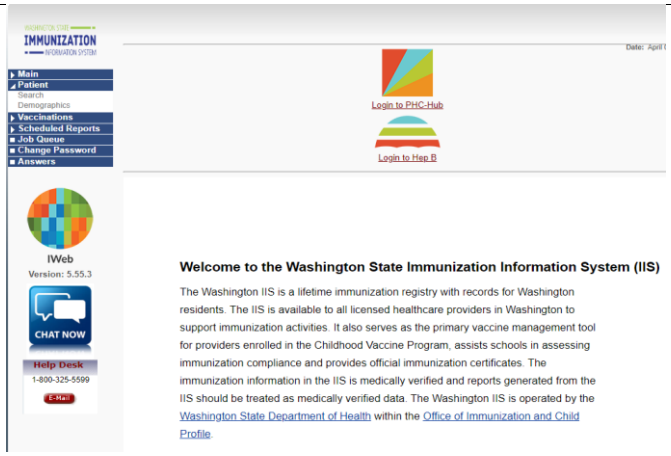
Appendix A: Examples of Medically Verified Immunization Records 26

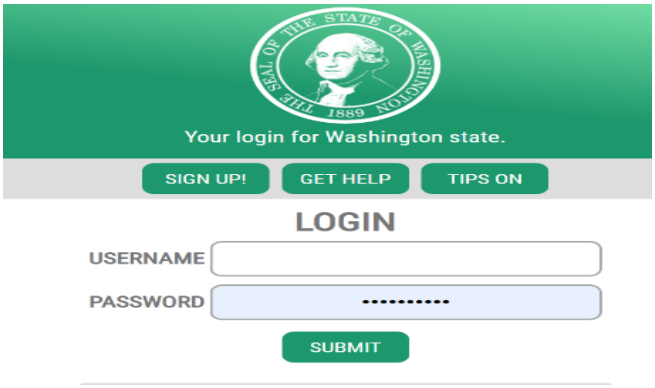
Log In

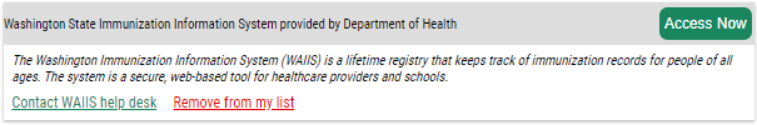
Watch our video tutorial for how to log into the School and Child Care Immunization Module and Secure Access Washington Here: How to Log in - Video

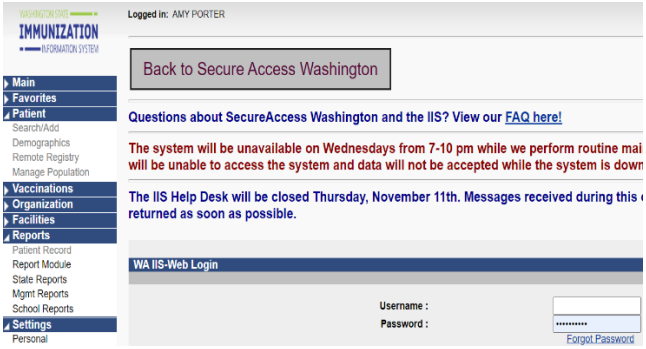
Go to: www.waiis.wa.gov

- Click ***Login*** under the main menu in the top left corner.
- The homepage for ***Secure Access WA*** or ***SAW*** will open. This is a security gateway used by the State of Washington. Current users access the IIS through Secure Access Washington by adding the IIS as a service. For more information about this process see the FAQ here (PDF).
- If you need assistance with logging into SAW please select the green, "***Get Help***" button located under the Washington State Seal.
- Enter your SAW Username and Password. ***(This is a different username and password than your log in credentials for the School and Child Care Immunization Module.)***
- Click submit and you will be taken to the login page for the School and Child Care Immunization Module.
- Click the Access Now button to select the service WAIIS.
- If prompted complete the multi-step authentication and continue to the WA IIS login page
- Enter your WA IIS ***Username*** and ***Password.*** If you forget your password, you can select *Forgot Password* and reset it via email. You can also contact the Helpdesk via phone or email.
- Click ***Login*** or press ***Enter*** on your keyboard.
- If your account has access to more than one school the system will take you to the *Choose School* screen.







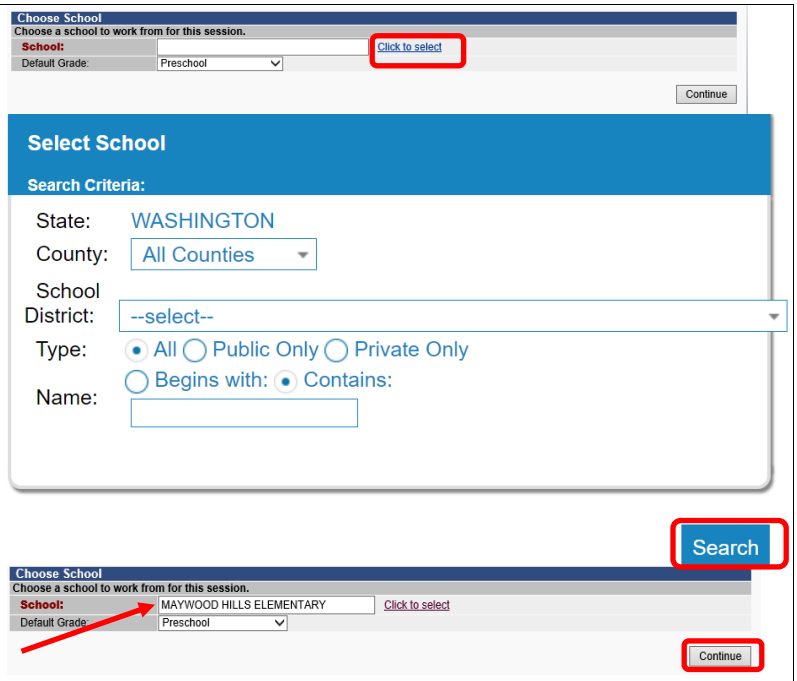


Choose a School

Watch our video tutorial for how to choose a school here: How to Choose a School - Video

If you have access to more than one school, you will need to select a school to continue.

- Click on ***Click to Select*** to open the *Select School* window.
- Click *Search* without adding any information about this school. This will display a list of all the schools in the district and is the most accurate way to find your school.
- Scroll down and you will see the schools you have access to listed. You may need to use the arrows at the bottom of the list to scroll through different pages to find the school you are looking for.
- From the list, click on the School Name to select that school.
- The *Select School* window closes, and the selected school is shown in the *school* field.
- Ignore the *Default Grade* selection/dropdown box.
- Click the ***Continue*** button.

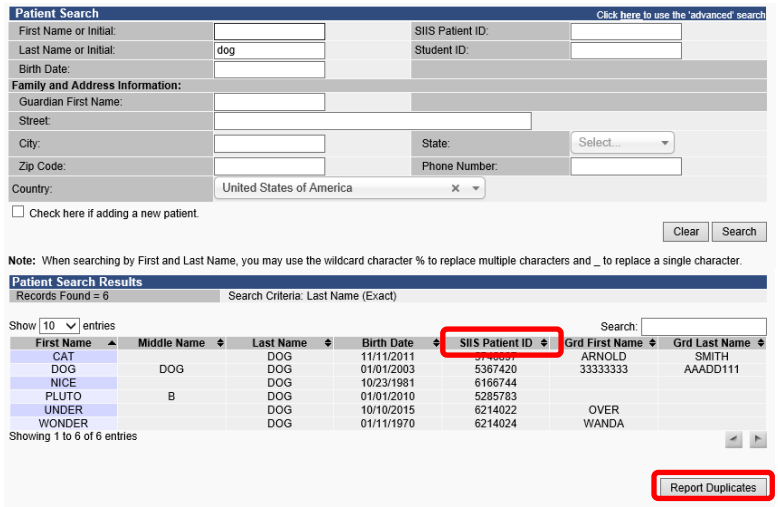


Search for a Student

Important Note **Only look up students within your School or District. Employee records can only be viewed if the Employee has given written consent.**

Watch our video tutorial: How to Search for a Student and Report Duplicate Records - Video

- Using the Navigation Menu, Click ***Search/Add*** under the Patient menu heading.
- Enter information in the Patient Search fields e.g., student name, birth date, SIIS IS, OSPI Student ID. The more information provided the shorter the search results.
- Enter the birth date as a string of numbers; for example, May 8, 2005, = 050805.
- Click ***Search*** or press ***Enter*** on your keyboard.
- Select the correct student's name by clicking once on the name. This opens ***the Patient Demographic*** screen.



