

Childhood Vaccine Program

Office of Immunization and Child Profile | (360) 236-2829 | doh.wa.gov/cvp | wachildhoodvaccines@doh.wa.gov

Patient Eligibility Status Screening Record

All providers enrolled in the Washington State Childhood Vaccine Program:

- Must screen and document patient eligibility status for EVERY child less than 19 years of age at EVERY immunization visit.
- Must retain this information in every child’s medical record for a minimum of three years.
- May use alternate form (paper based or electronic) but MUST capture all elements included in this form.

Patient Information						
Patient Name:						
Patient Date of Birth:						
Parent/Guardian Name:						
Provider Name:						
Eligibility Status						
Instructions: For each immunization visit, mark date vaccine given and appropriate eligibility category. Select the category with the lowest out-of-pocket cost to the patient/parent/guardian.						
Date Vaccine Given	Federal VFC Vaccine Eligible				State Vaccine Eligible	
	American Indian or Alaskan Native	Medicaid	Uninsured	Under-insured served by FQHC/RHC*	CHIP**	Private Insurance***

*Children who have health insurance that does not include vaccines or only covers select vaccine types and are receiving care in a Federally Qualified Health Center (FQHC) or certified Rural Health Clinic (RHC).

**Children enrolled in the Children’s Health Insurance Program (CHIP) or the Washington State Child Health Insurance Program (CHP). These children are covered under the Apple Health umbrella and have the same Apple Health card as Medicaid enrolled children. Providers must determine a patient’s status using Provider One.

***Children who are fully insured receiving care in any facility and underinsured children receiving care in a non-FHQC/RHC.
