BACKGROUND

The purpose of the United States Department of Agriculture Food and Nutrition Service (USDA-FNS) Farmers Market Nutrition Programs is to “provide resources in the form of fresh, nutritious, unprepared, locally grown fruits, vegetables and herbs from farmers markets and farm stores to women and children who are nutritionally at risk and who are participating in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC FMNP) as well as qualified low-income seniors through the Senior Farmers Market Nutrition Program (Senior FMNP)”. The purpose is also to expand the awareness, use of CVB’s, WIC FMNP and Senior FMNP benefits at farmers markets and farm stores.

The Department of Health (DOH), here after known as (Department) administers the WIC CVB and FMNP. The Revised Code of Washington ([RCW 43.70.700](#)), authorizes the Department to participate in WIC FMNP in compliance with [7CFR § 248](#). The Department of Social and Health Services (DSHS) administers Senior FMNP. The general authority of the DSHS to serve senior adults and administer the Senior FMNP in compliance with [7 CFR § 249](#).

Under an Interagency Agreement, the Department conducts the contracting, monitoring, and training activities for markets and growers for both programs. DSHS retains responsibility for distribution and reimbursement of Senior FMNP benefits. DSHS coordinates with the Department if DSHS discovers a Senior FMNP violation or requires anything from a grower or market for the purposes of the Senior FMNP program. The Department and DSHS affirm that the Department is fully responsible for the administration of authorized market and authorized grower agreements for both WIC CVB, FMNP and Senior FMNP. The Department will administer all grower or market violations and appeals, regardless of whether the violation arises under WIC FMNP or Senior FMNP.

WIC provides a WIC Cash Value Benefit (CVB) to participants for the purchase of fresh fruits and vegetables as part of their food package. Historically, the CVB benefit has allowed WIC participants to purchase these fruits and vegetables at authorized WIC vendors (grocery stores). This benefit can now be accepted at authorized farmers markets and farm stores by authorized growers.

THEREFORE, the Parties agree as follows:

1. EFFECTIVE DATE AND PERIOD OF PERFORMANCE:

- a. The effective date of this agreement and subsequent amendments, if any, is the date of execution. The date of execution is the last date of signature of the parties to this agreement.
- b. The period of performance is from the date of execution, and expires midnight December 31, 2026, unless sooner terminated as provided for by this agreement.
- c. This agreement may not exceed three years for day of execution.

- e. If funds for the FMNP from any source are withdrawn, reduced, or limited in any way during the term of this agreement, the Department may suspend performance of the agreement as an alternative to termination by giving notice of suspension and its effective date to contractor. During the period of suspension, the contractor shall not accept CVB’s and FMNP and SFMNP benefits. If the Department determines funding is sufficient to resume the agreement, the Department shall provide notice to or that the suspension has ended. The contractor shall resume program transactions in conformance with the agreement. The period of suspension does not change the expiration date of the agreement.