Reporting Duplicate Records

When searching for students in the IIS, you may see multiple records for the same student. If you see duplicate records, please report them in the IIS. The IIS Team reviews and resolves the duplicate records within a few business days. Reporting duplicate records helps to improve the accuracy of student vaccination records. For more information on reporting duplicate students please review How to Report Duplicate Patients Quick Reference Guide.

Bad Merges

Sometimes profiles accidentally get merged by the system. This happens most commonly with siblings, especially twins, who have similar first names. If you suspect that accounts have been merged incorrectly, you can report it in the ***SCCI Wizard***.

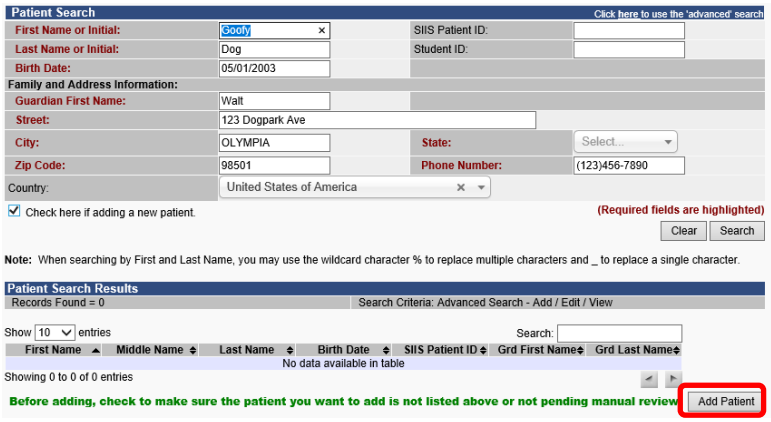
Important Note **- When emailing please do not email student names or DOBs. If you need us to look at a specific student, please email the SIIS #.**

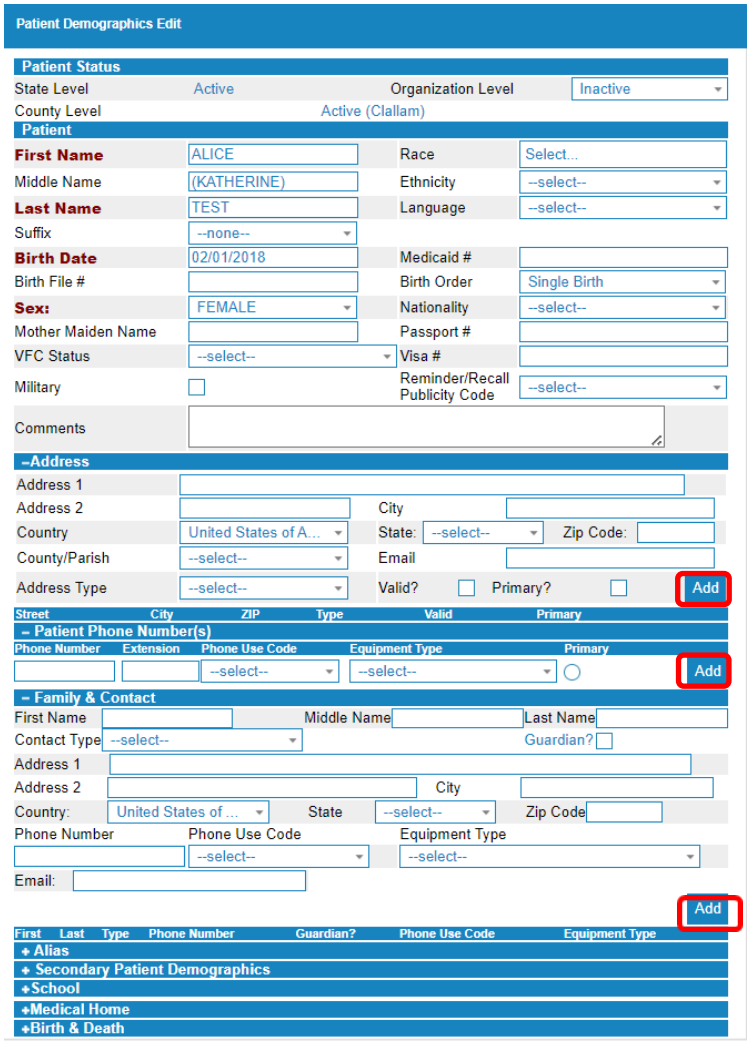
Add a Student to the IIS

Watch our video tutorial for: **How to Add a Student and Attach them to a School - Video** and **Short Video – Adding Patients to the IIS - YouTube**

A student not in the School and Child Care Immunization Module can be added on the *Search/Add* screen under the *Patient* menu heading.

- Enter the student's first, last name and birth date.
- Check the box ***Check here if adding a new patient***.
- Enter all required fields marked red.
- Click ***Search*** or press ***Enter*** on your keyboard.
- If the student is not found, click ***Add Patient*** under *Patient Search Results.*
- The system will open the *Patient Demographics Edit* screen as seen in the image with light blue text.
- Enter the ***Sex*** of the patient using the drop-down list.
- Enter the OSPI SSID in the ***Student ID*** Field.
- Enter the mailing ***Address*** Note: enter the zip code first to auto populate fields. Click the ***Add*** button in the address section.
- Enter the ***Phone Number*** and appropriate ***Phone Use Code*** (usually Primary Residence Number)***.*** Click the ***Add*** button in the Phone section.
- Enter the name of the ***Family Contact***. Click the ***Add*** button in the Family Contact section.
- If desired, enter a student's preferred name in the Alias section. Students whose preferred name is being used for legal reasons such as protection orders may be eligible to have their preferred name listed as the primary name in the IIS. Email us at schoolmodule@doh.wa.gov to request permission to change a student's primary name from their legal name.
- Enter additional information if available. Note: do not enter the School Entry Date.
- Click ***Save.***



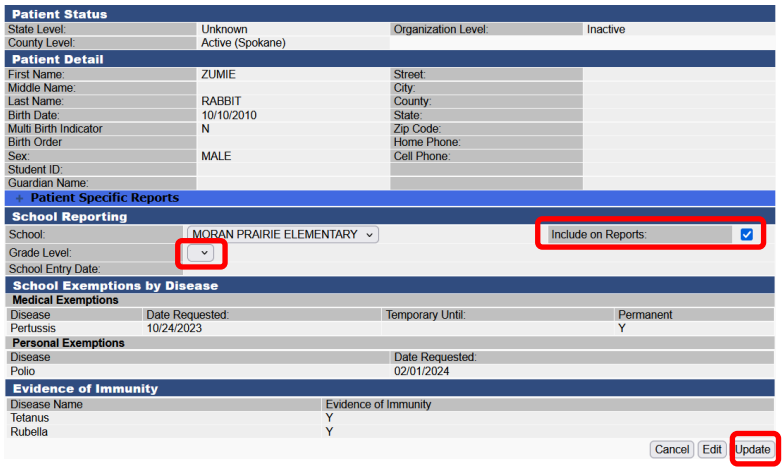


Add a student to a Roster

- Search for the student, (please see the above section titled “Search for a Student” for more information.
- Click on the student’s name to open their demographic page.
- Select the correct ***Grade Level*** from the drop-down list.
- Click the checkbox to ***Include on Reports.***
- Click the ***Update*** button.

