Test Menu Change Form

License type change:

You must complete a new application form if the new or deleted tests result in a change of license type. If the change does not result in a change to your license type, then email, mail, or fax this form to the address above.

Laboratory director change:

If the change in test menu results in a change of director, you must complete the [Credential Status Change Form](#).

Form Instructions: List the analyte/test name and manufacturer. Indicate if the test is waived, moderate or high complexity; whether the test is being added, deleted or updated for the MTS license; and the estimated annual test volume.

Your Information				
MTS Name				
Effective Date of Change				
MTS License #			Clinical Laboratory Improvement Amendments (CLIA) #	
Analyte/Test Name	Manufacturer	Test Complexity (W, M, or H)	Test Status (Add, Delete, or Update)	Estimated Annual Volume
