

GET THEM READY FOR FALL: SCHEDULE A WELL CHECKUP TODAY!

A well checkup is a great chance for your doctor to offer support for **behavioral/mental health and wellness**.

They're also valuable for checking your child's **healthy growth and development**, and can offer **early detection** of possible health problems.

Insured children in Washington can get a **free** health checkup every year.

Fall means kids are back in school—so make their health part of the back-to-school routine! A well checkup offers a chance for asking health questions, getting those important immunizations and helps promote learning success.

Schedule your child's well checkup today!

If you need help finding a clinic near you or have trouble scheduling a visit, call your insurance company. If you need help finding coverage, go to **wahealthplanfinder.org**.
