Children who get a health check-up each year do better in school.

Insured children in Washington can get a **free** health check-up every year.

Schedule a health check-up with your child's clinic today!

If you need help finding a clinic near you or have trouble scheduling a health check-up, call your insurance company. If you need help finding insurance, go to **wahealthplanfinder.org**.

A health check-up is important for **growth**, **development**, and **early detection;** and it helps kids with **learning success**.
