracting Officer, any property which, if the agreement had been completed, would have been required to be furnished to DOH;
- Complete performance of such part of the work not terminated by the Contracting Officer; and,
- Take such action as may be necessary, or as the Contracting Officer may direct, for the protection and preservation of the property related to this agreement which is in the possession of the Contractor and in which DOH has or may acquire an interest.

**40. TREATMENT OF ASSETS** – Equipment purchases, title, and treatment of assets are determined by fund source. OMB Circular A-102 and/or the Washington State Office of Financial Management’s “OFM Directive A95-05” (effective July 1, 1995) regulate treatment of assets. Equipment acquisitions must be included in the official contract budget.

**41. WAIVER OF DEFAULT** – Waiver of any default or breach shall not be deemed to be a waiver of any subsequent default or breach. Any waiver shall not be construed to be a modification of the terms of this Contract unless stated to be such in writing and signed by authorized representative of DOH.