If the school they attend is not in the school drop down field, then select the “*Select a School*” **button in the top left corner to choose a different school and follow the above steps for selecting a school again.**

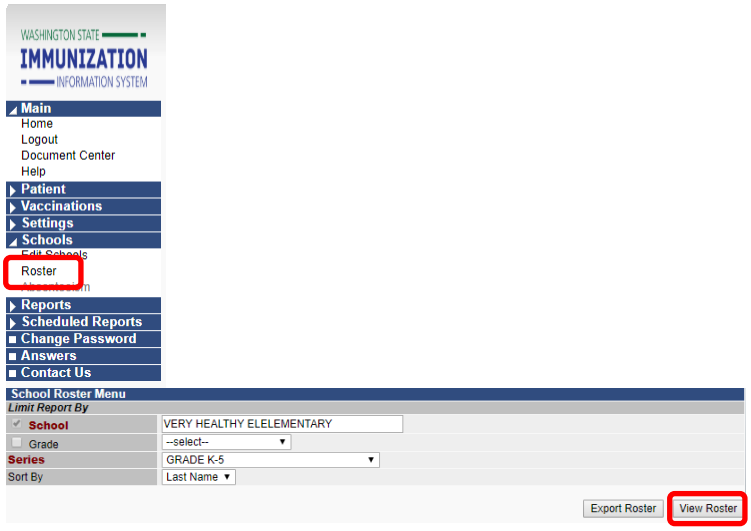
***Important Note* Students can only be listed on one roster at a time. If they attend multiple locations, they should be listed on their school of record roster or the roster for the location where they spend most of their time.**



View/Export the Student Roster

Watch our video tutorial for: [How to View and Export the Student Roster - Video]

- Click on ***Roster*** under the Schools menu heading.
- You can select the ***Grade*** using the dropdown list. Not selecting a grade will show all students in the roster.
- If your roster is over 1000 students, the system may time out and not allow adding or removing of students. If this happens, select a grade prior to running your roster.
- Select the desired ***Series*** using the dropdown list to apply compliance rules to the roster. You are required to select a Series to view the roster.
- Select the desired sort using the ***Sort By*** dropdown list.
- Click the ***View Roster*** button.
- You can download the roster as an excel .csv file by clicking the ***Export Roster*** button.



Edit the Roster

***Important Note* To keep the Roster up to date students must be added and removed as students enroll and withdraw.**

Add A Student

- Click the ***Add New Students*** button to go to the Patient Search/Add Screen
- If your roster is over 1000 students, the system may time out and not allow you to add students. If this happens, select a grade prior to running your roster to reduce the number of students on the roster. Repeat to clear each grade individually.

Remove a student

- Check the box in the ***Remove*** column next to the student you wish to remove.
- Click the ***Save Roster Updates*** button.
- Click ***OK*** on the popup window asking if you are sure you want to delete.
- If your roster is over 1000 students, the system may time out and not allow you to remove students. If this happens, select a grade prior to running your roster to reduce the number of students on the roster.

Change a Student's Grade Level

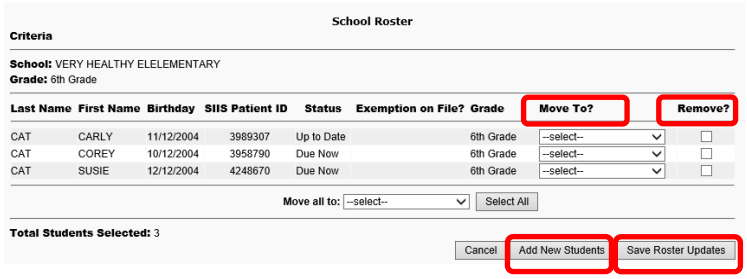
- Select the desired grade from the dropdown list next to the student's name in the ***Move To*** column.
- Click the ***Save Roster Updates*** button.

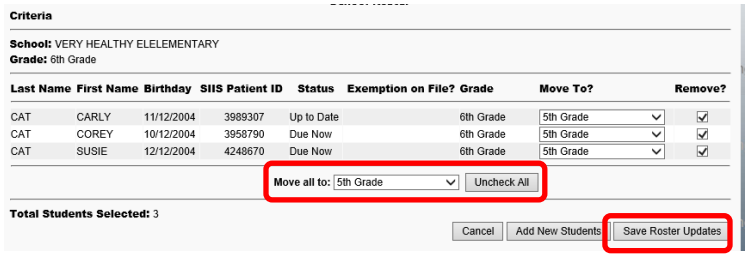
Remove a whole grade of Students:

- Click the ***Select All*** button. All the student's Remove boxes will be checked.
- Click the ***Save Roster Updates*** button.

Change the Grade of All Students on the Roster

- Select the desired grade from the dropdown list box next to ***Move All To***. Start with the highest-grade level, ex. Move 11th grade to 12th grade.
- Click the ***Save Roster Updates*** button.





Vaccination Summary Page

Only nurses have access to the Vaccination Tab. If you are not a nurse and need access to the vaccination tab you can view the steps for how to complete the delegation process on the School and Child Care Immunization Module Website.
Watch our video tutorial about the Vaccination Summary Page - Video

After selecting a student, click on ***Summary*** under the *Vaccinations* menu heading. This view-only page will display the following sections:

Vaccination Summary
Lists a student's vaccines grouped by vaccine type. Immunizations marked with a red X are considered invalid. Click on the vaccine date for more detail, including the provider who gave the vaccine.

Invalid Vaccinations
Lists the reason a vaccine dose is invalid.

Vaccine Deferrals
Notes the deferrals entered by the healthcare provider about deferred.

Vaccine Contraindications/Exemptions/Precautions
Lists information entered by a healthcare provider. Some information may not be displayed due to patient confidentiality. Exemptions entered here are provider exemptions which are not the same as school/childcare exemptions. Students with a school/childcare exemption must have a completed Certificate of Exemption on file which should be entered into the School and Child Care Immunization Module (instructions below). Exemptions entered in the School and Child Care Immunization Module display on the *Patient Demographics* page not in the *Vaccine Contraindications/Exemptions/Precautions*.

Vaccination Forecast
Lists vaccinations still needed and when they are due. Definitions of the Forecast Status can be found on the *Forecast* page under Vaccinations on the main menu.

For more detailed information about the vaccine summary screen review the How to Review a Patient's Vaccination Summary and Forecast quick reference guide.

Vaccination View/Add Page

Watch our video tutorial: The Vaccination View Add Page - Video

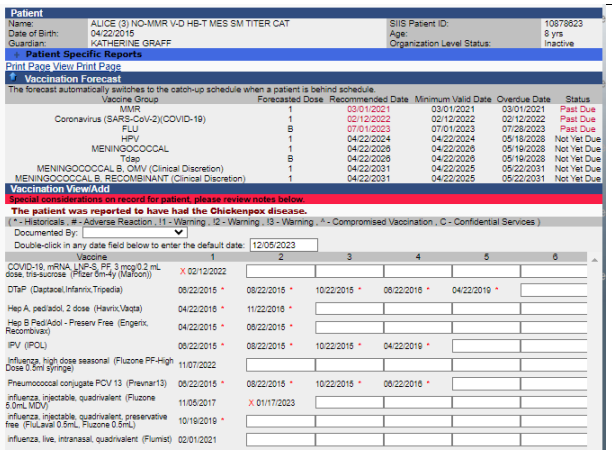
After selecting a student, click on ***View/Add*** under the *Vaccinations* menu heading. This page will display the following areas:

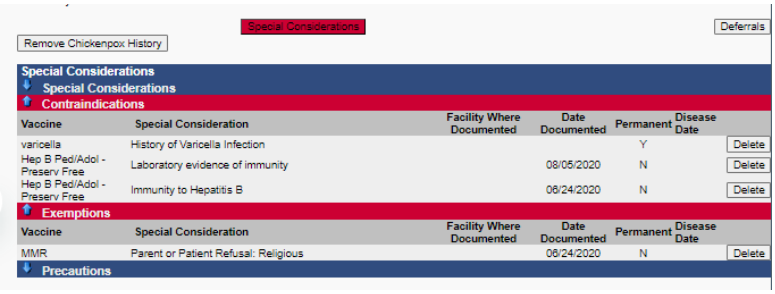
Vaccination View/Add

Lists all vaccinations administered and fields to enter additional doses. Only medically verified immunization records may be entered on this page. For more information about entering immunization dates see the *Add Missing Immunization* section below.

