2018-2019 Flu Pre-book

- Due February 9th
- 4 Presentations -2017
- 5 presentations - 2016

- Total pre-book: 690,000 doses 2017-2018
686,000 doses 2016-2017

Meningococcal B (MenB)

- There is a meningococcal disease type B outbreak at Oregon State University (OSU).
- Message shared with providers
- Providers can order MenB doses at any time by emailing us with a request for the number of doses

Meningococcal B vaccine doses ordered to date Jan 2016- Dec 2017

New Shingles Vaccine - Shingrix

- The FDA recently licensed Shingrix
- 2-dose series given six months apart, for adults aged 50 years and older.
- The Advisory Committee on Immunization Practices (ACIP) voted on October 25, 2017 to recommend the use of this vaccine for the prevention of shingles and related complications for immunocompetent adults aged 50 years and older, including adults who previously received zoster vaccine.

New Adult Hepatitis B Vaccine

- FDA recently licensed Heplisav-B 2-dose vaccine, given 1 month apart, for the prevention of hepatitis B infection in adults.
- Recommendations for the use of this vaccine will be discussed at the next ACIP meeting in 2018.

Hepatitis A

- Assess LHJ and Tribal need for adult hepatitis A vaccine for prevention efforts. Survey question:
 - If we can provide Twinrix (combination hepatitis A and B vaccine) for preventive vaccination efforts during the next three months:
 - How many doses do you estimate needing?
 - How would you distribute these doses?
 - What populations would you target?
- Briefing Paper
- Explore options for purchasing hepatitis A vaccine in private market, if funding available

2018 Thermometer Requirements

- All providers enrolled in the Childhood Vaccine Program must use a digital data logger or temperature monitoring system with continuous monitoring and recording capabilities
- Ongoing communication to providers about new requirements
 - Newsletters
 - Site visits
 - Phone calls

Restitution

(Best Practices in Storage & Handling and Replacement Policy)

- Workgroup formed
- First Meeting in February
- Data gathered and analyzed
