

GRADUATE CERTIFICATE IN PUBLIC HEALTH PRACTICE

EARN YOUR CERTIFICATE WHILE YOU WORK

Offered through the UW Online Executive MPH program, the Graduate Certificate in Public Health Practice introduces students to the core disciplines of public health practice over two quarters.

The certificate program is delivered in a blended format, combining the convenience of online learning with the benefits of face-to-face classroom interaction. You'll take your courses mostly online, supplemented by two multi-day sessions in downtown Seattle — one in September/October and one in January.

EXPLORE THE MPH DEGREE PROGRAM

Up to 12 GNM credits from the certificate courses can be applied to the Online Executive MPH degree.*

More information about GNM can be found here:

<http://depts.washington.edu/hserv/gnm-nm>

** Acceptance into the certificate program does not guarantee acceptance to degree program. A separate degree application is required. Students who wish to transfer into the eMPH degree program should contact program staff by the end of autumn quarter.*