Vaccine Contraindications/Exemptions/Precautions and Forecast

Lists information entered by a healthcare provider as well as the Vaccination Forecast. This is the same information that displays on the *Vaccination Summary* page explained above.





Add a Missing Immunization

Important:

- ✓ Only medically verified immunization records may be entered into the School and Child Care Immunization Module. Follow the guidelines in the next column to determine if an immunization record is a valid medically verified record (see Appendix A for samples). The ultimate decision to enter an immunization record is based on the School Nurse's best clinical judgment.
- ✓ If the school is subject to the FERPA rules, parent consent must be obtained prior to entering the dates into the School and Child Care Immunization Module. You can use the Certificate of Immunization Status (CIS) to document parent consent or obtain written consent in an alternate manner.

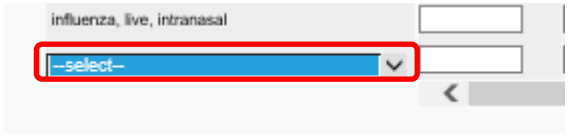
For strategies on how to obtain medically verified records and collecting parent consent please review the Guidance and Expectations document.

The following are examples of medically verified immunization records that may be entered into the IIS (see Appendix A for samples):

- Immunization records printed from a clinic or hospital Electronic Health Record.
- Immunization record or official CIS printed from another state's immunization registry.
- Official lifetime immunization record from WA or another state with a unique healthcare provider or clinic stamp, or another form of written healthcare provider documentation, such as a provider signature.
- For foreign students: official immunization record such as an immigration form or lifetime immunization record from another country with a clinic or healthcare provider stamp.
- CIS: handwritten immunizations can be accepted only if verified with a unique healthcare provider or clinic stamp, or another form of written healthcare provider documentation, such as a provider signature.

To Enter a Date

- After selecting a student, click on ***View/Add*** under the *Vaccination* menu heading.
- Click into the ***Box*** next to the appropriate vaccine brand.
- If the vaccine name or combination is listed, use that vaccine. For example, if record says:
  - Administered in the U.S.
    - DTaP-IPV use: DTaP-IPV (Kinrix, Quadracel)
  - Administered out of the U.S.
    - "Penta" could be either DTP-hepB-Hib or DTAP/IPV/HIB, need to investigate further for the specific country. The world health organization dashboard resource can help - search based on the country of vaccination.
- Use the *Default Vaccine to Enter* table in Documenting Historical Vaccinations Quick Reference Guide (PDF) or Polio Vaccine Documentation Quick Reference Guide (PDF) if the:
  - Vaccine name is not specified.
  - Combination vaccine is not listed.
- Type the date as a string of numbers; for example, May 8, 2005 = 050805, or double click to use the ***Default Date*** at the top of the *Vaccination View/Add* section. The Default Date can be changed to any desired date.
- Click the ***Add Historicals*** button list at the bottom of the *Vaccine View/Add* section. You can add multiple dates in the vaccine fields before clicking the button. Remember to do this to save your work.
- Immunizations marked with a red X are considered invalid. Click on the vaccine date for more detail.

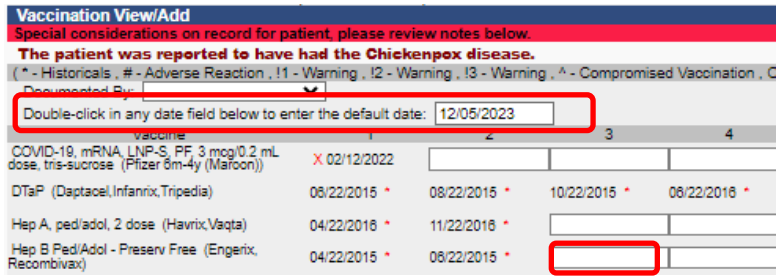


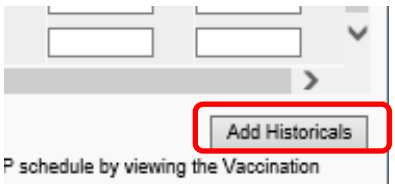
Default Vaccine to Enter:

Vaccine Listed	Enter in WAIIS if given in the U.S.	Enter in WAIIS if not given in the U.S.
DTaP-IPV	DTaP-IPV (Kinrix, Quadracel)	
DTP/IPV	Not Administered in U.S.	DTP and IPV separately (do not use the DTP/IPV combination vaccine)
DTaP-Hib-IPV	DTaP-Hib-IPV (Pentacel)	DTAP/IPV/HIB – non-US
DTaP-Hep B-IPV	DTaP-Hep B-IPV (Pediarix)	
DTaP, IPV, Hib, HepB	DTaP, IPV, Hib, HepB (Vaxelis)	
DTP-hepB-Hib Pentavalent	Not administered in U.S.	DTP-hepB-Hib Pentavalent Non-US
DTaP	DTaP (Daptacel, Infanrix, Tripedia)	DTaP, unspecified formulation

If Historical Record Indicates:	Enter in WAIIS As:	CVX Code:
IPV Polio (not specified as IPV or OPV, administered **in the U.S. after 1999**)	**IPV**	**10**
tOPV OPV (formulation unknown, administered **before 04/01/2016**) ***It is very unlikely that tOPV was given after 04/01/2016***	**OPV, trivalent, live, oral**	**02**
bOPV OPV (formulation unknown, administered **on or after 04/01/2016**) Polio (not specified as IPV or OPV and administered **outside of the U.S on or after 04/01/2016 and cannot be verified as IPV**)	**OPV bivalent**	**178**
mOPV (administered **before or after** 04/01/2016)	**OPV, monovalent, unspecified**	**179**
Polio (not specified as IPV or OPV, administered **before 04/01/2016**) ***Do not use for doses given on or after 04/01/2016 if dose may be OPV (non-U.S.)***	**polio, unspecified formulation**	**182**

***Note: Do not use – OPV, Unspecified / CVX Code 89**



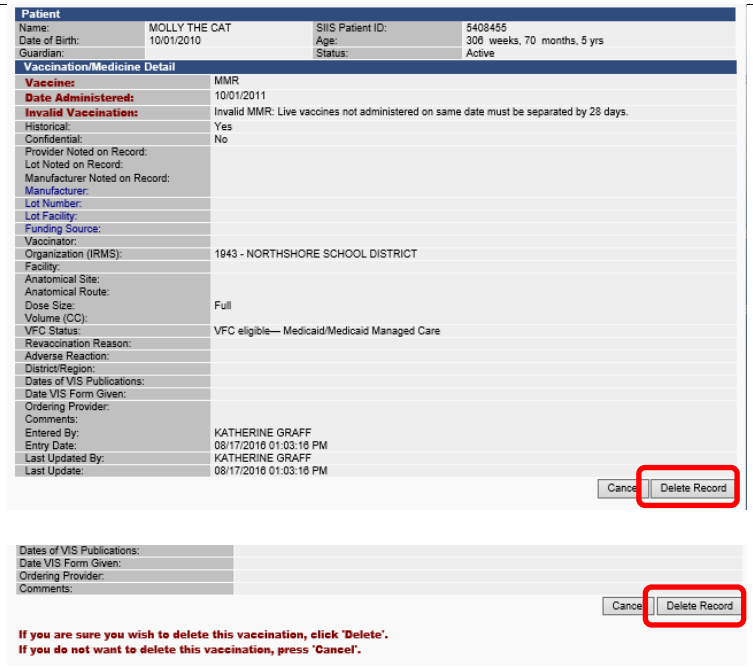


Delete an Immunization

Watch our video tutorial: How to Delete an Immunization - Video

Immunization dates can only be deleted if you entered the date.

- After selecting a student, click on ***View/Add*** under the *Vaccinations* menu heading.
- Click on the ***Immunization Date*** entered in error. The system will open *the Vaccination/Medicine Detail* page.
- Click the ***Delete Record*** button. The system opens a second *Vaccination Detail* screen.
- Click the ***Delete Record*** button to delete the record.
- Click ***Cancel*** to return to the previous screen without deleting the record.



