

WELL-CHILD CARE IS IMPORTANT, EVEN DURING A PANDEMIC

A well checkup is valuable for **growth, development, early detection, behavioral support, and learning success.**

Schedule a well checkup with your provider today!

Many clinics in Washington have made changes to protect patients and families including:

- Offering well visits through telehealth
- Allowing curbside visits for immunizations
- Changing the office design and layout
- Shifting timing for well and sick visits.

If you need help finding a clinic near you or have trouble scheduling a visit, call your insurance company. If you need help finding coverage, go to [wahealthplanfinder.org](https://www.wahealthplanfinder.org).
