## License Requirements

### Requirements for All Applicants:

*The following are requirements for all applicants, including applicants for Administrator-in-Training Requirement, Endorsement, Administrator-in-Training Exemption or Temporary Permits. There are more requirements for each type of credential. Be sure that you are familiar with those requirements as well. (See below.)*

- Return completed application, along with the application fee.
- Official Transcripts that show you completed the requirements for a baccalaureate degree and show program completion date. The transcripts must come directly from your college or university to the Department of Health.
- Out-of-state Credential Verification Form. We must receive verification of your license and disciplinary action directly from each state in which you hold or have held a health care credential. We accept electronic verification in place of the form, when available.

### AIT Requirements:

*Becoming licensed through the administrator-in-training Program includes many steps. There are things you will need before you complete the application process, some that will take place during the AIT, and others once you complete the AIT process. Please review the [Administrator-in-Training Process Overview](#) before beginning this process.*

### In order to process your request you must provide the following:

- Requirements for “All Applicants” above.
- Preceptor letter form sent directly from the preceptor.
- For applicants who believe they meet the requirements for and wish to request a [reduced program](#), submit a request for the reduced program, including an outline of your education and experience that meet the requirements. Please also submit a copy of the job description(s) that qualify you for the reduced hour program.
- For applicants who are taking an AIT program in a facility of less than fifty beds, submit a plan to broaden the AIT experience with an equal percentage of experience in a larger facility.

**Once you have been approved for an AIT program, specifying the number of hours, you will be sent a Proposed AIT Program Form:**

- Complete the Proposed AIT Program form with your preceptor and return. See WAC 246-843-090 for the requirements of the AIT program. It is acceptable to visit other facilities as part of an AIT program. If you plan to work a portion of your AIT at another facility, please be sure to include this as part of your AIT plan.
- Complete and return the Project Report Proposal Form. Be sure to include all requested information.

**Once all documentation above has been received, you will be sent a letter stating that your AIT program is approved and indicating a start date. Do not start before you receive this letter. During the AIT program, submit the following:**

- Preceptor's Report and Evaluation of Training form quarterly per the schedule set forth on your approval letter. You must either send the original or your preceptor can submit it directly by e-mail.
- Progress Report form quarterly per the schedule set forth on your approval letter. You must either send the original or your preceptor can submit it directly by e-mail.
- Final Project Report sent by the date set forth on your approval letter.

**Your approval letter will give you the end date of the AIT program. As your AIT program concludes, the Department of health program manager will contact you to schedule a site visit with a member of the Board of Nursing Home Administrators.**

- Once your AIT program is complete, apply to the National Association of Long Term Care Administrators Board (NAB) for examination. You must pass the NAB examination before a license can be issued. Information about the NAB examination is located on their Web site at [www.nabweb.org](http://www.nabweb.org).

**NAB will receive approval for you to take the examination directly from the Department of Health and will submit scores directly to the Department of Health.**

### **Endorsement (Reciprocity) Requirements:**

*Administrators licensed in another state may qualify for licensure through endorsement if the other state has requirements substantially equivalent to the requirements in Washington State. This credential is issued to individual’s demonstrating membership in such church or denomination. The applicant employed by such institution is not required to demonstrate proficiency in any medical techniques or to meet any medical educational qualifications or medical standards not in accord with the remedial care and treatment provided in such institutions.