Incorrect Vaccination Dates

Incorrect vaccination dates can only be deleted by the user who entered the date. To find out who entered the vaccination, click on the immunization date. That will open the *Vaccination Detail* screen which shows the organization that entered the date. You will need to contact that provider to let them know that the date is incorrect. The error will need to be fixed in the IIS and in the provider's electronic health record, so the incorrect dose doesn't return to the IIS with their next data upload.

Chickenpox History

Watch our video tutorial on: Chickenpox History - Video
Only healthcare providers verified history of disease may be entered.

Add Chickenpox History

- After selecting a student, click on ***View/Add*** under the *Vaccinations* menu heading.
- Click the ***Add Chickenpox History*** button.

Delete Chickenpox History

- After selecting a student, click on ***View/Add*** under the *Vaccinations* menu heading.
- Click the ***Delete Chickenpox History*** button.

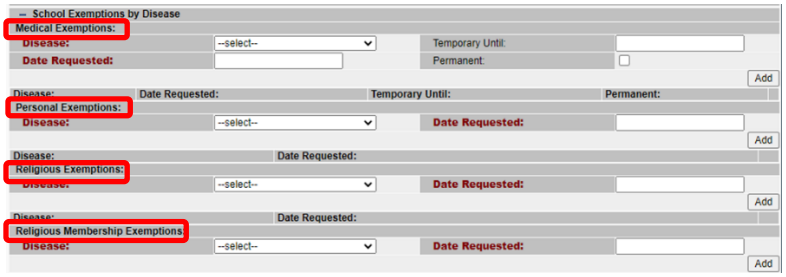
Add/Delete an Immunization Exemption

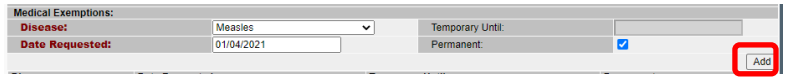
Also see: [Enter Exemptions into the School and Child Care Immunization Module Quick Reference Guide (wa.gov)]

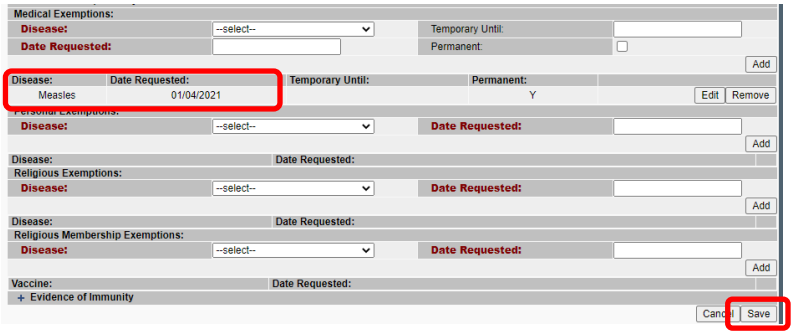
- Medical, Personal and Religious Exemptions require both parent/guardian and healthcare practitioner signatures on the Certificate of Exemption (COE) Form.
- Religious Membership Exemptions require only a parent/guardian signature on the COE.
- Exemptions entered in the School and Child Care Immunization Module impact the Roster and reports. They do not impact the validated CIS, which measures documentation of immunity not documentation compliance.
- If a student transferred to your school any exemptions entered by their previous school make sure you have a copy of the COE. If you don't have or can't get the COE remove the exemptions.

Add an Exemption

- After selecting a student, select ***Demographics*** under the *Patient* main heading.
- Click the **Edit** button.
- The system will open the *Patient Demographics Edit* page.
- Click the + to expand ***School Exemptions by Disease.***
- Click the desired ***Disease*** from the *Disease dropdown list* of the desired exemption type. Measles, mumps and rubella cannot be exempted for personal/philosophical reasons.
- Type the date of the parent/guardian signature on the Certificate of Exemption in the ***Date Requested*** field.
- If it is a Medical Exemption check the ***Permanent*** box OR type the exemption expiration date in the ***Temporary Until*** field.
- Click the ***Add*** button.
- Click the ***Save*** button.







Delete an Immunization Exemption

From the *Patient Demographics Edit* page:

- Click the + to expand ***School Exemptions by Disease.***
- Click the ***Remove*** button of the desired exemption series.
- Click the ***Save*** button.

Add Immunity to a Disease

Also see: Enter Immunity into the School and Child Care Immunization Module Quick Reference Guide (wa.gov)

- ✓ Titers entered in the School and Child Care Immunization Module impact the Roster and reports. They do not impact the validated CIS or the IIS Forecast.

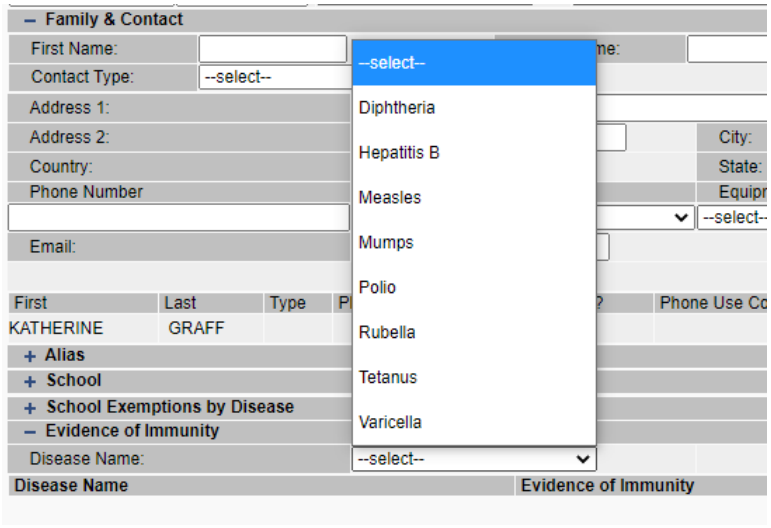
Enter provider documented immunity to a disease by

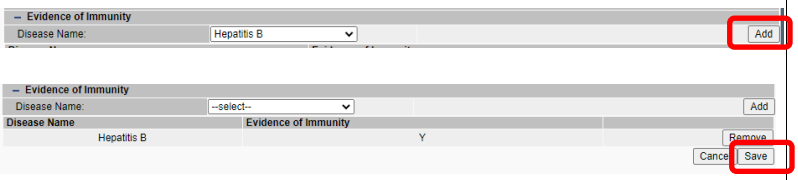
- Completed and signed immunity on the CIS
- Signed lab report indicating immunity.
- Provider letter stating the child is immune.

Note: a copy of the lab report is no longer required to accompany health care provider documentation of immunity by blood antibody titer.

Add Immunity

- After selecting a student, select ***Demographics*** under the *Patient* main heading.
- Click the **Edit** button.
- The system will open the *Patient Demographics Edit* page.
- Click the + to expand ***Evidence of Immunity.***
- Click the desired ***Disease*** from the *Disease dropdown list.*
- Click the ***Add*** button.
- Click the ***Save*** button.

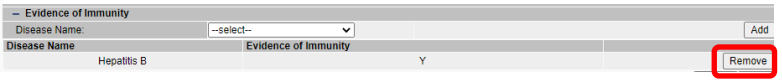




Delete Immunity to a Disease

From the *Patient Demographics Edit* page:

- Click the + to expand ***Evidence of Immunity.***
- Click the ***Remove*** button of the desired immunity series.
- Click the ***Save*** button.



Edit School Grade Levels

To add or remove a grade level from a school:

- Click ***Edit School*** under *Schools* on the Main Menu.
- Click the ***Arrow*** button next to the desired school.
- Use the ***Right*** and ***Left Arrow*** buttons to move grades between the *Available Grade Level* and *School's Grade Levels* lists.
- Click the ***Save*** button.

School Reports

Watch our tutorial on School Reports Overview - Video

To be accurate, all reports that calculate compliance need to be run with the appropriate grade or age compliance series. The following reports are for other states using the School and Child Care Immunization Module and are **not** accurate for Washington state:

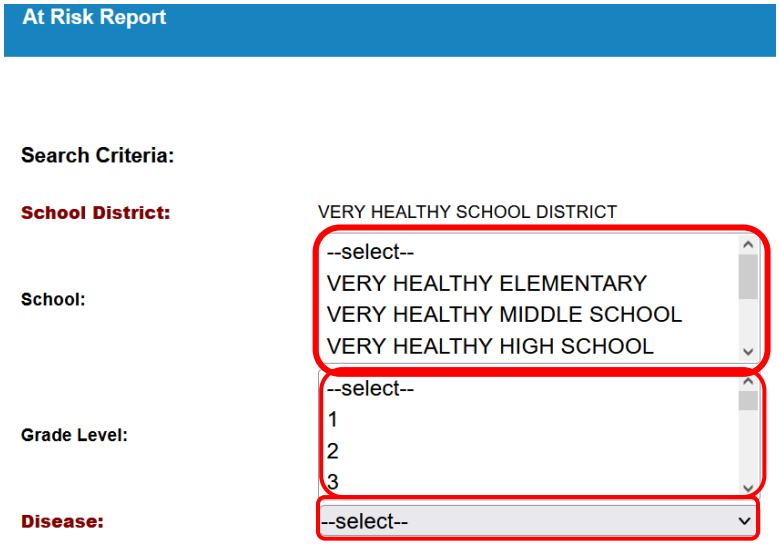
- School Immunization Report, First Time Enterer
- First Time Enterers Action Report
- Summary of School Enterers Data

To access School Reports

- Select ***School Reports*** under *Reports* on the Main Menu.
- Click on the desired ***Report Name*** to open the report parameters.
- Some reports can be scheduled to run at a specific time, ex. after hours.

At Risk Report

This report lists students by grade who are "at risk" for a specific vaccine preventable disease based off the AICP vaccination schedule. These are students who do not have immunity, by vaccination or provider documentation, to the disease selected.



Select a School

This is only an option if you have access to multiple schools under your account. If your school is already selected under the "School:" section skip down to the instructions for selecting a grade.

- To run this report for more than one school at a time but not for a whole district, click on the name of the first location and then hold down the ***"ctrl"*** key while clicking on the names of the other locations you wish to see.
- To run this report for all the schools in your district or program do not select a location under the school list section. Click on the **"–select—"** option at the top of the list making it highlighted gray.

Select the Grade/s

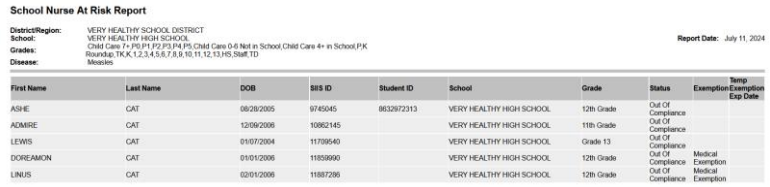
- To run for one grade, select the grade you wish to see from the grade list.
- To run this report for multiple grades, click the first grade you wish to see. Next, hold down the ***"ctrl"*** key on your keyboard. While holding down the ***"ctrl"*** key click on the other grades you want to run the report for.

Select the Disease

- Select the disease by clicking on the disease you want the report to run against. You can only select one disease at a time.

Create Report

- Click on the "***Create Report***" button to run the report in the Module.
- Click the "***Export***" button to open the report in Microsoft Excel

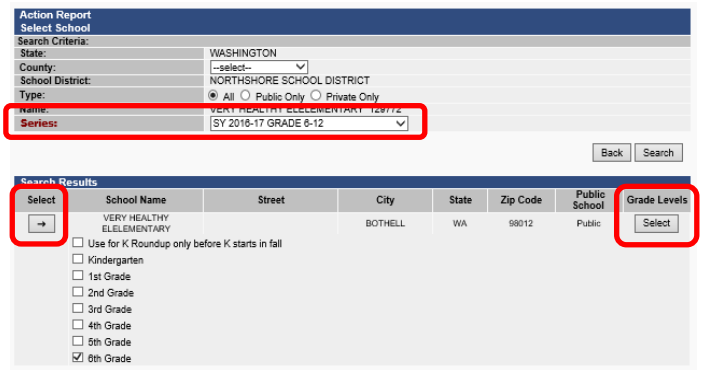


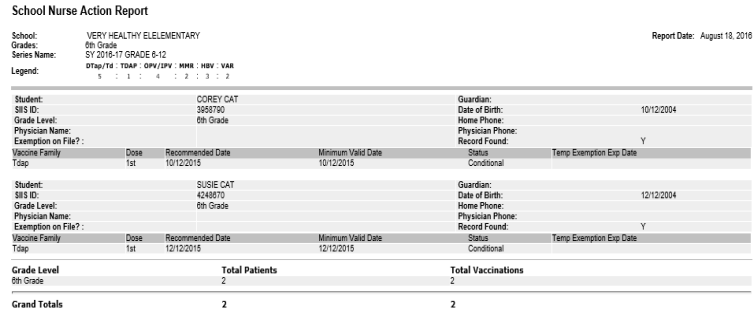
Action Report

Watch our tutorial on **the** [Action Report - Video]

This report lists students in *Out of Compliance* or *Conditional Status who have a vaccine due now or past due.*

- Select the **Series** rules to apply with the *dropdown list*.
- Click the **Select** button under the *Grade Levels* column to open the grade list then click the **Boxes** next to the *Grade Level* to check the grades in the compliance series and uncheck the grade levels with different requirements than the selected series.
- Click the **Arrow** button under *Select* to run the report.





Patient Detail Report

This report exports all of the student's vaccinations into a .csv file. See [Patient Detail Export Report Quick Reference Guide (School and Child Care Immunization Module (PDF)] for detailed instructions.

Action Report Notice/Letter

Watch our tutorial: Action Report/ Notice Letter Messages - Video

This report produces a letter, one per student, based upon the parameters selected. The following letters are available:

- **Conditional Letter**: Letter to parent/guardian stating that student is in conditional status.
- **Healthcare Provider Letter**: Letter to healthcare provider asking they enter immunizations into the IIS or send of list of immunizations to the School Nurse.
- **Missing Immunizations Letter**: Letter to parent/guardian of student out of compliance listing the missing immunizations.
- **Parent Letter Record Request**: Letter to parent/guardian requesting immunizations record or healthcare provider information.
- **Tdap Letter**: Letter to parent/guardian of students missing a Tdap immunization.

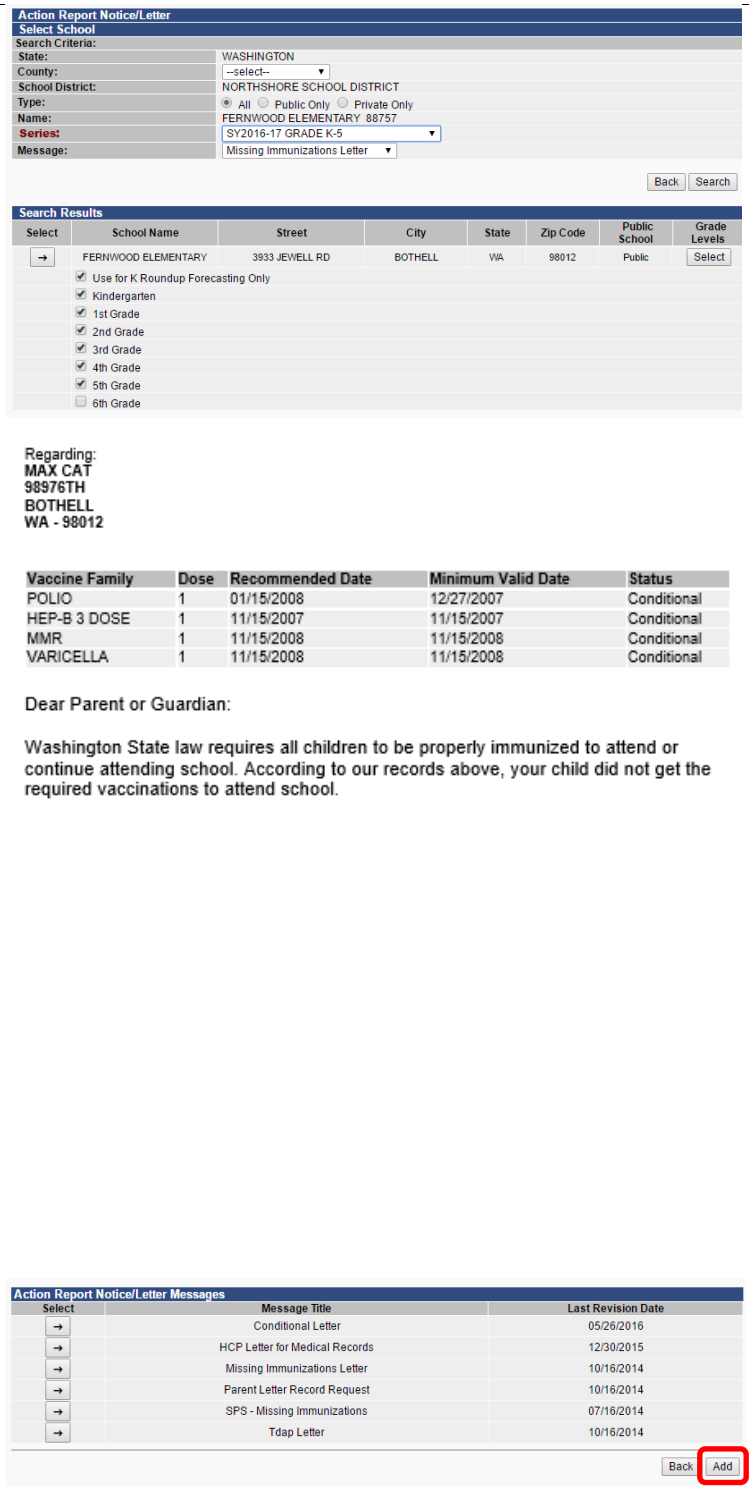
To Run the Letters

- Select the Series with the dropdown list.
- Select the desired Letter from the Message dropdown list.
- Click the Select button under the Grade Levels column to open the grade list then click the Boxes next to the Grade Level to check or uncheck the desired grade levels.
- Click the Arrow button under Select to run the report.

Action Report Notice/Letter Messages

This screen allows the user to add their own messages which they can edit. To edit the letters above copy the text into a new message.

- Click the Add button under Select for the desired report.
- Name the new message.
- Type text in the edit boxes.
- Click the Save button.



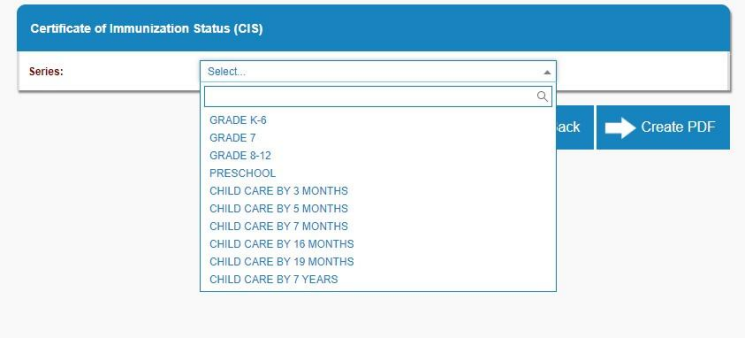
Certificate of Immunization Status (CIS)

Important Note **A CIS for a student does not need to be on file at your school If their immunizations are complete in the IIS and they are on your SCCIM Roster. Students who are *not* complete in the IIS must have a CIS on file at their school. Keep any immunization records and parent permission used to update the IIS in the student's file.**

Watch our video tutorial: Certification of Immunization Status / CIS - Video

This report will produce a Certificate of Immunization Status Report (CIS) for the student selected from the Search/Add screen.

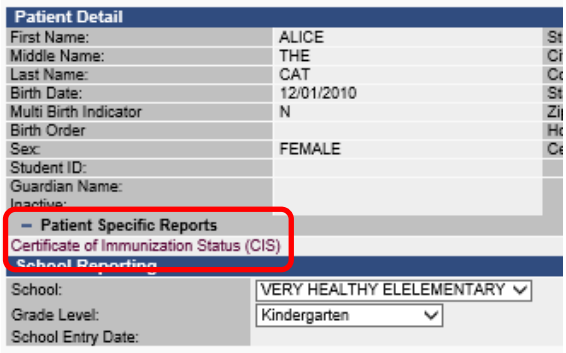
- Select the Series. Make sure it is the series that includes the student's grade
- Click Create PDF



A CIS can also be printed from the:

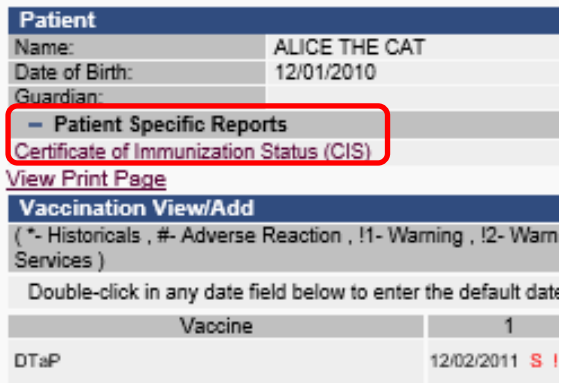
Demographics page

- *Click Demographics under Patient on the Main Menu.*
- *Click the + sign to the left of Patient Specific Reports at the bottom of the Patient Detail section.*
- *Select Certificate of Immunization Status (CIS) from the list.*



Vaccination View/Add page

- Click View/Add under Vaccinations on the Main Menu.
- Click the + sign to the left of Patient Specific Reports at the bottom of the Patient section.
- Select Certificate of Immunization Status (CIS) from the list.

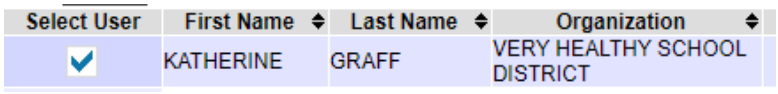


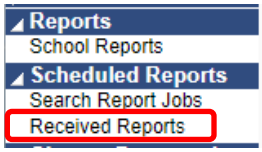
How to print the CIS from the Immunization Information System (PDF)

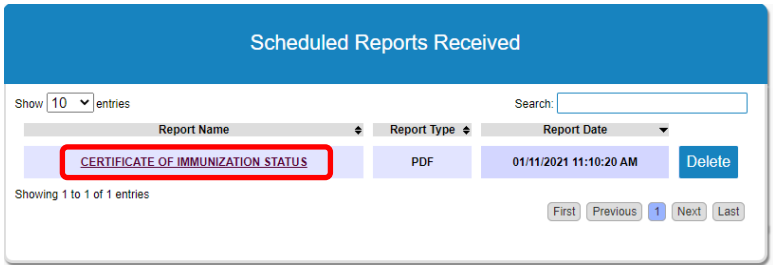
CIS Batch/Scheduled Reports

This report allows you to run CIS reports for multiple students at once.

- Click the Schedule button on the *Certificate of Immunization Status (CIS)* line in the School Reports screen.
- Select which grade levels and vaccine series you wish to run the CISs for.
- In the *Scheduler* section, enter when you want the report to run. Note: If you wish to run the report only once instead of scheduling it to run repeatedly, select the Run Now check box instead of entering a time.
- Enter your first and last names in the Search User section, then click Search.
- A list of users will populate in the search results.
- Click the checkbox next to your username.
- Click the Select Users button. This will move your username down to the *Selected Users* section.
- Click the Schedule button.
- If the report is successful, you will see the message “Report scheduled successfully” at the top of your screen.
- To view the CIS report, click Received Reports under the *Schedule Reports* section of the Main Menu.
- In the next screen, click the name of the report you wish to open. The reports will open in a new window.







Student Compliance Report

This report shows a complete overview of the vaccination status of students on a roster. The vaccination status is determined by the parameters set when running the report. It can be run for all the students who attend one school or a group of schools in the same district or. organization at one time. In addition to vaccination status, this report details each students' exemptions and immunity.

Select the School

This is only an option if you have access to multiple schools under your account. If your school is already selected under the "School:" section skip down to the instructions for selecting a grade.

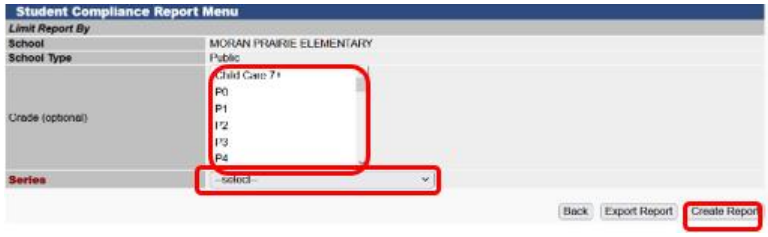
- To run this report for more than one school at a time but not all the schools you have access to click on the name of the first location and then hold down the ***ctrl*** key while clicking on the names of the other locations you wish to see.
- To run this report for all the schools in your program or district do not select a location under the school list section. Click on the **"–select—"** option at the top of the list making it highlighted gray.

Select the grade

- To run for one grade, select the grade you wish to see from the grade list.
- To run this report for multiple grades, click the first grade you wish to see. Next, hold down the ***"Ctrl"*** key on your keyboard. While holding down the ***"Ctrl"*** key click on the other grades you want to run the report for.
- To see all the grades at all your schools leave the grade section blank and do not click on any grade options.

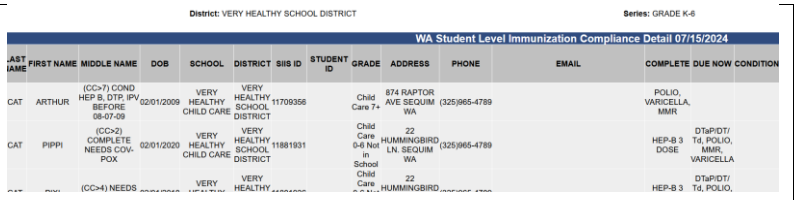
Select the Series

- Select the series by clicking on the series that aligns with the grades you are running the report for. You may need to run the report multiple times with different series/grades to get the correct status for students of different ages.



Create Report

- Click the ***"Export"*** button to open the report in Microsoft Excel. The report is most useful this way as you can then filter and sort the excel document and add in your own notes.
- Or click on the "***Create Report***" button to run the report in the Module.



School Compliance Report

This report gives a snapshot of the compliance totals for students at a school, district or group of schools in the same organization. It does not include individual student vaccination information.

It includes the total number and percent of students who are; *out of compliance, complete, in conditional status, due now for a vaccine, have exemptions, and the total students enrolled.*

For more information on this report please see the School Compliance Report Quick Reference Guide SCCIM (wa.gov)

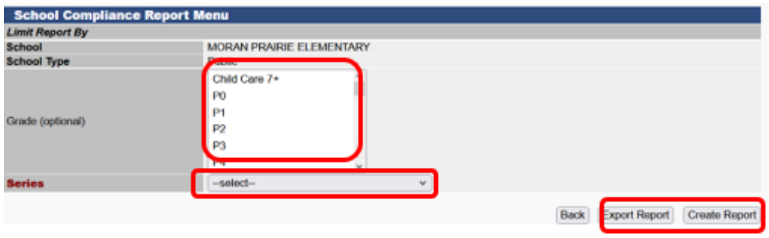
Select the School

This is only an option if you have access to multiple schools under your account. If your school is already selected under the "School:" section skip down to the instructions for selecting a grade.

- Click on the name of the school you would like to run the report for.
- To run this report for all the schools in your district or program do not select a location under the school type, make sure the bubble is checked next to "District".

Select the grade

- To run for one grade, select the grade you wish to see from the grade list.
- To run this report for multiple grades, but not all of them, click the first grade you wish to see. Next, hold down the "***Ctrl***" key on your keyboard. While holding down the "***Ctr***l" key click on the other grades you want to run the report for.
- To see all the grades at all your locations, leave the grade section blank and do not click on any grade options.



Select the Series

- Select the series by clicking on the series that aligns with the grades you are running the report for. You may need to run the report multiple times with different series/grades to get the correct status for children of different ages.

Create Report

- Click the "***Export***" button to open the report in Microsoft Excel. The report is most useful this way as you can then filter and sort the excel document and add in your own notes.
- Or click on the "***Create Report***" button to run the report in the Module.

Annual Immunization Reporting

An active user of the School and Child Care Immunization Module (SCCIM) (who keeps the Roster up to date and enters missing immunization dates and exemptions), does not have to file an Annual Immunization report.

For SCCIM users, the report will be pulled from the SCCIM on your behalf. To report through the Module, you need to make sure your rosters are up to date.

An up-to-date roster means that all students are listed on it in the correct grade and any students who no longer attend this school have been removed. All missing vaccinations, exemptions and evidence of immunity have been entered when you have parents' consent to do so.

As previously noted, do not use the "complete Annual School Report" or "WA Annual School Report – Print Blank Worksheet" from the reports page. These reports do not apply to Washington State.
More information on School Reporting can be found here: Public and Private K-12 Schools Immunization Reporting | Washington State Department of Health

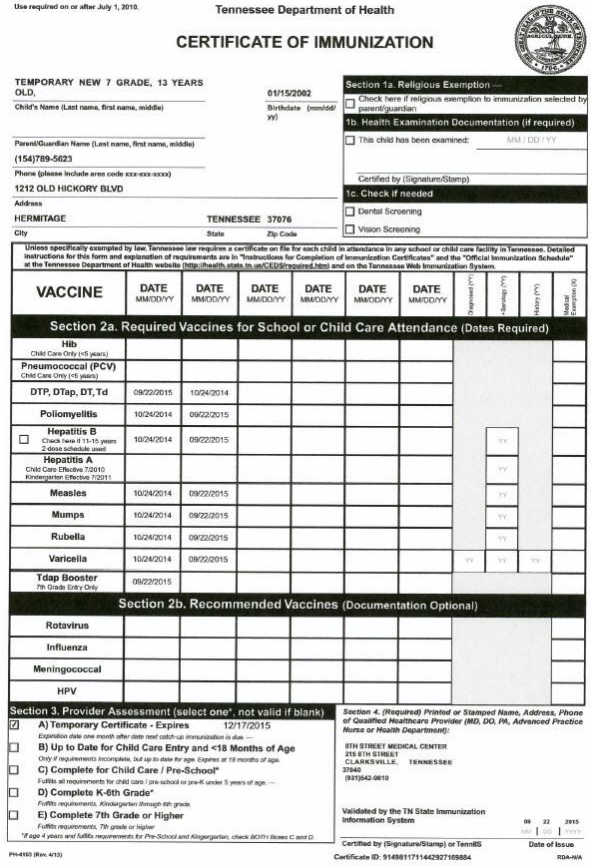
Immunization Record printed from a healthcare provider, clinic or hospital's Electronic Health Record with a written note or addition

Immunization Record printed from the WA IIS or the IIS of another state



Use required on or after July 1, 2010.

Tennessee Department of Health

CERTIFICATE OF IMMUNIZATION

TEMPORARY NEW 7 GRADE, 13 YEARS OLD,
Child's Name (Last name, first name, middle)

01/15/2002
Birthdate (mm/dd/yy)

Parent/Guardian Name (Last name, first name, middle)

(154)789-5623
Phone (please include area code xxx-xxx-xxxx)

1212 OLD HICKORY BLVD
Address

HERMITAGE TENNESSEE 37076
City State Zip Code

Section 1a. Religious Exemption
☐ Check here if religious exemption to immunization selected by parent/guardian

1b. Health Examination Documentation (if required)
☐ This child has been examined: MM / DD / YY
Certified by (Signature/Stamp)

1c. Check if needed
☐ Dental Screening
☐ Vision Screening

Unless specifically exempted by law, Tennessee law requires a certificate on file for each child in attendance in any school or child care facility in Tennessee. Detailed instructions for this form and explanation of requirements are in "Instructions for Completion of Immunization Certificates" and the "Official Immunization Schedule" at the Tennessee Department of Health website (http://health.state.tn.us/CEDS/required.htm) and on the Tennessee Web Immunization System.
